

# A. N. Reeder Dies After Long Illness

Ambrose Noah Reeder, 57, life-long resident of Lake and Klamath counties and member of a prominent southern Oregon family, died at The Dalles April 3 following a lingering illness. Mr. Reeder was born September 17, 1888, at New Pine Creek, son of Mr. and Mrs. J. W. Reeder who settled in the Silver Lake area in the '80's. The elder Reeder died in May, 1916, his wife in June, 1927.

A. N. Reeder

Ambrose Reeder lived in New Pine Creek for a few years and then moved to Silver Lake, later coming to Klamath county in 1916. He was married at Silver Lake in 1914 to Bessie Maruska, who survives. For eight years, Mr. Reeder drove the mail stage between Bend and Paisley. He returned to Klamath Falls in 1935 and was employed as driver of the Henley school bus for five years. For several years he worked at the Earl Whitlock Funeral home and five months ago was admitted to the state tuberculosis hospital at The Dalles. Mrs. Reeder accompanied her husband north and was with him at the time of his death.

Final rites will be held Monday at 3 p. m., from Whitlock's chapel with interment in the Linkville cemetery. Rev. L. A. Myers, Mr. Reeder's brother-in-law and pastor of the Baptist church at Lakeview, will officiate.

In addition to his wife, Mr. Reeder is survived by four sons, Gerald N., Allen A. and Arliss D., all of this city; Sgt. Lyle W. Reeder, USA, Seattle; three daughters, Mrs. Mildred McKune and Mrs. Deleen Johns of this city and Mrs. Marie Eudally of Richland, Wash. Three brothers who survive are County Judge U. E. Reeder and P. D. Reeder, both of Klamath Falls, J. W. Reeder of Merrill, and one sister, Mrs. Lulu Myers of Lakeview.

## Three Children Die From Burns

KANSAS CITY, April 6 (AP)—Three children died from burns incurred in an early morning fire here today, and their parents and three sisters were hospitalized when flames swept a three-story frame rooming house.

The three were Herbert Howard Bellen Jr., 13; Martha, 7, and Harvey, 5, children of Mr. and Mrs. Herbert Bellen.

Visiting Here—Mrs. George Peterson of Portland, Maine, arrived here Wednesday morning to visit her brother, Orville E. Saunders, 1324 Johnson. Mrs. Peterson is vacationing on the coast with the producers of the show, "Oklahoma," now showing in San Francisco. Saunders operates the Cascade school of photography.

To Visit—Mrs. H. E. Peltz, former resident of this city, has arrived to make an extended visit with her son and daughter-in-law, Mr. and Mrs. Harry Peltz Jr., 723 Washington. Mrs. Peltz has spent the past year in Mountain View and San Francisco, Calif.

iced tea is colder than the ice used to cool it, since the addition of a solute lowers its freezing point.

A newly hatched bird weighs only about two-thirds as much as the fresh-laid egg.

## FUNERAL

MAGGIE ALICE BISTINE  
Funeral services for the late Maggie Alice Bistine, who passed away in this city on Saturday, April 6, 1946, will be held in the chapel of Ward's Klamath Funeral Home, 922 High, on Sunday, April 7, 1946 at 2 p. m. with Rev. Keith P. Fields of the Baptist church officiating. The remains will be forwarded to Calmar, Mo. for interment. Friends are respectfully invited to attend services.

## Uncle Bob's Eye

The operation was over but the inflammation had not gone down and the doctor feared for that eye and the good one also. So Uncle Bob told his friend and as the M.D. had done his part and with Uncle Bob in much pain, a word of prayer was in order—"Lord Jesus, Author and Giver of all life, we put Uncle Bob in your hands." Right there Uncle Bob broke in for the pain was lifted, and he made a beeline for the doctor who said the inflammation was out and the eye safe.

Answered Prayer—First God would see you as being guiltless. All the guilt of all your sins is written against you until you believe God, that Christ died for you and that His blood cleansed away all your sins. Settle on Christ's death as having cleared you, it is iniquity to reject Christ and—"if I regard iniquity in my heart, the Lord will not hear me." Ps. 66: 18.

AGAIN—Are you saved? If you still love the old sins, watch out. If any man be in Christ, he is a new creation. Old things have passed away and you have new urges. Now a promise—"Call unto me and I will answer thee and show thee great and mighty things that thou knowest not."—Bible, Jer. 33: 3.

# The Day's News

(Continued from Page One)

So his opinion of OPA is worth something.

IN closing, here is a slant at the OTHER kind of congressman.

A Washington dispatch this morning says:

"The house military committee flabbergasted the army today with this painless formula for continuing the draft—extend the law nine months but BAN INDUCTION of anyone BECOMING ELIGIBLE during that period."

The dispatch adds that this "novel proposal QUICKLY ATTRACTED FORMIDABLE SUPPORT!"

HERE is about the only comment that fits:

## Water System Said Illegal

COOS BAY, April 6 (AP)—The Coos Bay water district, which takes in this city and North Bend, has been declared illegal by Circuit Judge Dal M. King.

Water district commissioners plan to appeal to the state supreme court.

Judge King said amendments to state law show that legislators did not want cities to join in creating water districts because the city with heavier population could force a smaller one into the agreement. Last fall a Portland bond attorney questioned the district's legality, refusing to approve a \$675,000 issue to purchase and improve the system.

## Jilted Slayer Gets Light Jolt

ROME, April 6 (AP)—Miss Lydia Cirillo, described by her attorney as an "innocent victim of love," faced a prison term of four years and one month today for the fatal shooting of a British army captain who allegedly jilted her for a younger Italian woman.

Court spectators who had followed the trial avidly—applauding when her attorney appeared to have scored a point and sobbing loudly when Miss Cirillo broke into tears—cheered when she drew the minimum sentence yesterday for manslaughter.

The court ruled that she must serve three and a half years in a mental institution after completing her prison terms.

## Roads In Good Shape For Weekend Travel

SALEM, April 6 (AP)—Good road conditions for weekend travel were forecast Saturday by the state highway commission in its daily road bulletin.

Road conditions: Government Camp—Two inches new snow. 85 inches total snow. Packed snow on highway. Mileposts 54 to 10 on Wapinitia highway. Odell Lake—140 inches total snow. Road bare.

## Planet Display May Now Be Seen In Twilight Sky

By J. HUGH PRUETT  
Astronomer, Extension Division,  
Oregon Higher Educational  
System

The twilight skies of April are aglow with bright planets. Of the five that are conspicuous objects when in observable locations, all but one now dot the zodiacal band of early evening. Mercury alone is missing from this celestial array.

After an absence of nearly a year, Venus has recently returned to the evening sky. Many will remember the splendor of this bright planet during the Christmas season of 1944, when its brilliance seemed to vie with the combined light of all other of the starry hosts. In the deepening twilight, this radiant object may now again be seen well up in the west.

As spring advances, Venus will become brighter, appear

higher in the twilight sky and farther toward the north. Late in May, it will set well toward the northwest. By early August it will again be setting almost due west; and in November, just before finally leaving the evening sky for another absence of many months, will appear in the southeast.

Jupiter, the largest of all the planets, is now rising slightly south of east shortly after sunset. The brilliance of this world surpasses that of any other starlike object in the sky with the exception of Venus. Jupiter's lack of twinkling when near the horizon shows definitely that it is not a true star.

Mars and Saturn, still near each other, are now very high in the evening sky somewhat south of the zenith. As during the past several months, they are still tracing various figures with the nearby bright stars, Castor and Pollux. During this coming week, these four will form a varicolored, but somewhat awkward letter L. Yellow-white Castor, the dimmest of the four, will be at the top of the L; orange Pollux, somewhat brighter, lower down; and red Mars, still brighter, at the bend of the letter. At the right tip of the L, yellow Saturn, the most luminous of all, will complete the figure.

It will be most interesting to watch the movement of Mars from night to night. Within two weeks our letter L will be considerably deformed; a few weeks later, completely indistinguishable. Castor and Pollux are very distant suns of extremely high temperature; not planets, relatively nearby and cool.

The apparent luminosities of the planets under discussion give us no certain data regarding their comparative sizes. The brilliancies as we see them depend upon several factors: actual size, distance from both the sun and earth, surface reflection, etc. In equatorial diameter they may be arranged as follows: Mars, 4200 miles; Venus, 7600 miles; Saturn, 75,000 miles, and Jupiter, 89,000 miles. In distance outward from the sun, the naked-eye planets are in this order: Mercury, Venus, (earth), Mars, Jupiter and Saturn.

## Plans To Improve Fairgrounds Talked

Ideas for improving fairground facilities came under lively discussion last night at a meeting attended by representatives of rodeos, the Klamath Sheriff's posse, riding clubs and members of the fair board.

It was apparent that some dickering will be necessary to consider all groups in planning any extension of present facilities. All agreed, however, that a larger covered pavilion would be a commendable improvement for holding inside stock shows and exhibits and for winter horseback riding.

The ideas discussed will be referred to the original committee for fairground improvement, representing the Cal-Ore Hereford association, agricultural interests and 4-H club, interested in improving show facilities.

## KF Students Take Honors

(Continued from Page One)

McGillivray (junior division), saxophone, and Geraldine Lewis (junior division), clarinet.

Excellent ratings won by academy music students including girls chorus (juniors and seniors), girls vocal ensemble (juniors and seniors), Susan Gans, Patricia Clark, Lovetta McTaggart, piano; Geraldine Lewis, Harriet Laveau, Patricia Clark, Lovetta McTaggart, piano; Patricia O'Leary, Ellen O'Keefe, vocal; Good: girls vocal ensemble (freshman and sophomore), Ellen O'Keefe, Patricia Knoll, Darlene Smith, Joyce Deneault, Christina Flynn, piano; Dorothy Lund, Barbara Holmes, Susan Gans, Normedine Howell, vocal.

Judges were Walter Welke, head of the instrumental department, University of Washington; John Stehn, professor of music department, University of Oregon; Kenneth Hjelmervik, supervisor of music, Aberdeen, Wash., and Kenneth Shilling, head of the music department, Whitman college, Walla Walla, Wash.

Klamath Union high school is now ready for national competition in the opinion of Andy Loney, director of music education in the city schools. The National Competition festival is scheduled for Eugene, May 3 and 4, at McArthur court, University of Oregon campus.

Class A schools will participate, including those from all of Oregon parts of Washington and Idaho. Klamath Falls has not participated since Loney took over music direction here four years ago.

Loney pointed out that a great deal of expense is entailed in sending students to the national competition and fees would total something around \$125, and bus fare would cost in the neighborhood of \$250. Students, if they participate, would be housed at the Eugene and Osborne hotels and in private homes.

## 7 C Of C Directors Will Be Elected

First nominating ballots for electing seven members to serve on the Klamath County chamber of commerce board of directors, will be in the mail Monday, it was announced today.

Present membership of the chamber is 681, any seven of these names listed on the ballot may be checked and the ballot returned by April 15. Three days later, second ballot sheets will be mailed to members, with the 14 names receiving the most checks. These sheets must be back at the chamber of commerce by April 23. The seven names receiving the most checks in the final ballots will be installed on the new board April 24.

## 'Buck' Anderson In Serious Condition

O. T. "Buck" Anderson, well known Beatty rancher, is in a serious condition in Klamath Valley hospital where he recently underwent surgery for a ruptured appendix.

Anderson is owner of a string of race horses and has been active in various rodeos here.

## Navy Announces Discharge Plan

WASHINGTON, April 6 (AP)—The navy announced today its plans for winding up demobilization by September 1.

Beginning July 1, when critical scores for naval reservists will have reached the final low point personnel will be started for separation centers in four quotas, with all to be at the centers by August 20 for processing and separation. Insofar as practicable, highest point personnel will go first.

The plan covers all personnel except those signing for extended service, completing special assignments, under medical treatment, in disciplinary status, officers awaiting transfer to the regular navy, medical officers with unexpired internships and personnel of V-5 and V-8 programs or in the aviation preparatory program.

## Ranks Of Idle Mount Higher

By The Associated Press  
The ranks of the idle because of labor disputes moved toward the 800,000 mark today as current work stoppages forced thousands of workers to leave their jobs and new strikes threatened.

On the credit side of the labor strife was the hope held for the ending of two long strikes involving more than 100,000 workers in plants of the Westinghouse Electric company and the International Harvester company. About 787,000 remained idle throughout the country because of labor disputes.

The six-day-old work stoppage by 400,000 AFL soft coal miners brought curtailed business in the steel mills and railroads and at least 12,000 workers in those two industries were made idle. They included 8000 in U. S. Steel corporation subsidiaries and more than 4000 on coal-carrying railroads.

In Detroit, where a transportation strike continued for the sixth day, approximately 51,000 auto plant workers in the motor city area were idle because of work stoppages and parts and materials shortages. A strike of 115 CIO United Auto Workers union truck drivers at the Briggs Manufacturing company's Mack avenue plant resulted in 12,000 workers being sent home.

## Concert Tickets Reported Sold Out

Klamath Community concert association tickets were sold out at noon today as the season campaign closed Saturday. Mrs. Winnifred K. Gillen, sales chairman, reported an exceptionally good response to the campaign conducted this past week.

The first concert will be presented late in October with Bidu Sayo, top-ranking opera soprano as the first of a series of artists to appear on the Pelican theatre stage. Other artists will be announced later.

George McIntyre is president of the association.

## April 6 Honors Services Rendered By Army Troops

Today is Army Day. Since 1918, the day of April 6, has been set aside to commemorate the services rendered by the U. S. Army. Prominent in activities observed this year is the part the army played in obtaining the victory in World War II.

Whereas the U. S. Army has been given the job of acting as "Guardian of Victory," in lands which are being occupied following World War II, Gov. Earl Snel has proclaimed April as army recruiting month.

The blue arrows seen around town are part of the recruiting campaign and point the way to the local U. S. Army recruiting office, where all information regarding army service may be obtained.

The colorful history of the army includes surveying, construction and management of well known railroads by army engineers, building the old Cumberland Pike, erecting the Washington monument, constructing

the Alaskan cable and the yellow fever, developing the airplane, spray fields and other chemical warfare devices.

The army medical sectioned the brain of a notorious nazi. Achievements, science, research and fare are part of the peacetime army which will continue together, protecting our interests in places.

Major John M. U. S. Army recruiting Klamath Falls post being, will gladly answer questions regarding this branch of service.
