An enthusiastic group of boys and parents attended the first regular meeting of Cub pack No. 40, held last Wednesday evening at the grange hall.

The local pack was put more or less in an embarrassing position because of its cubmaster, Winnifred Gooch, being unable to attend. Thus a planned program was lacking. But thanks to Harold Talley and Kenneth Peterson of the Modoc area Boy Scout council, who did the pinch-hitting with the help of three Lakeview Cub dens and their den mothers, Mrs. Madeline Wiman, Mrs. Kenneth Peterson and Mrs. Wingard, a very fruitful evening resulted.

The Lakeview pack brought down exhibits of their work which was stimulating to the newly organized local pack. They also put on several demonstrations of how the Cubs learn to work together. Most of the visiting Cubs were in uniform.

Mr. Peterson showed some pictures of "Cubbing at Work," which gave all those who had not seen them before a better understanding of the work.

After the meeting, the Lakeview leaders helped the local den mothers, Mrs. Bonnie Tuxhorn and Mrs. Corda Perry, as well as the members of the pack committee get lined out with their weekly programs. The next pack meeting will be the fourth Wednesday of April, which comes on the 24th.

# Photo Studio Changes Hands

LAKEVIEW, April 8—A deal was closed this week in which Max Phelps, recently discharged from the army air corps, purchased Getty's photo studio from Mark Getty, proprietor for the past 30 years. The Gettys came to Lakeview in 1909, leaving in 1911 and returning to the community in 1915 when Getty opened his studio business, to which he has devoted all his time and efforts to build up in this community.

Phelps graduated from Lakeview high school in 1939. For the past 10 years he has been interested in photography as an amateur, and following his discharge from the air corps last year has spent six months in photography work in Klamath Falls and Redding.

Phelps left Monday for San Francisco on a buying trip for his new business, and in about three weeks will re-open the studio.
