PURE
Vanilla

Your cakes, after baking, still have that delicious flavor—if you use Schilling *pure* Vanilla. Flavor won't bake out.

Schilling

A black and white line drawing of a slice of cake. The cake has three layers with a dotted pattern representing frosting or filling. It is topped with a swirl of frosting. The slice is resting on a rectangular napkin with a decorative border. Several short, radiating lines are drawn around the top of the cake slice, suggesting it is fresh or fragrant.

A black and white photograph of a large dam with multiple spillways, set against a backdrop of a forested mountain. In the foreground, a tilted sign reads "YOU OWN A RIVER...".

THE GRANGE in Oregon long has been the foremost exponent of the principle that the mighty Columbia river and its tributaries belong to the people—all the people—and should be developed for their benefit.

The hydro-electric energy of these streams is our greatest Northwest resource and should be made available to all. Through its sponsorship of People's Utility Districts, rural electrification cooperatives and municipal ownership of public utilities, the Grange is progressing toward its goal of bringing low-cost light and power to every Northwest home and industry.

Projects of this nature are as vital a part of Grange activities as better agriculture itself. That is why 28,000 progressive farmers belong to the Oregon State Grange — why membership continues to grow — why the Grange is a dominant force for social progress.

Information about the purpose and accomplishments of the Oregon State Grange is contained in a booklet "Let's Look at the Record". Contact your local Grange for copy, or write direct.
