

Grange Asks Fair Board Revision

Urging that policies of the Klamath county fair board be revised so that facilities of the fairgrounds be organized to the end that the public receive direct benefit, members of the Shasta View grange Thursday night drew up a resolution signed by Earl F. Jones, master, and D. L. Wryn, secretary.

The resolution was presented to the Klamath county court, the fair board, The Herald and News, radio stations KFLW and KFJL, Pomona grange, Suburban league, chamber of commerce and PTA groups.

The grange charged that aside from 4-H clubs, private and semi-private interests have largely benefited from use of the fairgrounds and buildings and private gain, rather than agricultural betterment, and other public activities have been fostered.

It was resolved that adequate charges and rentals of the fairgrounds for private uses where individuals profit, be made to the end that the burden of maintenance be borne by such interests and that buildings and grounds be so arranged and changed in a long range program of public use to serve the greatest number.

Adequate Program

The grange urged an adequate recreational program to encourage use of the grounds by young people, increased facilities such as ball parks, tennis courts, and that a portion of the exhibit building be partitioned off and equipped for community or county-wide use of non-profit organizations or any community gathering under responsible leadership. Such facility, it was suggested, be on a basis of cost.

It was also suggested that a park be created for use of the public including that portion of the grounds facing S. 6th to eliminate the unsightly appearance of the present fairgrounds.

The grange further suggested that an adequate program be provided to provide first class maintenance of the fairgrounds.

Senate Divided On A-Bomb Tests

WASHINGTON, April 13 (AP)—The senate split wide open today over the question of holding—or cancelling—the Bikini atom bomb tests despite President Truman's statement that the experiments are of vital importance to national defense.

Senator Lucas (D-Ill.), leading a fight for abandonment of the tests, told reporters he fears that if the bombs explode on schedule the world may obtain some valuable information it otherwise would not get on American military power.

The Illinois senator indicated he believed it would be better for all concerned if the extent of the damage that can be inflicted by A-bombs on naval vessels remains an unsettled question until the world gets farther along the road to peace.

Peron Inauguration Scheduled In June

BUENOS AIRES, April 13 (AP)—Col. Juan Peron probably will be inaugurated for his six-year term as Argentina's 29th president between June 4 and June 20, Gen. Felipe Urdapilleta, minister of the interior, has announced.

He said the national congress would meet in the latter part of May.

Man Perishes In 2-Room Cabin Blaze

ASTORIA, April 13 (AP)—Andrew Holgren, 50, died yesterday in a blaze which razed a two-room cabin and left another fisherman, Bruno Scholman, 55, with critical burns.

We would much rather tell you that you are covered than that we are sorry. Insure your car with Hans Norland now—123 N. 6th St.

Gets Movie Role

Not long ago Chicago photographers named Shirley Molohon (above) "Miss Photoflash of 1946," and now she has signed a film contract in Hollywood with Columbia studio. This is how she looks after studio make-up men applied the Hollywood touch.—AP wirephoto.

Paroled Forger Out As Juror

George W. Grissell, 40 (left), was removed from the jury hearing the forgery trial of Alfred L. Cline in San Francisco after his admission of having served terms in two California prisons for forgery, burglary and parole violations. Police Inspector Lloyd Kelly is at right.—AP wirephoto.

Mays To Head Rotary Club

LAKEVIEW, April 13—At the Rotary club assembly and board of directors meeting held at Hunter's lodge Tuesday evening, Larry K. Mays, Fremont Forest supervisor, was elected president of the organization for the coming year. Mays, who at present is in Washington on business connected with the forest service, succeeds E. G. Favell, who piloted the club through one of its most successful years.

Other officers named Tuesday evening were Rev. Albert E. Place, vice president; Ed MacKay, secretary, and Carl Pendleton, treasurer.

A committee composed of Rev. Place, Lon Denio, Ray Harlan, Larry Fitzgerald and Harry Utley was named to round out a program for another Rotary-Arne night some time in June.

The board of directors discussed possible ways of getting medical aid, particularly orthodontic treatment, for those not already covered by some existing funds. The matter of securing the services of a doctor who specializes in such cases to make regular visits to Lakeview was discussed, along with methods of financing his services.

The club also decided to take positive action in support of the town council on its street paving program.

WOUND FATAL

PORTLAND, April 13 (AP)—Dr. Robert E. Osterman, 62, Portland dentist, died today in a hospital from the effects of a pistol wound.

He was found shot at his home Tuesday.

Not Yet, Sister

KAIYUAN, Manchuria, April 13 (AP)—When an American correspondent entered a tea shop in this remote central Manchuria city, he was handed a menu printed in English.

Asked whether there were English-speaking people in the community, the waitress said the correspondent was the first ever to enter the shop.

"Then why," he asked, "do you have a menu in English?"

"Because," came the response, "the American army is coming."

The entire shop personnel was obviously downcast when told the Americans were not coming.

The typewriter was invented by a Dane, Malling Hansen.

Crater lake lies more than 2000 feet below the top of an extinct crater.

The word gospel formerly meant good story or glad tidings.
