Toward Success

By EARL WHITLOCK

If, as many wise men say, to be successful is to be happy in your work, then the advice of an old-fashioned country doctor is pertinent. The doctor says that whenever youngsters come to him seeking advice, wondering if they should study medicine, he always tells them "No."

"But why?" they ask. "Are you sorry you are a doctor?"

"No, indeed," he replies.

"Then why do you advise against it?"

"Because you cannot hope to become a good doctor unless you are dead sure, without asking anybody, that no other profession could satisfy you."

And I guess that what the good doctor says about medicine is to an extent true about every other line of work. No occupation is perfect. No man is perfect. But the folks who come closest to gaining happiness and success in their work are those who feel that no other means of expressing themselves could give them complete satisfaction.

"VISIT MEMORY GARDEN"

Next Saturday Mr. Whitlock, of the Earl Whitlock Funeral Home, will comment on "Thoughts for Easter"

WHEAT

CHICAGO, April 15 (AP)—Varying demand kept the price of May rye well ahead most of the time today, but oats generally were neglected after initial transactions.

A report from Washington around noon that the Pace higher parity bill appeared to have a good chance of passage by congress whipped up a renewed flurry of May rye buying and quotations at one time were 4½ cents a bushel above Saturday's close.

Demand had been fairly strong for the grain all day in view of the continued tight cash situation and an unconfined report that shipments were moving to the eastern seaboard, probably to be as much as 30 cents or more a bushel over the May futures price.

Cash prices for rye last week were ly for export.

After some scattered oats buying at the start on a higher cotton trend and the possibility that UNRRA would buy oats as a substitute for wheat in the export program, the price for all deliveries eased off with demand and held barley steady most of the time thereafter.

Wheat, corn and barley finished again at ceilings of $1.83½, $1.21½, and $1.26½, respectively. Oats were ⅛ cent higher to ⅛ cent lower than Saturday's close, May 83-cent ceiling; rye unchanged to 4 cents up, May $2.44-2.45.
