

Pine Grove School To Be Utilized

(Continued from Page One)

fried chicken and four-layer cakes, all were held in the school.

There were no telephones in the '80s and '90s, and notes were sent home by children or the word of mouth method was used to advertise a gathering.

The notes always gave the time as "early candlelight," not 7 or 7:30.

Entertainment

One long-time resident remembered with delight the "wagon shows" which went through the country and stopped at the school. Sometimes it was a man with a trained dog and another time it might be a sleight-of-hand artist who provided virtually all the entertainment Pine Grovers were apt to see outside of what they arranged for themselves.

The one-room school, a building approximately 18 by 30 feet, was ruled over by one teacher. In the center was an old box wood stove. The youngsters who sat close by were virtually fried as the stove roared out its heat in the cold winter days. The boys and girls on the outer fringe were near to freezing. Water was carried daily from the old Shreeve place across from the Gooding ranch, now a part of the Andrew Collier and Brumbaugh places. Bigger boys in the school toted the water in buckets.

Big families were the rule in those days. Sometimes six, seven or eight children from one family answered roll call in the morning. There were no grades, the classes went by "reader," "you were in the 'first reader,'" "second reader" and so on.

A regular program of athletics was unknown. The big boys played ball during the proper season and it was a common sight to see a large fellow, with one of the "first readers" on his shoulder as a handicap, swat the ball and run for first base.

There was a little fuss in the community during the trial of the old school. Some of the basis of the quarrel have been lost with the years but the fact remains that one side in the argument got busy during the night, hitched up the horses, put the little building on skids and moved it closer to the road and at a location where it remained undisturbed for years.

Early Day Teachers
One of the early day teachers of the old school was Katie Grigsby Dennis, sister of B. S. "Back" Grigsby of this city. Another teacher was a Mrs. Thorpe who later married a Jim Cooper. The late Judge John S. Orr was another of the early teachers and there was a Mr. Getty about whom there was quite a scandal. Members of the board learned that Mr. Getty SMOKED and he was fired without much ado. Pine Grove youngsters were not to be exposed to vice.

Church was held every Sunday morning. Some of the early ministers were J. W. Bryant, (father of Mrs. Will Wood of this city), Uncle John Hunsaker, J. P. Lee, (father of Mrs. A. J. Vove and Mrs. Fred Schallack), J. B. Griffith, (father of Mrs. Ira Orem), a Rev. Frank Wallace, whose widow, now 77 years of age, is spending her last years in Fresno where she is writing

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys
If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisons from the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

a history of Klamath county of 50 years ago.

Outgrows Building
Early in this century the school was found to have outgrown the little building. In 1908, the present building was put under construction. The land was bought from N. I. J. Beaughan by school district No. 11.

Over the years some teachers of both the old and new Pine Grove schools have been George Otfield of Merrill, Ida Campbell Gerber, Stella Campbell Bowne, the late William F. B. Chase, the late Mrs. Harry E. (Edna Wells) Ackley, Mrs. Ida Grigsby Grimes, the late Charles R. DeLap, Ella T. Maguire, Augusta Puckett, Jennie Sevcik, Josephine Penrod, Mrs. Norma Reeder and Mary McComb.

Among the old families of the county who sent their children to Pine Grove school before the turn of the century and shortly after were the "Back" Grigsby girls, the J. A. Short family, the Richard Melhase girls, the Lows, of which Sheriff Lloyd L. Low is a well-known member of that family, the Charles R. DeLap children, the Bryant girls of whom Mrs. Sally Wood is one, the Webb children, Otis and Delbert; the Rowley family, including Alva, Ivan, Sylvan and Grace; the G. W. J. Wilson boys, the Henleys, Arants and Griffiths, and Archie Coulson, Mrs. Charles Drew, Mrs. Alma Short Newton, Cena Casey and scores of others.

Sold Property
The Klamath county school district sold the property April 5, 1944, to Mrs. Louise Hathaway of this city who, in turn, sold it a short time ago to Glenn W. Wright of Post valley from whom Brumbaugh purchased the building and adjacent land. School was last held at Pine Grove in the spring of 1936. The teacher was Echo Smith. Then the kids started going to Henley.

It's nice to know that the old Pine Grove school which saw so much joy and sorrow in the past years is to be preserved.

Mickey Owen In Mex Lineup
MEXICO CITY, April 18 (AP) Mickey Owen, who jumped the Brooklyn Dodgers, will start earning his \$15,000 a year salary today behind the platter for the Vera Cruz Blues as they open a three-game series against Monterrey.

It will be Owen's first appearance in a game and an enthusiastic welcome is expected from fans at Delta park. Game time is 11:30 a. m. (CST).

Sal Maglie, former New York Giants pitcher, who reported to Puebla Monday probably will go on the mound in his first time today when Puebla takes on San Luis Potosi on their home grounds. Maglie will do his stuff for \$13,000 a year.

two strangers at the King street station. The man who held the big bet disappeared, followed by the other man.

Police Launch Search For Boy
City police, state police and the juvenile office were asked to locate 13-year-old Laurence Davis, Fremont junior high student, who left the home of his aunt and guardian, Dorothy Smith, 303 Pine, early Wednesday morning and late Wednesday had not returned home.

The boy, an orphan, had made his home with Miss Smith for the past two years. They came here recently from Washington state and she may have gone to visit a cousin with whom he lived at one time.

Miss Smith, however, advised police officers and juvenile authorities, that she thinks Laurence is with an old man whom he met at a bowling alley. The man, the aunt said, had promised the boy cowboy clothes and gifts if he could adopt him.

The juvenile office, checking on the man's whereabouts, said he had drawn pay coming to him from the Southern Pacific and had not reported back to work today. He is said to have left a note for the boy at his hotel where he checked out but left some luggage.

Laurence is 5 feet 4 inches tall, weighs 110 pounds, has medium brown hair, large blue eyes and freckled face.

Coal Parley Ends In Rift

WASHINGTON, April 18 (AP) Bituminous coal operations today notified Labor Secretary Schwelmbach they are going home after waiting nine days for resumption of contract negotiations with the United Mine Workers.

U.M.W. President John L. Lewis broke off the negotiations on April 10, declaring further conversation would be "futile" because the operators refused to commit themselves on his mine safety and health and welfare fund proposals. The operators told Schwelmbach they would return to
