Hoover has been touring Europe as honorary chairman of the famine emergency committee. He is now in Cairo and had been expected to go from there to India, China and Japan. Mr. Truman proposed in a telegram to Hoover that he return to the

Famous Cereal Brought Relief When Medicines Failed

If you need constipation relief, read this sincere, unsolicited letter:

"Pardon me for writing this unsolicited letter, but I must praise Kellogg's All-Bran for the relief it brought me when medicines failed. I suffered from constipation for 40 years. About 2 months ago I began eating All-Bran every day. Now I no longer suffer from constipation and I get up in the morning feeling like doing a day's work. I am 78 years old." Mrs. Effie C. Spurgeon, R-2, Montrose, Missouri.

You, too, may never have to take another harsh laxative for constipation due to lack of bulk in the diet—if you eat KELLOGG'S ALL-BRAN every day, and drink plenty of water. Try it for ten days. If not completely satisfied, send empty carton to Kellogg Company, Battle Creek, Michigan. Get double your money back.

ALL-BRAN is not a purgative. It's a wholesome and nutritious cereal that provides gentle bulk helpful to normal bowel movements.

Get ALL-BRAN at your grocer's. Made by Kellogg's of Battle Creek and Omaha.

MALIN, April 18—The parliamentary team of the Future Farmers of America, Albany high school chapter took first place in state competition at Salem last week. No second or third ratings were announced. Malin chapter, winner in a number of past district and state events, was represented by Bob Victorine, president; George Spolek, vice president; Bob Cantrill, treasurer; John Saunders, secretary and Jack Lindsay, reporter. They were accompanied north by A. E. Street, advisor.

In addition the local chapter had as delegates Leo Libolt and Corky Ellis, who introduced several motions during the two days' business session. The meeting held April 12 and 13 was concluded with a banquet.

The chapter is winding up plans for the big fishing and camping trip that follows the end of school and the destination will probably be Diamond Lake. Twenty-four boys are enrolled in the chapter.

Mr. Truman also appealed to farmers, grain cooperatives and other handlers of wheat to help make the "wheat certificate plan" work and get the grain from farms to ships.

The plan will permit farmers to obtain certificates for delivery of grain but receive pay for it at some later date at the price then in effect.

In a telegram to N. W. Thatcher, president of the National Federation of Grain Cooperatives, St. Paul, Mr. Truman said:

"I want all farmers in the northwest and in the nation to know that their government is earnestly backing the program of sending wheat abroad to help those people who now are facing the dangers of mass famine. The wheat certificate plan, if widely accepted by farmers, can become a powerful instrument in getting wheat off the farms into ships for export."

British, Canadian and U. S. representatives at the combined food board met yesterday but failed to agree on what each country should do to provide more wheat and flour for relief feeding.
