

IWA Seeks Assistance Of Truman

PORTLAND, Ore., April 19 (AP)—President Truman's aid has been sought by the CIO International Woodworkers of America, whose president asserted that Douglas fir and western pine employers are trying to "provoke a strike."

President James E. Fadling declared the operators are "insisting on the elimination of virtually all contract provisions negotiated long before the war." Asking Truman to help untangle the "snarled lumber situation," he urged study of a forest program suggested by Ellery Foster, union research director. This calls for government aid to operators, enforcement of sustained timber yield, and federal help in wood waste development.

Higher Pay Needed
Lumber prices are "completely out of line," Fadling said, and have been boosted much higher than wage increases to industry workers. Higher pay is needed to recruit sufficient labor, especially in "low-wage forest regions of the south central and southwestern states," he asserted.

In this area the IWA wants an increase from \$1.05 an hour to \$1.17 a minimum. The common labor minimum rose from 90 cents to \$1.05 last year.

Fadling accused some parts of the industry of deliberately holding back on production. "The industry's incentive to produce is greatly reduced by provisions of the carry-back-forward tax law," he said. Under this law, he explained, operators can collect without producing and at the same time save their taxes "for the day when price ceilings will be lifted altogether or further modified."

Parents Protest 'Rough' Treatment

TACOMA, Wash., April 19 (AP)—City School Superintendent Howard R. Gould said today striking junior high school students and their parents entered an objection at a school board meeting last night to what they termed "rough" treatment by Principal C. A. Payne of Robert Gray junior high.

Gould said he promised an investigation, but reminded the parents that it is permissible in this state for a principal to spank a child on the "proper spot."

Students struck two days ago over the transfer of John Kovack, physical education instructor, to another Tacoma school. Some 200 students appeared at the school yesterday with placards demanding Kovack's return and Payne's dismissal, and were dispersed by police.

A cockroach gets an entire new skin seven times before it matures.

Coal was not mined commercially in the United States until 1750.

The children are Maria Antonia (left), 8, and Maria Theresa, 9. (AP Wirephoto)

News PTA Notes

Klamath County Council
The Klamath County council of PTA will meet at 1:30 p. m. Monday in Fremont school to complete convention plans. Each unit is asked to bring the names and addresses of its newly-elected officers.

Fairview
Fairview dads were in charge of the PTA Father's Night program, Thursday, April 11. This was the first meeting of its kind to be held since before the war. Patricia Fisher of the fourth grade led the group in the flag salute. The guest speakers were introduced by Ronald Fisher.

Frank Jenkins spoke on opportunity in the United States as compared to Europe. He told of the famine condition in Europe as he had seen it and convinced the group that one day a week on a 1500 calorie diet for American families could do some good toward feeding European people.

Dave Hess talked on radio and how stations operate efficiently. He demonstrated the improvement in the new type of equipment over the old.

Harold Shaffer was in charge of the business meeting. Roland Thompson was secretary. Reports were given by Don Harlan, Ray Worden, Faye Pfeiffer, and Tom Lawrence.

True to the spirit of the evening, Stephen Mosher's seventh grade won the room count. At the close of the evening, Ronald Fisher presented awards to Harry Todd, Mrs. Wendell Smith and Tom Lawrence.

Hugh Estes then took over and held an old-fashioned spell down for the dads. Don Harlan and Walter Fleet successfully spelled down all the others and each received a half-pound of butter as a reward.

Afterward, a box lunch, with coffee served by the refreshment committee was enjoyed.

Roosevelt
Election of officers was featured at the Roosevelt PTA meeting Tuesday, April 16, at 2:30 p. m. in the school auditorium. Officers will be installed at the next meeting. They are Mrs. George Conroy, president; Mrs. J. H. Houston, first vice president; Mrs. A. L. Brandt, second vice president; Mrs. Paul M. Deller, third vice president; Mrs. George Clark, secretary, and Mrs. Homer Ellis, treasurer.

Mrs. Dickerson's seventh grade presented a humorous play entitled, "You May Stay After School." The Roosevelt school music contestants played the numbers they played in the contest. Jean Adams played the piano, and Charles Norland, the drums.

Father's Night will be held Thursday, April 25, at 7:30 p. m. The lower grades will present a program in the form of a circus. The upper grade children will assist with a fish pond, white elephant sale, and refreshments.

Refreshments were served by Mrs. M. B. Houser and Mrs. Delbert Addison.

The thigh bone is the longest and strongest in the human body.

Rakirs are religious mendicants, common to all creeds in India.

Fairhaven
At an impressive ceremony, the newly-elected officers of the Fairhaven Parent-Teachers association were installed Friday, April 12. Mrs. Frank Peyton, past county council president and installing officer, was introduced by Mrs. Melvin Gallaspy. Corsages made of colorful handkerchiefs were presented to the newly-elected officers by Mrs. Peyton. Those who will serve for the coming year are Mrs. George McKinney, president; Mrs. Frank Husted, first vice president; Mrs. Lincoln Letzke, second vice president; Mrs. Ed Hickman, secretary; Mrs. T. G. Zinn, treasurer.

In appreciation of her untiring efforts and splendid leadership, Mrs. Ed Franklin, retiring president, was presented with a gift from the members of the association.

Mrs. Rose O'Leary's seventh grade won the room count for having the largest number of parents and friends present.

The history of the PTA for the past year was read by Mrs. Lee Holliday, historian. Harold Ashley from the county superintendent's office showed some very beautiful colored pictures taken by himself in various places throughout the state which were enjoyed by those present.

Preceding the meeting, a potluck dinner was served in the school cafeteria. Bowls of daffodils and pussywillows, and colorful Easter baskets filled with colored eggs were used to decorate the tables. Place cards carrying out the Easter motif marked places for approximately 50 guests. Mrs. Lincoln Letzke was chairman of the committee arranging the dinner and was assisted by Mrs. George McKinney, Mrs. Melvin Gallaspy and Mrs. Ed Franklin. Three eighth

grade girls also assisted the hostesses. They were Joyce Olson, June Kidd and Gertrude Dorrell.

Joseph Conger
The Joseph Conger PTA met Wednesday, April 10. Officers serving next year will be Mrs. Ray Keller, president; Mrs. Glen Brumble, vice president; Mrs. C. E. Meritt, treasurer, and Mrs. Herb Buker, secretary.

Mrs. R. L. Lauderdale was asked to be chairman for the summer round-up of pre-school children. This program will include an invitation to visit school and a party for the children entering the first grade next fall as well as an opportunity for a health check-up by the school nurse for those who wish it. Mrs. Elmer Wade and Mrs. Herb Buker will assist Mrs. Lauderdale.

Mrs. Thomas C. Parker of the Klamath County Public Health association presented the film, "Sex in Life." She stressed the need for parents to educate themselves in social hygiene so that they may teach their children.

Refreshments were served by Mrs. M. B. Houser and Mrs. Delbert Addison.

The thigh bone is the longest and strongest in the human body.

Mother Slain

Three-year-old Florence Warno of Staten Island, New York, sobs at Winfield, N. J., after First Assistant Union County Prosecutor Edward Cohn said her mother, Mrs. George Warno, had been slain by Walter Fizer, 31, the mother's brother-in-law. Cohn said Fizer killed his wife, her sister and their mother and then killed himself. (AP Wirephoto)

State Construction Program Inaugurated

SALEM, April 19 (AP)—The \$10,000,000 building program for state institutions was inaugurated today after the state emergency board and board of control authorized construction of an addition to the nurses home at the Eastern Oregon State hospital at Pendleton.

The boards voted to accept the low bid of \$145,367, submitted by the McCormick Construction company, Pendleton.

The vote was unanimous.

War Seen In 12-14 Years

SEATTLE, April 19 (AP)—"I'm not saying this will happen," said Rep. Harry R. Sheppard (D-Calif.) at a banquet sponsored by Seattle businessmen last night, but there is "a serious possibility" that America might be at war with "a great European power" within 12 to 14 years.

He did not say which European power he thought might be the nation's opponent.

"I'm just suggesting the possibility, I'm going to do everything

I can to keep our military strength up to a point which will permit us to maintain the American way of life."

Sheppard added he was opposed to the projected unification of the army and the navy.

HIGHWAYS GOOD
SALEM, April 19 (AP)—All Oregon highways are in good condition for weekend travel, the state highway commission said today.

The cacao tree is a fruit-bearing evergreen which grows to heights of 20 to 40 feet.

Alfalfa, a cloverlike perennial, is a native of southwestern Asia.
