HANDY MEN

By EARL WHITLOCK
It is part of the American genius to be handy with tools. The man who can "fix anything" is an important part of the life of every community, large or small.

In the war, that man is the one who went into the war plant and showed the men a good many any number of short cuts to production. In these days of peace, he is the one who keeps running the electric and mechanical gadgets on which we have come to depend for our every day comfort and convenience.

The balky motor, the out-of-step sewing machine, the erratic and moody clock, call to him in a manner he simply cannot resist and he cannot know happiness again until the erring mechanism has been set right.

It is very seldom that the all-around mechanical genius of this sort earns as much as his abilities ought to pay him. But somehow he seems the happiest of beings. And it is doubtful if anyone contributes more to the happiness of the general public.

Next Wednesday Mr. Whitlock of the Earl Whitlock Funeral Home will comment on "May Day."

Many at Benefit — There was an excellent attendance at the program presented Saturday night at Fremont school auditorium by the Eve Benson school of dancing for the benefit of St. Paul's building fund. The program will be repeated Friday night, May 3, at Altamont school, and again on Friday night, May 10, at Henley. The public is invited.

Discharged — Word has been received of the discharge of Lt. R. H. Trelease and his brother, J. E. Trelease, both of whom served in the army. They will return to their civilian jobs as conductor and brakeman, respectively, with Great Northern.

May Day Dance — The fourth annual dance for high school students will be given by the Elks lodge in the Elks ballroom Wednesday, May 1, starting at 8:30. The dance will conclude at 11:30 p. m. Refreshments will be served. Evans' band will play. The affair is for high school students only.

Adjuster Moves — J. W. Van Doren, insurance adjuster for automobile and casualty insurance claims, has moved his office from 313 Main to 111 South 4th. Aulis Peterson, branch manager for Martin and Anderson, adjusters, will be associated in the new office.

Son Born — Mr. and Mrs. A. E. Riley are parents of a son, John Edward Riley, born April 16, in San Francisco. The child weighed 6 pounds 4 ounces at birth. Mrs. Riley is the former Juanita Workman of Klamath Falls. She and Riley were married here May 12, 1945.

Civilian — T/4 Marlin L. Byers, route 2, box 678-B, received his honorable discharge certificate at Fort Lewis, Wash., April 24.

Visiting — Mr. and Mrs. P. J. Lesmeister and Mr. and Mrs. Ray Guerretaz of Brookings, formerly of Klamath Falls, visited here over the weekend.

Speaker — Dr. Adolph Weinzirl of the University of Oregon school of medicine, Portland, will address all PTA groups on Tuesday at 2:30 p. m. when Riverside PTA will be the hostess school. The meeting will be held in the Riverside auditorium and a film will be shown, not presented here in the past, by Dr. Weinzirl who will also discuss social hygiene problems.

Expected Here — Mrs. Margaret Powell Lamb, formerly of this city and now making her home in Portland, is expected here this weekend for a visit and she will attend a meeting of the garden club on Monday in the library clubrooms at which time there will be a potluck luncheon.

Sudden Trip — Lee McMullen of Klamath Production Credit association left for Seattle late Sunday night when he received word that his wife who was visiting there had become ill.

In Hospital — Delbert Lien, 11, son of Mr. and Mrs. Roy Lien of Keno, is receiving medical treatment at Hillside hospital.

Improving — Mrs. Dorothy Reynolds, ill at her home 1919 Portland with the flu, was able to sit up today and is slowly improving.

First Son Born — Robert Charles Wamstad was born in Klamath Valley hospital at 2:06 a. m. April 26, to Mr. and Mrs. Charles O. Wamstad, 1521 Sargent. He weighed 11 pounds 2 ounces at birth. He has two sisters, Florence 7, and Jeanne, 5.

In Sacramento — E. Laton Stephens left Sunday night for the regional office of the U. S. bureau of reclamation in Sacramento to transact business for the bureau. He is expected back the middle of the week.
