

Fireman Hurt In Auto Crash

J. H. Kochlin, 39, a railroad fireman residing at 1737 Oak, was bruised about the leg and shoulder late Saturday afternoon when a car driven by William E. Eagleton, 1402 E. Main, sideswiped his car as it was parked at the Safeway store on East Main.

Kochlin reported that he was just getting out of his car to go to the grocery when a taxi swung around double-parked cars on the other side of the street, forcing Eagleton's south-bound vehicle into his car.

Eagleton posted \$5 bail for having no operator's license after the accident. James W. O'Banion, 2400 Oregon, put up \$5 bail with city police for allowing his dog to run at large. Robert D. Woodward, 607 Roseway drive, was arrested for running two consecutive red lights, at 6th and Klamath and 6th and Main, for which he posted \$10 bail, and Ernest L. Katri, Ferndale, Calif., put up \$2 for making an improper left turn on Main.

Eight drunks and two vagrants appeared in police court this morning. Ten drunks and three disorderlies bailed out and three parking tickets were paid.

Musical Program At Mills School

The Mills school music department is offering a program of vocal and instrumental numbers in a concert at 7:30 p. m. Tuesday in the school auditorium.

The concert is open to anyone interested, with special invitations to parents and friends of pupils participating.

Mrs. Patricia Hunt, music director, announced the program will include numbers by the band, the orchestra, boys' chorus, glee club and the mixed choir.

Car Prowlers Strike Again

A car prowler late Saturday night was reported to city police by John Sailor, 631 Main, who said that someone entered his car while he had it at 8th and Main while attending a midnight movie.

He reported that a girl's powder blue coat, a boy's brown sport coat and a man's red and black plaid jacket were missing from the car when he returned.

Atomic Boom Town Adopts Dutch City

RICHLAND, Wash., May 6 (AP)—Richland, a boom town born of atomic warfare helped to win the war. Now, as its share in helping to win the peace, Richland has adopted an ancient city in the "Good Land" section of Gelderland, The Netherlands. Its protegee is Tiel, devastated by artillery shells and aerial bombs while the allies were driving the nazis out of Holland.

Paul Nissen, publisher of the Richland villager, says his weekly journal promoted the rehabilitation of Tiel as part of this atom bomb plant town's third anniversary and the first birthday of the villager.

Peru restricts exportation of plants containing the valuable insect-poisoning compound, rotenone.
