

# Bowles May Ask Return Of Food Ration Despite Opposition From Hoover

WASHINGTON, May 14 (AP)—Stabilization Director Chester Bowles said today he will recommend restoration of food rationing if the world food situation "gets tighter."

Bowles made this statement a day after former President Herbert Hoover counseled against such action until this year's crops are harvested.

"I don't think the situation is tight enough now," Bowles told a news conference, "but if it gets tighter I think we should put it (rationing) on."

Bowles mentioned meat, butter, cheese and possibly bread as foods it might be necessary to ration.

The stabilization chief said

rationing would assure fairer distribution of food in this country if overseas commitments cut deeply into the total supply.

"We will know better in 30 to 60 days as to what should be done," Bowles said.

Back from a global survey of hungry nations, Hoover said he thought it too early for a decision on rationing, because he had hopes the world's food production will be better than anticipated, with a consequent lessening of the famine emergency.

The survey report which Hoover brought back with him drew warm approval from President Truman and Secretary of Agriculture Clinton B. Anderson—a fact which influenced food experts in reaching their conclusion that rationing would keep out of the picture at least for the present.

These experts, who would not be quoted directly, were of the opinion that the country's famine relief efforts until harvest will continue to be confined to voluntary food conservation and government restrictions on grain use.

Hoover spoke out on the rationing question at a news conference after presenting his report to Mr. Truman yesterday. Once the 1946 harvests are in, he said, an appraisal of supplies and needs can be made to determine whether renewed rationing here would be necessary to carry hungry areas through until 1947 harvests.

The parents, beaten by a crowbar, were found lying outside the Newman home and young Newman, stabbed and slashed by a hunting knife, was found inside the house, the sheriff reported.

# AFTER 15 YEARS FINDS CONSTIPATION RELIEF

Now Feels Like "Old Self," Thanks to Famous Cereal

Given up hope of finding lasting relief from constipation? Then read this sincere unsolicited letter:

"I suffered from constipation for 15 years. It got so bad I had to retire from business. Nothing I tried gave me much relief until I began eating Kellogg's All-Bran every day. In one month I was completely regular, and I feel as well and vigorous as I did in my twenties." William J. Anderson, R-4, Shawnee, Oklahoma.

You, too, may never have to take another harsh laxative for constipation due to lack of bulk in the diet, if you eat one ounce of Kellogg's ALL-BRAN every day, and drink plenty of water. Do this every day for ten days, and if not completely satisfied, send empty carton to the Kellogg Company, Battle Creek, Michigan. You will get double your money back! ALL-BRAN is not a purgative. It's a wholesome cereal providing gentle bulk helpful to normal laxation. Eat it as a cereal or in muffins every day.

This is a part of our unprecedented \$400,000,000 five-year program to provide an ever expanding, ever improving telephone service here on the Coast.

Yes, we are on our way to providing a broader, faster, long distance service than you ever thought possible. For it is our purpose to grow with the West and help the West grow in every way we can.
