

# Action Plea For College At Barracks

Directors of the Klamath County chamber of commerce, at the Wednesday noon meeting, heard R. C. Groesbeck of the board of higher education urge action on securing the Marine Barracks as an educational plant. An Associated Press story which said that Senator Guy Cordon advised Governor Earl Snell today that the war assets administration expects to assign the Klamath Falls Marine Barracks to its regional office in Portland Wednesday, was read and brought about the discussion. The action, read the AP wire, would pave the way for the state's acquisition of the project for use as a college, provided the state board of higher education wants it. Groesbeck said that the board of higher education "would like to have it, we need it, and are willing to take the Marine Barracks if money is made available through the state emergency fund."

Groesbeck further advised the board that contact should be made at once with Oregon's congressmen and senators asking that an immediate decision be obtained from the war assets administration. Immediate Use Possible According to Groesbeck, the barracks can be adjusted immediately for use of thousands of students and that within a 30-day period, 1000 students could be placed there. The board member said he had heard no adverse criticism on the plan. A letter was read from W. H. Lynch, division engineer of the public roads administration, advising the chamber of commerce that bids would be opened at a later date on work on the Willamette highway. One stretch of 7.4 miles in the Odell lake section, calls for construction of some \$175,000 in work, and the Oakridge section east to Salt creek, stretch of 21 miles, calls for an allocation of \$630,000. In addition, Lynch stated, the state is cooperating to the amount of \$25,000 for stockpiling and maintenance rock.

A report was read from the tourist committee following a meeting on May 20, which included the report from Manager Charles Stark who attended the tourist conference recently called by Governor Earl Snell. Stark said that June 9 to 15 had been designated as Tourist Week, and there was also a plan on foot to establish a tourist school. It was also urged by members of the board to make a survey to determine available facilities here for tourists prior to the start of the season. The aviation committee of the chamber of commerce was authorized to contact the city council and urge that the city make a request from the navy for use of the big hangar. Col. B. Dubel, first commanding officer of the Marine Barracks, was a guest of the chamber board and spoke on the damage done to Nagasaki by the atomic bomb, and the damage to Hilo in the Hawaiian islands, by the recent tidal wave. Also a guest was Earl C. Reynolds, San Francisco, assistant manager of the western division, United States chamber of commerce, and a former Klamath resident and secretary of the Klamath County chamber of commerce.

# Mikado Pleads For Jap Unity

TOKYO, May 22 (AP)—Emperor Hirohito today invested Japan's third postwar cabinet, and Premier Shigeru Yoshida pleaded for cooperation between the Japanese government and people "to save the nation by their own united efforts." Yoshida said the new government is determined to dispose of a variety of critical problems facing the nation and "will boldly proceed with the execution of policies which are already thoroughgoing in character and scope." The task may not proceed smoothly, the premier acknowledged in a statement, and explained, "unfortunately, so far I have not been able to obtain positive support of other parties." Left wing factions stubbornly have opposed both Yoshida and his cabinet appointees. Yoshida said the "multitude of problems" facing Japan include revitalization of industry, unemployment and adjustment of economic and industrial affairs. He stated that while necessary emergency measures will be taken, "the government will consider a long range policy for building a democratic national economy." Discussing revision of the national constitution to outlaw war, Yoshida commented, "I scarcely need say of what urgent importance it is for us to lay as soon as possible the foundation for Japanese democracy by taking into consideration general world trends and paying due regard to the general will of our people." The new constitution is to be presented to the diet soon.

# Many Vets Seek GI Educations

BUFFALO, N. Y., May 22 (AP)—General Omar N. Bradley said today 700,000 veterans are taking training courses under the GI bill of rights and nearly 2,000,000 others have indicated they may be planning additional training and education. The administrator of veterans affairs said 80 per cent of those already taking courses were in educational institutions with the others in training-on-the-job. "This tidal wave has, in places, engulfed our universities," he said in an address at the national conference of social work. Appreciation—Sincere appreciation was expressed today by Walter Wiesendanger, chairman of the American Legion Stop Forest Fires program, for the assistance of everyone in making the parade and banquet a success.

# KUHS To Give 305 Diplomas

(Continued from Page One) nasium following exercises. The public is cordially invited. The number of seniors who will receive diplomas tonight is 212, according to the high school, but the list carries 305 names, the difference being those now in service but who will receive diplomas despite the fact that they will not be on hand personally to receive the sheepskin.

Following are the graduates: Richard Wendle Ackerman, Alfred Alvin Anderson, Jacqueline Rose Anderson, Carolyn Joyce Avery, Vera Helen Bader, Wanda Beve Baert, Virginia Mary Bagley, Elinor Louise Barff, Herbert E. Barker, Dorothy Elouise Barwick, Louise Barnum, Richard L. Becken, Euelly Lydia Beiland, Lawrence E. Bilant, Donovan Elton Bennett, Marian Lee Baker, Edna Mae Bentley, Willis Berry, James Earl Bixler, Ruby Blankenship, Richard Stanley Boettcher, John Leonard Hook, Merle D. Booth, Glenn Clemens Boyer, June Marie Bosworth, Ernie Dora Bortis, Louise Boushagh, John Bratz, Donna Faye Bratherton, John H. Brown, Marilyn Jeanette Bruce, Lois Lacy Glasco, John E. Burns, Donald Joe Carroll, Charlotte Rose Carter, Dale Calvin Casseher, Robert Hyman Clammer, Freda Colby, Marie Freda Louise Collins, Delores Malvena Conte, Shirley Evelyn Conroy, Walter Daniel Cook, George W. # Burglars Clean Tulelake House

TULELAKE, May 22—It was house cleaning day at the A. P. Hatfield place near here but Hatfield doesn't like the way he was cleaned out. When the Tulelake resident returned home yesterday from a visit at Rich on the Applegate, where his son, Frank, operates a garage, he found prowlers had entered his two-room house and made off with everything that wasn't nailed down. In the loot were the following items: one bicycle, a Crosley radio, two 16-inch V-8 Ford wheels, one tire and a tube, miscellaneous cooking utensils, four steel telescope fishing poles with reels attached, one Winchester 20-gauge shotgun, one Marlin single shot 12-gauge shotgun—and the mattress and bed.

Hatfield has lived in the Tulelake area for the past 12 years and works in the potato industry. His son, Frank, recently returned from overseas and Hatfield has been visiting him from May 17 until his return Tuesday.

# Continued Showers Forecast For Area

Continued grey skies and light sprinkles of rain Tuesday were welcome to basin growers and gardeners, who have found it necessary to irrigate in some areas before planting. The temperature dropped to 46 degrees maximum today, the lowest maximum recorded so far this month. The first two days of May the maximum temperature was 80 degrees. Forecast for Thursday is partly cloudy with light showers.

# 4th Child Dies On Bride Ship

NEW YORK, May 22 (AP)—Another of 19 infants stricken by an unidentified ailment aboard the brideship Zebulan Vance on a voyage from Le Havre, France, to New York, died today, raising the death toll to four, the New York port of embarkation announced.

The infant died at Fort Hamilton hospital, Brooklyn. The three others died aboard the Zebulan Vance. The 15 ill babies were reported "fairly well." All but two of the children were about six months old, Col. John U. Schiess, chief of public relations for the port, said. The vessel, carrying 428 war brides

and children from France, Belgium, Poland and Holland, arrived Monday. Schiess said army physicians had not yet diagnosed the illness but added that autopsies were being performed and tests already had been started on the food, water, milk formula and other supplies aboard the ship. He declared "the vessel was equipped with enough medical officers and supplies to handle any ordinary situation that might occur."

Dr. John Battenfield, 33-year-old veteran and director of health services for the University of Oklahoma, said he believed the illness of his six and a-half month old daughter, Myrlam, was caused by "poor sanitation" aboard the ship.

Classified Ads Bring Results. Make-up Skin Irritations. Like many modern girls, your crowded days may compel you to neglect your precious skin. Begin now the refreshing habit of mild Resinol Soap cleansing for your nightly "take-off."

For itching of unightly irritations caused by careless make-up abuse, apply specially medicated Resinol Ointment to soothe and help hasten natural healing. Ask your druggist for both. RESINOL OINTMENT AND SOAP

En Route Home—Mrs. Connie Whitmore and year-old son Rickey, left today on the first lap of their journey home to Sitka, Alaska, after spending a month here with her parents, Mr. and Mrs. P. D. Reeder, 312 Michigan. Mrs. Whitmore operates Connie's ready-to-wear shop in Sitka. Her mother, Mrs. Reeder, went as far as Portland with her and will return this week. Mrs. Whitmore plans to remain for a few days' visit in Portland and spend a few days in Seattle before taking a plane on June 3 for Sitka.
