

Program For Recreation Expansion To Be Mapped

Expansion of Klamath's municipal recreation program will be mapped at a joint meeting of the recreation committee and the city council Thursday afternoon.

The meeting was called specifically to consider the purchase of the Will Humphrey property on Main street, near the Soule place, for a site for development of swimming pool and recreation center.

Mayor Ed Ostendorf told the recreation committee that the council would want to know what the committee has in mind for development of this property.

"You will have to have some definite plans," he said at a recreation committee meeting yesterday.

Hambrick to Prepare Program.
The committee authorized E. E. Hambrick, recreation officer, to prepare the suggested program which has been taking shape in committee discussions. This will include proposed financing of the swimming pool and

Two Vacancies For Annapolis

Congressman Lowell Stockman will have two vacancies to fill at the United States Naval academy at Annapolis for the class beginning July 1, 1947.

Candidates for the naval academy must not be less than 17 years of age or more than 21 years of age on April 1 of the calendar year 1947 in which they enter the naval academy. Applicants should be high school seniors or graduates of high school or college students. Boys in the armed services are eligible.

Exceptions to this age requirement are made only when a boy has had one year of acceptable service in any one of the armed forces. In such cases he can be admitted to the academy if he has not passed his 23rd birthday on the first of April of the calendar year in which he would enter the naval academy. Such admission is, of course, contingent upon his meeting the mental and physical requirements.

The civil service commission expects to hold a competitive examination on July 24, 1946, to aid in the selection of nominations for the academy. Applicants must be resident of the second congressional district of Oregon, and able to meet the exacting physical standards of the academy.

Any boy who is interested and qualified may obtain additional information and permission to take the examination given on July 24th by writing at once to Congressman Lowell Stockman, House Office building, Washington, D. C.

Sailor Finds Parents Here

Donald C. Tucker, ACMM (PA) BSN, had a complete surprise awaiting for him when he stopped off at Klamath Falls last week to visit his uncle and aunt, Mr. and Mrs. Nicholas Long, en route to Ridgefield, Wash.

Mr. and Mrs. Clifton H. Tucker of Ridgefield, Donald's parents, had arrived the same morning and were with the Longs at their home on Lake-hore drive when he arrived. He got in just about one-half hour after they did, and neither expected the other. Mrs. Tucker and Mrs. Long are sisters.

Tucker is stationed on the USS It. George, seaplane tender of the 19th fleet, just returned from Iasebo, Japan, by way of Okinawa and Pearl Harbor. He has a 5-day leave, after which he will return June 1 for overseas assignment. He and his parents returned together to Washington.
