Schools Help Shrine Fund

The Klamath Falls Nile club, in its effort to assist the Shriners in raising \$10,000 for the benefit of the underprivileged crippled children who are taken care of in the Shriners hospital in Portland, placed cartons in the school rooms during the last week of school. The children and the teachers of both the city and the county schools made a wonderful response to the plea for donations for this most worthy cause.

"This has been a splendid demonstration that small gifts accumulate into a worthwhile sum and the schools of this area may well take pride and satisfaction that their contributions which total a little more than \$400 may purchase some valuable piece of equipment to aid in the physical rehabilitation of some needy crippled child," said Mrs. Marshall B. Cornett today. She is president of the Klamath Falls Nile club.

MILLER'S EXPANSION NEWS
By WALT KENNETT, MGR.

Many people are asking me daily why Moe's have changed their name to Miller's.

For nine years, this store has been owned by the Miller Corp. —with headquarters in Portland. The Miller Merchandise Corp. is strictly an Oregon institution, originating in Oregon and owned by Oregon stockholders.

Each store is operated independently by local people, so that the community benefits from its operation, the same as any local institution.

We therefore, considered it not only proper and fitting in lieu of the great expansion and remodeling program, to change the name to MILLER'S.

We apologize to our patrons for the noise, dust, and confusion in our present cramped quarters. We hope soon to present to the people of the Klamath Basin . . . a new and greater MILLER'S DEPARTMENT STORE. . . More news next week.
