

School Speech By Hitchcock

MERRILL, May 29 — Phil Hitchcock, Klamath Falls businessman, will address the graduation class of Merrill high school at commencement exercises tonight, Wednesday, at 8 o'clock in the school gymnasium.

The salutatorian is Melvin Johnson and the valedictorian, Dollie Dennis, both to give addresses during the evening. There will be two numbers by the high school glee club, directed by Mrs. George Elliott, who will also play the professional. Principal George Elliott will present awards and diplomas. Walter Fotheringham, president of the senior class, will present the senior gift and Ronnie Trotman, newly-elected president, will receive the gift. Mrs. Jean Van Cleve will play two violin numbers.

Police Caution Holiday Drivers

State and city police officers issued a warning today to motorists to drive with caution on highways and by-ways over Memorial Day holiday. Throughout the nation, officers observed, the death toll is always high on Memorial Day as well as other holidays and it was hoped that Klamath county would go through Thursday and the coming weekend without tragedy or injury.

No special officers are being added to either staff but added caution on the part of holiday celebrants is necessary, police said today.

South Sixth Street Work To Ease Arterial Traffic

(Continued from Page One)

paving will probably bring in a few key men, it was learned. Outside of some interference in getting right-of-way clearance, the job as far as Northwest is concerned should go ahead rapidly. Trees being removed from the sides of the highway were given to a rancher, it is reported, who is bucking the logs into short lengths and hauling them away as well as removing the brush. Warren Northwest will dump the stumps elsewhere.

Mark Smith of Klamath Falls holds a \$9000 contract for a street lighting project which will run from Washburn way to Altamont drive and is being financed by property owners on the west side of S. 6th. It is also understood that Alfred Collier of Swan Lake Moulding company is financing a private road adjacent to the property line and his S. 6th street holdings.

Angelo Doveri, local contractor, was given the nod on his bid of \$14,500 for the bridge to be constructed as part of the widening project across the USBR canal at Summers lane.

Power Company Extensions
The California Oregon Power company's regular crews have been at work on that outfit's \$100,000 project which coincides with the state's job. H. P. Bosworth Jr., division manager, said his company's work will include a new 12-inch main from the OC&E tracks to Altamont on the southwest side, a new 8-inch main from Altamont drive to Summers lane; a new 8-inch main from the OC&E railroad to Shasta way on the northeast side, and a new 4-inch main from Shasta way to Washburn way. This includes appropriate crossings.

Total construction costs include electric and water facilities, relocation of all poles between the OC&E and Summers lane.

Bosworth said the company has built a new high tension line, included in the \$100,000 estimate, at a cost of \$68,000 starting at the Texum sub-station and going easterly to Summers lane, north on Summers lane to the highway.

The power company has removed the 66,000 volt transmission line from the Ewauna Box company plant to Summers lane and S. 6th, this work completed about two weeks ago. At a later date, all power poles in the area will be set back. Lack of material has held up some work, but the project as a whole should be completed by the contract deadline in December. Considerable pipe is yet to be received, Bosworth said.

Pacific Telephone and Telegraph company's \$105,000 job in the widening area, includes re-

placing the aerial cable with underground cable from the viaduct to the fairgrounds, according to Charles Seavey, manager.

Conduit Being Laid
"The telephone company is laying a 6-duct conduit preparatory for future expansion in the S. 6th street area, and to coincide with the highway development," Seavey said today. "This work will be completed along with the highway job but our expansion program is uncertain due to lack of materials."

Pacific Tel started work about the first week in May. Contract on the job is held by Harry Hamilton of Eugene, but his job does not include laying the cable which is being done by the company. Hamilton's contract calls for laying the duct within 30 days from today, Seavey said. The telephone company's construction crew will start laying the underground cable as soon as material arrives. It has been expected daily for several weeks.

When all the telephone cable is in, additional wire facilities will be available to the S. 6th street area, but in addition, the company must extend the cable all the way from the center office to that section, Seavey advised. This is all underground to the viaduct at the present time and new cable is laid by splicing every 500 feet and entrance made through manholes. This particular project is expected to wind up around September 1, if materials are available.

Cable is the big material headache for the company right now, according to Seavey. Cable used on this job is made of lead and copper, each individual pair of wires insulated inside the cable and covered with lead sheathing. The cable starts from the office with a 1700-pair cable, or 3400 wires, and will extend along S. 6th, tapering off to a 900-pair cable or to 1800 wires.

Klamath motorists and tourists coming in over S. 6th may be slightly inconvenienced for the next six months, but in the long run this city will have one of the finest stretches on the state highway program and one, long-time residents observe, sought for many years.

City To Honor Its War Dead

(Continued from Page One)

and graves of veterans will be decorated.

The courthouse lawn, with the crosses and tomb, is being prepared by the American Legion. The Memorial Day program was arranged by the Allied Veterans Council in cooperation with the War Memorial committee.

Following are the names which appear on the memorial shaft, men of World War II of the army, navy, marines, and coast guard.

John Wayne Adams, Marvin Birch Adkins, W. E. Baker, Floyd T. Baldwin, Lloyd C. Barnes, Roy V. Basler, Leo L. Beck Jr., William Vance Bedford, Hillard V. Bell, Virgil A. Bell, Gordon Benson, Arthur W. Wells, Albert J. Werner, Harry A. Wiecehman, Walter W. Wilkins Jr., Carter D. Wilkinson, John L. Wilson, Kenneth Cameron Wilson, John Wilbur Yeoman.

WORST HALSTORM
The worst halstorm that has ever been recorded by modern man occurred in July, 1778. It swept across Belgium and France into Germany, and destroyed \$200,000,000 worth of property.

KFLW To Broadcast Wrestling Matches
Radio station KFLW will begin broadcasting the wrestling matches direct from the army every Thursday night, starting tomorrow, with Sportscaster Don Neal announcing.

Topping tomorrow's card will be a circuit championship match between Martino Angelo and Georges Dusette, and the wrestlers and ring officials will have the weighing-in ceremony in the radio station building tomorrow at 5:30.

The KFLW broadcast starts at 9:30 and continues until the matches are over.

Speaker

Dayton E. Van Vactor, Klamath Falls attorney and recently returned from duty with the armed forces in which he held the rank of major in the United States army, will be the speaker at Memorial Day services Thursday at 10 a. m. on the courthouse lawn.

Driver Unhurt In Car Crash

Fred H. Kobler, 22-year-old service station attendant residing on route 3, escaped injury last night when a 1937 Ford coupe he was driving did an end-around and went off the road about a mile south of Worden.

Kobler reported that he was testing a new motor in the car, driving about 45 miles an hour coming north on highway 97. He was dialing the car radio and momentarily took his eyes off the road.

When he looked up again the coupe had hit the right hand road shoulder. He jerked the car back onto the highway and crossed over onto the left shoulder, then pulled back toward the pavement again but lost control.

The coupe plunged end-around and down the graded shoulder and came to a rest on its wheels.

Reckless Driver Goes To Court
Frank R. Hiatt, 54, of 1920 Main, last night posted \$25 bail for an appearance in police court this afternoon for reckless driving. He was arrested at E. Main and Eldorado.

O. D. Matthews, 324 N. 6th, posted \$3 bail for running a traffic light, and W. F. Carter, 2038 Lavey, put up \$5 for a violation of the dog ordinance.

Three drunks appeared in police court this morning and three others bailed out.

VITAL STATISTICS
MITCHELL—Born at Klamath Valley hospital, Klamath Falls, Ore. May 28, 1946, to Mr. and Mrs. R. W. Mitchell, 336 Cannon, a boy. Weight: 3 pounds 1 1/2 ounces.

GRAIN
CHICAGO, May 29 (AP)—Selling inspired primarily by favorable crop news caused new oats futures to drop around 1 cent today and disintegrated the March corn contract from its ceiling price.

POTATOES
CHICAGO, May 29 (AP)—Selling inspired by favorable crop news caused new potatoes to drop around 1 cent today and disintegrated the March corn contract from its ceiling price.

More moisture was received in the southwestern winter wheat belt. The Robinson Elevators company of Kansas estimated wheat production for that state at 107,422,000 bushels. Total United States and Canada visible wheat stocks this week were placed at 24,417,000 bushels, against 32,200,000 bushels, year ago.

At the close new oats contracts were 1/2-1/4 lower, August 85 1/2, and old contracts were unchanged to 1/4 lower, September 80 1/2. March corn finished down 1/4 at \$1.46. Bid prices on new barley were down a cent. All other grains were unchanged.
