## Starch Factory Funds Needed

A total of \$45,000 has been deposited in escrow by Klamath basin potato growers for the construction of a potato starch and glucose plant in the Klamath area. The amount was totaled at a meeting last night at the Klamath county agent's office.

Klamath Potato Growers association and Tulelake Growers committees were optimistic concerning the prospect of reaching the necessary \$100,000 total in the next three days. The Klamath association is continuing its personal contact efforts. The Tulelake Growers group started an intensive personal contact effort today.

Committeemen will meet again at 1 p. m. Friday, May 31, at the Tulelake Growers office. Those present at last night's meeting expressed the opinion that enough larger growers are sufficiently interested to subscribe additional stock necessary to meet the \$100,000 total.

Such additional stock subscriptions would be made with the understanding that the additional stock purchased would be resold to new subscribers before any further stock issue was made.

The purchase schedule of \$7.50 of stock for each acre of potatoes grown in 1946 was originally set up by the committees as each grower's fair share of stock purchase.

Laws governing co-operatives provide that not more than 15 per cent of raw material processed may be taken from non-members. Committeemen at last night's meeting believed this provision would induce most growers to buy stock when this year's shipping season brings with it a cull disposal problem.

Culls dumped at a total loss in the past would bring approximately \$10 per ton when delivered at the plant. It is estimated that Klamath basin produces an average of over one ton of culls per acre.

Training Course—There will be another session in the Boy Scout training course for Scoutmasters, troop committeemen and senior Scout leaders tonight, Wednesday, at 7:30 in Fremont school.

## New Stamps Feature Discharge Emblems

The Klamath Falls post office announced today that the new three-cent stamp "honoring those who have served" is now on sale at the stamp window.

The new stamp is purple, regular size, and shows a picture of the military discharge button with three stars above and two below and the words, "Honoring Those Who Have Served."

## Grangers Talk On Pest Curbs

Insect control methods, weed control and fertilizer trials were discussed last night in the county agent's office at a meeting of grange agricultural committeemen and masters.

Grasshoppers are reported hatching at a high rate in the area. Poison control operations were commenced in the county May 17, in the most heavily infested areas.

An extensive fertilizer trial program is being conducted now in the county by Assistant Agent Walter Jendrzewski and weed control methods are being outlined for the 1946 program.

## Farewell Party For 2 Families

An informal farewell reception is planned for Thursday at 8 p. m. honoring the Charles A. Shinn and H. C. Brown families, at the community hall of the Congregational church, Garden near Martin.

The two families are members of the church and are leaving Klamath Falls to make their homes elsewhere. The Shinn's, after a vacation trip to Iowa will live in Grants Pass. Shinn is well known here as a member of the Pioneer Tobacco company's staff.

The Browns plan to make their home in San Jose where they will be near others of the family. They have been members of the church since its inception on Garden.

Serving on the general committee in charge of arrangements

## Don't Suffer Misery of Rash-Tortured Skin

Sprinkle on Mezzana, the medicated powder that checks itching, soothes burn of minor skin irritations and simple rashes. Mezzana relieves the stinging smart of baby's diaper rash, helps you and baby get more restful sleep. Costs little. Save most in larger sizes. Ask for Mezzana.

for the reception are Mrs. W. C. Little, Mrs. E. L. Mitchell, Mrs. E. M. Glenger, Louis Mann and Mary Griffiths, F. O. Small will act as master of ceremonies.

## Howie Brothers Buy Mattress Company

Another business change takes place with the recent purchase of the Economy Mattress company, 2316 S. 6th, by Mel and Clarence Howie. The Howie brothers are natives of this city and were only away during the war when Clarence was in military service and Mel engaged in civil service at Fort Benning, Ga.

Before the war they operated the Schaal and Howie Awning company, 7th and Klamath. They bought Schaal out and then purchased the mattress company from D. E. McClurg. They plan to move to the new location over

the weekend and be open for business again Monday, June 3.

**Teacher in Hospital**—Alice Conway, teacher in the Lakeview schools, is in Hillside hospital where she underwent surgery on May 18. She is reported doing nicely.

*Ford Golden Jubilee*  
**50 YEARS OF PROGRESS**  
On May 29th, the entire nation joins with the automotive industry in celebrating a half century of progress and development unsurpassed in world history.  
Just fifty years ago, on a quiet, rainy day in June, the first practical Ford chugged erratically along a Detroit Street. It was powered by a small, two cylinder engine, steered with a tiller, and looked like a buggy with bicycle wheels. It was the forerunner of all the millions of Ford cars that have contributed so greatly to the steady development of individual transportation and to the growth of a nation.  
In these fifty years, the basic Ford policy has never varied . . . to build through constant research and refinement an even better product at the lowest possible price. The results are ever greater economy, comfort, reliability and value.

We are proud of our association with the creation of the great automobile industry, and proud to join with the thousands of Ford people all over the world in celebrating this milestone of automobile history . . . the Golden Anniversary of the Ford car.

*Elmer Balsiger*

**1896 — Out Front Then . . . Out Front Now — 1946**

HENRY FORD I HENRY FORD II

**What 50 Years of Progress Means**

At the turn of the century, the Ford name was already synonymous with the automotive industry and stood as the symbol of leadership and progress in a great new field.

Today, Ford is out front more than ever in the public mind, enjoying unprecedented popularity and prestige.

Such prestige, such long-lasting popularity and public acceptance is assurance of a bright future with many years of prosperity ahead.
