

County Budget Estimates Pare Last Year's Total

At the end of several weeks' work by the county court and budget commission, \$635,940.82 has been arrived at as the amount of money necessary for the operation of Klamath county's official business for the 12 months starting July 1.

That figure includes a \$600 a year salary hike for elective officers for which money is budgeted. The salary increase is subject to approval of the state legislature.

The budget will be printed in full in The Herald and News, as required by law, and a meeting will be held in the county court room at 10 a. m. June 28 for the purpose of hearing any objections to the budget estimates. That meeting is open to the public and original estimate sheets, prepared by the various department heads, from which the final estimate was taken, are on file in the county clerk's office for anyone interested to see.

No Bond Fund Needed

The final estimate figure of \$635,940.82 is slightly over \$28,000 less than was budgeted last year, the principle difference being in that last year \$64,000 was set aside for bond sinking funds and no money will be needed for that purpose this year.

In general the funds for various county departments will be slightly higher this year than last, although for an example of the opposite, the figure for county roads this year is \$26,430 as compared to \$38,580 for 1945-46.

The county court's total on the new budget estimate is \$16,535; for last year, \$17,351; for the sheriff's office and tax office the estimate is \$48,030, compared to \$44,410 last year; for the county clerk's office, \$31,090, compared to \$27,840 for 1945-46.

For the tax assessor's office, \$15,110, compared to \$14,910; for the district attorney's office, \$8,110, compared to \$10,300 last year; for the circuit court, \$9,660, compared to \$9,840; for justice courts, \$4,690, compared to \$4,570.

\$40,000 For New Jail

By the new budget estimate \$38,010 will be set aside for the county jail, with \$40,000 of that amount going to the city-county jail commission to be held for the proposed new city-county building. The infirmary is on the budget for \$19,200 and \$36,750 is provided for relief.

The juvenile office final estimate is \$9340, which is about \$1500 more than last year, but some \$5000 less than the amount the juvenile officer requested for his department. The county health department and isolation hospital are on the budget for \$43,525, of which \$29,637.50 will be raised by county taxes. The remainder comes from other agencies.

The county fair fund is expected to take care of itself, being down on the budget for \$15,885, and the anticipated receipts come to the same amount. The budget calls for a \$1500 livestock and washing shed, revamping of the sales arena, new bath and toilet building, a dump truck, new fire equipment and regular maintenance and general expenses. 'Cons' Protest Lack Of Bread

SALEM, June 3 (AP)—Eight men accused of leading a demonstration against a bread shortage at the state penitentiary were in solitary confinement today.

Deputy Warden Eugene Halley reported about 30 prisoners joined the ringleaders in rattling cell doors and catcalls because bread was absent from the Memorial Day menu.

Halley explained the prison's flour supply was exhausted last Wednesday and Thursday, and the prison was unable to obtain a new shipment. Flour was borrowed from another state institution Friday.

He said the prisoners were in their cells at the time of the demonstration.

The state board of control had reported earlier last month that state institutions were faced with food shortages. State Treasurer Leslie M. Scott declared he was in favor of the state buying on the black market, if necessary, to feed the state's prisoners, aged and ill.

Divers Seek Plane Victims

NAPLES, June 3 (AP)—Deep sea divers joined a search today for the bodies of 22 missing persons aboard a U. S. army transport plane which plunged into the sea near here Saturday while en route to the United States from India with 38 returning U. S. military personnel.

Only eight persons were rescued from the four-engine ship, which a survivor said caught fire in the air. The bodies of eight others were recovered from the sea after the crash.

Army officials said the crash occurred after passengers, trying to escape the fire, ran to the tail of the ship, throwing it into a tail spin.

ATC officials denied reports from New York that high-ranking officials from the China-Burma theater were aboard the ill-fated ship.

Prineville Pair Hurt In Plane Accident

CONDON, June 1 (AP)—Sterling Strobel, Prineville, and his son Douglas were injured when their Ryan PT-22 plane crashed near Mayville, about 13 miles south of here, today.

The teen-age boy, in critical condition at the Wade home here, was unable to be moved to a hospital. His father, who suffered a leg fracture, was taken to a hospital at The Dalles.

It is estimated that 4,000,000 Americans visit Canada every year.

It was understood here that the previous record was 30. Swetich ran up his total despite an ankle injury suffered on his forty-third jump.

About 5000 spectators watched Swetich's leaps, staged at the former army air base here.

War Talk Hit By Eisenhower

CHICAGO, June 3 (AP)—Talk of "how, where and why the next war will be fought" is branded "vicious" by General Dwight D. Eisenhower.

Addressing the 20th annual convention of the Reserve Officers' association Sunday, Eisenhower asserted:

"Such talk is more than foolish; it is vicious. Men acquainted with the battlefield will not be found among the number that glibly talk of another war. Veterans will work and sweat and sacrifice to prevent the recurrence of such a tragedy."

The army chief of staff advised that until the United Nations can guarantee international peace this country must stay in a position to guard its own security.
