Baseball Park Reconditioned

"The reconditioning of Recreation field is practically completed, with the exception of a roof for our new grandstand and some much needed painting," stated Fred Robinson, chairman of the recreation committee, today.

In discussing the matter, Robinson stated the city has spent around \$3200. The fence has been repaired, new gates constructed, bleachers moved and braced, water system extended, a new diamond built, backstop moved and screens erected to protect bleachers, and a main grandstand built behind the home plate. Other minor jobs have already been completed.

Recreation field now has enough parking space, also. The original fund of \$1300 allotted to the work was augmented by the remaining money from the old Klamath Falls troop entertainment committee and Klamath military service committee. Over \$1000, according to Robinson, went into payrolls, as volunteer labor failed to materialize. Business firms in Klamath Falls also donated to the fund.

"Klamath Falls at last has a fairly good ball park," stated Robinson. The park is already being used by several teams.

Since last September over three-quarters of a million men have joined the Regular Army as volunteers. Many of them are veterans of World War II, who know and like Army life. Others are younger men—alert and ambitious—who have recognized their responsibility to serve their country and to relieve from duty men who took up arms against our enemies. Never before in American history has the Army had so much to offer in good pay, travel, education and adventure. And never before in peacetime has your country needed such a strong and modern Regular Army for world-wide protection of peace and security. If you are qualified, mentally and physically, for Regular Army enlistment, you have everything to gain and nothing to lose by finding out all the advantages the Army has to offer you. Stop at your nearest U. S. Army Recruiting Station today!
