GRAIN

CHICAGO, June 7 (AP)—A strong buying move sent oats futures up as much as 2½ cents at times today as inflationary psychology dominated trading. At one time all contracts of all grains were at OPA ceilings. July and September corn advanced 3 cents and a small trade developed at that level. Activity in oats was brisk.

Traders felt further amendments to the OPA extension bill might be made in the senate, removing grain maximums.

Final prices on oats were either at the maximum or within ¼ cent of it. Gains in the active futures ranged from 2¼-2¾c. July held unchanged at 88c. Corn was unchanged to 3c higher, July $1.48⅝. There was some trade in July and September wheat at $1.98⅛, unchanged, and July rye at $1.58⅛, unchanged. Bid prices on barley were unchanged.
