

# U. S. Delegation Opposes British Move To Allocate Shipping On World Basis

SEATTLE, July 7 (AP)—American shipping interests, Maitland S. Pennington declared today, will oppose to the utmost a British resolution calling for establishment of an international shipping authority with power to designate the share of each nation in the tonnage of the world's commerce.

Pennington, U. S. employers' delegate to the world maritime conference, asserted the proposal "has no place whatever in

this conference and is completely outside the agenda, which has to do solely with seamen's wages, working conditions and other collateral matters."

The resolution was dropped into the hopper just before the Thursday opening of the conference by Charles Jarman, British labor delegate.

Conference delegates, guests last night of Secretary of Labor Schwelienbach and Rep. Henry Jackson (D-Wash.), continued today the work of organizing their 21-day session.

Huddles of delegates, discussing issues that will come before the international labor organization's conference, which were noticeable during last night's government reception, continued this morning before session time as various groups mapped their conference strategy.

**Chinese Active**  
Chinese representatives were making friends among the delegates from other nations and Pao Hua-kuo, former director of the bureau of social affairs of the Chungking municipality and government delegate, revealed China's objective in the conference.

"We are seeking race equality for Chinese seamen," he told newsmen. "There is no reason why the Chinese should not get equal pay and the same living accommodations as other seamen."

Pao expressed the hope that the conference would support the Chinese demands.

Regarding the proposal, which shapes up as the conference's hottest issue, the question of an international wage minimum for adult seamen, Pao said he would support the proposal "in principle."

Today's conference session will be confined to the selection of committees, although indications were that the credentials committee, which will hear any protest against the seating of delegates, may not be chosen until later.

The conference in a brief session late yesterday elected three vice presidents, George R. Strauss, United Kingdom, for the government group, Emile Deckers, Belgium, for the employers, and Eugene Ehlers, France, for the workers.

## Looks Like Reelection for Warren

Gov. Earl Warren of California listens to a radio in his San Francisco headquarters as election returns indicate he is going to be the first governor of the state to win his job by sweeping both the democratic and republican tickets in the primary. He is also the first California governor to succeed himself since the late Hiram Johnson at the turn of the century.—AP wirephoto.

## Court Fines Auto Speeder

Lawrence Butler accompanied Claude Lawson on a trip down into California, returning on Sunday. The trip was prompted largely by word from authorities that a trailer resembling the one stolen from Truman Lawson last November had been plowed out of a high mountain pass recently.

Evidently the thieves had encountered tough going in a snow storm and had detached the extra burden of the trailer which was, when found, loaded with cases of canned goods, soap and other valuable merchandise. The trailer was found 45 miles from Ukiah, Calif., and about 90 miles west of Willows, Calif.

Glessner Blunt is having the Powell brothers caterpillar bulldozer attachment repaired this week at the Gooch garage, making ready to go on a brush clearing job up north of Silver Lake next week.

Nathan Bedford Forrest, Confederate cavalry leader, had 29 horses shot from under him in battle, but was never seriously injured.

## Forest Bard, route 3, arrested early this morning for a violation of the basic rule on Biehn and for having no operator's license, paid an \$8 fine in municipal court this morning.

He was cited for driving 40 miles an hour in a 25-mile zone. Everett Hotchkiss, 737 Lincoln, was arrested last night for making 30 miles an hour in a 20-mile zone and was cited to appear in court today.

Clarence L. Crapo, 3450 Crest, paid \$3 for running a red light at 8th and Klamath. Four drunks, one drunk and disorderly, one disorderly, one vagrant and one Indian charged with possession of intoxicating liquor appeared in court this morning, and 13 drunks posted bail.

Fires and insects destroy 1,800,000,000 cubic feet of wood in the United States annually.

## Pioneer Community

Mrs. Joe Lietsinger has returned to her home here after spending some time at the home of her daughter, Mrs. Mabel Harris at Roseburg for the benefit of her health.

David Griffiths has gone to Chase mountain for the KFPA for the season.

Real estate in our community has been changing hands. The McGregor place has been sold. The new owners are Mr. and Mrs. V. G. Searcy and family of Klamath Falls. The Art Wilson place has been purchased by the Wilchers of Klamath Falls.

Nellie Anderson visited at Ashland last Friday, attending the graduation of her great niece.

Mrs. Tracy Dennison spent a few days last week here but returned to Ashland where she is staying for her health.

Mr. and Mrs. Fred Cofer were callers in the community this week.

Mr. and Mrs. Meyers have taken a motor trip to the east. While they are away Mr. and Mrs. Orin Lien are caretakers of the Meyers home.

Mr. and Mrs. Jess Humphrey of Dunsmuir, Calif., and Mrs. Harry Courts of Medford visited recently at the W. L. Frain home. Also, Rod Frain and son, Hardman, of Jenny creek stopped on Decoration Day en route to Klamath Falls.

Mrs. T. G. Clemmens returned Sunday evening from the home of her son, Halleck Donelson, at McMinnville, Ore., having spent two weeks there. The Donelsons have a new son born May 15. He has been named Martin Lorenz, and is their second boy.

## New Pine Creek

At its regular meeting held last Saturday evening, the East Side Grange voted not to lease their hall to Fred Scott, motion picture man, due to complications in regard to insurance stipulations. While the insurance angle was being investigated the organization had leased the hall for a month but after finding out the terms of their insurance contract, the leasing of the hall for commercial and public purposes, other than benefit dances, etc., their present contract did not cover loss under such conditions.

An amusing program followed the regular grange meeting in which the Dr. A. M. Putate skit was put on by Mr. and Mrs. Pat Hallinan, Mrs. Ed Benefiel, Mrs. Alice Allen and Raymond Fisher. Bobby and Beverly Vincent did a cute musical number and Barbara Fisher spoke a comical little recitation that reflected somewhat upon her grandfather's bald head.

After a social hour of dancing a box social ensued for the benefit of the Girl Scout troop sponsored by the organization which netted \$68.00. Everyone present reported having a grand time.

Mrs. Hazel Bussey and son, Donald visited a few days here last weekend with her mother, Mrs. Mary E. Miller. They left on Tuesday for Sacramento where they will visit with her son, Glen Bussey, who is employed there in the trucking business.

Pearl Newman is visiting relatives in Hill, Calif., and Grants Pass, Ore., for a month. Ruth and Donna Rosecrans, daughters of Mrs. Harry New-

# The Legion Story

of the

## Klamath Buckaroo Days Rodeo Controversy

In order to correct several misunderstandings and misrepresentations, Klamath Post No. 8, American Legion would like to take this opportunity to present its side of the Buckaroo Days controversy, and submit a statement of true facts and figures for the information of all concerned:

From 1936 through 1945, Klamath Buckaroo Days Association has spent \$3,039.71 for material and \$1,258.72 for labor at the Fair Grounds, which includes building of bleachers, box seats, chutes, fences, etc. During this same period of time the Association has spent \$3,549.96 for rent to the Klamath County Fair Board. This makes a total of \$7,848.39 spent at the Fair Grounds. During that same period of time the City Band and other bands received \$2,292.50. In 1937 and 1938 the Drum Corps of Klamath Post No. 8, received \$680.00. In 1942 the Troop Entertainment Committee received \$1,000.00, and in 1943, \$3,326.13 was turned over to the Commandos. In 1944 Klamath Post No. 8, American Legion received \$2,500.00 for a Veteran's Service Officer, which was invested in War Bonds, because plans for a county wide Veterans Service Officer to aid all returning Veterans in this area, did not materialize because the Government established the Veterans Administration Office in this city. The Legion is holding this money for this purpose when the need arises. Nothing has been paid to the directors or the Legion members who have worked for ten years free. The above dates and figures and many others are open for public inspection by any authorized persons wishing to do so.

It has been intimated that the Community Enterprise which motivated this committee has not been followed of later years. We ask the public if after reading this report whether the Legion has kept faith with the community. When the business men and merchants of this city first asked the American Legion to put on a Rodeo celebration whereby they would furnish the capital and the Legion furnish the manpower, was it done as a community project? The true answer is that everybody was leaving town and the community was dead over the 4th of July week, and in sponsoring this rodeo, the merchants hoped to keep its citizens at home and also draw outside trade for their own business interests, as well as providing entertainment for their community, and securing relief from the yearly donation for a 4th of July Celebration. The Buckaroo Days committee has worked long and hard during this last 10 years to help furnish this community with a good rodeo celebration during the July 4th week, and not one of its directors, who must be members of the American Legion, has ever received any remuneration whatsoever for his services. The rank and file of the Legion has also worked hard these past 10 years, without any remuneration whatsoever, except for the announcer and announcing system.

It has also been intimated that a few of the merchants who donated funds to sponsor the rodeo in the early days are not satisfied with the way the money has been spent and that they should be reimbursed for this contribution which was about the amount they donated yearly for a 4th of July Celebration prior to the Buckaroo Days, and if it were not for the Buckaroo Days he would contribute this amount each year. The American Legion would like to have the names of any merchants or business men who feel they have not received full value. It is also rumored up and down Main Street that the Buckaroo Days has some \$12,000.00 cash in reserve. With the exception of a few hundred dollars in the General Fund used for operating expenses, what reserve fund they have is in War Bonds and like any sound responsible business, is held in reserve as a sinking fund in case of an emergency due to bad weather or other cause beyond our control. One bad year could entirely wipe out this reserve and the merchants would have to put up another guarantee fund if they wanted the present rodeo to continue.

To run a rodeo takes a world of time, skill and manpower throughout the year as well as at Rodeo time. If the Legion were paid at present prices for the services which they now donate, it would represent \$6,500.00 this year. Is it fair to say that the Legion is running this show only for itself when it is donating \$6,500.00 a year to the Community Service in this one activity alone? The American Legion has always been and still is willing to cooperate to the fullest extent in continuing their interest and service in the Community Welfare, and we think it is unfair that criticism has been made of our president and directors of the Buckaroo Days Association until both sides of the story have been heard and the facts checked.

Respectfully submitted,
