

Truman Seeks Funds' Repeal

WASHINGTON, June 10 (AP) President Truman today recommended to Congress the repeal of appropriations totaling \$3,089,436,596 plus contract authorizations totaling \$174,178,000.

A White House statement said these amounts are in addition to three previous rescissions totaling \$53,914,924,373 in cash and \$4,674,706,880 in contract authorizations.

Included in the appropriations recommended for repeal today were \$1,138,258,365 for the civil agencies of the government, \$1,563,283,418 for the war department and \$387,894,813 for the navy department.

The major reductions, the statement continued, include:

1. A cut of \$80,070,000 in appropriations for the war shipping administration, due to "revision of shipping expenses and of claims against the war risk insurance fund."
2. A reduction in appropriations of \$378,480,000 for the maritime commission and re-

peal of contract authorizations of \$173,678,000, both made possible "by revisions of the maritime program."

3. A reduction in lend lease appropriations of \$872,000,000, "made possible by further progress in the liquidation of the program."
4. A reduction of \$3,100,000 for the previous estimate of the number of beneficiaries."

New Convict Camp Begun On Highway

LAKEVIEW, June 10—With California state highway engineers in charge, work was started last week on construction of the convict labor camp near Sugar Loaf mountain. The camp will house the convicts who will be engaged in reconstructing highway 395 between New Pine Creek and Alturas.

When completed the new road will eliminate the most dangerous stretch of road on the entire Three Flags route.

If we could fly to visit our celestial neighbors by airplane, it would take seven weeks to reach the moon, and about 50 years to reach the sun, if we averaged 200 miles per hour.
