

Tulelake Road Complaint To Be Given Legislators

TULELAKE, June 11 — An outline of unsatisfactory highway and road conditions in this area will be presented to the California legislative fact-finding committee which will be in Tulelake Thursday night. Senator Randolph Collier of Siskiyou-Del Norte counties leads the group which will be here for a discussion of local problems. Charles Wiese will present the

community's brief on road conditions. He will point out that last fall's crop tonnage was 201,077 in the Tulelake area, this tonnage moving over 160 miles of unsatisfactory road. There are 3000 farm trucks over the 3000-pound class in this area and some 500 Oregon trucks that also operate part time in California. Passenger cars in the district are estimated at 1160.

County Budget Meeting Set

The proposed county budget for the next fiscal year will be printed again in full, as required by state law, in The Herald and News this coming Saturday and then on Friday, June 28, at 10 a. m. in the county court rooms of the court house a public meeting will be held on the budget estimate.

At this meeting any person having an objection to any part of the budget will be heard by the budget committee and county court.

The budget for 1946-47, which goes into effect July 1, calls for county expenditure of \$635,940.82 for the year, and that figure includes money budgeted for a \$600 a year raise for the county elective officers—members of the county court, sheriff, county clerk, tax assessor and treasurer—subject to approval of the state legislature.

Original estimate sheets, prepared by department heads and from which the final estimates were made, are on file at the county clerk's office and are open to public inspection.

Pioneer Association Intends To Disband

PORTLAND, June 11 (AP) — The Oregon Pioneer association plans to disband after its 74th annual reunion June 20, H. L. Rees, its president, reported today.

There aren't many of us left," Rees observed as he recalled organization of the group at Butteville, Marion county, in 1871 for residents living in Oregon when statehood was granted in 1859.

A "sizeable fund" now in the association treasury will be given the Shrine hospital for crippled children, if the board approves, Rees said.

Early Potato Crop Soars To New High

WASHINGTON, June 11 (AP) — The agriculture department reported today that the commercial early potato crop was indicated at 75,010,000 bushels as of June 1—the largest on record. The crop last year total 64,805,000 bushels and the 10 year (1935-44) average was 48,965,000.

Attends Conference—Isola Parker, executive secretary of the Klamath County Public Health association, attended the Jackson county social hygiene conference in Medford Monday. Speakers were Mrs. Eleanor Shenhon, assistant director of the American Hygiene society, and Dr. Percy M. Pelouze, consultant for the United States public health service.

RHEUMATISM and ARTHRITIS

I suffered for years and am so thankful that I found relief from this terrible affliction that I will gladly answer anyone writing me for information Mrs. Anna Pautz, P. O. Box 825, Vancouver, Wash.

What Is Wrong When Prayer Fails!

Thirty years ago, in Forbidden Tibet, behind the highest mountains in the world, a young Englishman named Edwin J. Dingle found the answer to this question. A great change came over him. He realized the strange Power that Knowledge gives.

That Power, he says, can transform the life of anyone. questions, whatever they are, can be answered. The problems of health, death, poverty and wrong can be solved. In his own case, he was brought back to splendid health. He acquired wealth, too, as well as world-wide professional recognition. Thirty years ago, he was sick as a man could be and live. Once his coffin was bought. Years of almost continuous tropical fevers, broken bones, near blindness, privation and danger had made a human wreck of him, physically and mentally.

He was about to be sent back to England to die, when a strange message came—"They are waiting for you in Tibet." He wants to tell the whole world what he learned there, under the guidance of the

able to the board on terms acceptable and in time to organize it as an educational unit to operate this coming September, the board will not undertake to operate a unit at Klamath Falls during the coming college year, but that the proper government authorities be notified that should the board be unable to accommodate the veteran load at its other facilities, it might at some later date, be interested in the utilization of the Klamath Falls facility if it is still available.

"Since emergency conditions might arise which would warrant operation of such a unit at a later date, this action does not constitute final abandonment of the Klamath Falls project."

The board approved a tentative budget for 500 students at the Vaupert extension center instead of a 1000 student program asked by Dean J. F. Cramer. The board explained, however, that if registration indicated need of the larger budget, it could be increased.

Requests of both the Eastern and Southern Oregon Colleges of Education for permission to add two year agriculture courses were denied following a tie vote by the curriculum committee. The committee recommended further study of the proposals.

Many expressions of disappointment were voiced by Klamath people today over the action of the state board on the Marine Barracks educational center proposal.

"It will be a 'crime' if sound public use is not made of the Marine Barracks," was the comment of Mayor Ed Ostendorf.

Manager Charles R. Stark of the chamber of commerce pointed out the statewide significance of the barracks proposal, which was strongly pushed by Governor Earl Snell and U. S. Senator Guy Cordon, as well as Senator Wayne Morse and Congressman Lowell Stockman.

"This was never promoted as an exclusive Klamath project because we felt it would be of such value to the veterans of the entire state," said Stark. "The barracks usefulness for the suggested purpose was so obvious that it attracted support of the highest calibre. Today's development is most unfortunate."

Stark said that chamber committees will make further study of possible public use of the hill installation.

Expressions of disappointment were heard from a number of people who had hoped to send their children to the proposed institution on the hill, as well as from a number of war veterans who had planned to enroll there.

Senator Seeks Test For OPA

WASHINGTON, June 11 (AP) — Senator Vandenberg (R-Mich.) proposed today that congress find out who is right about price controls by lifting regulations of a single industry as an experiment.

"Let us have a clinical demonstration to determine who is right and who is wrong," he said. "Let it be a conscious experiment with one key industry."

Democratic Leader Barkley (Ky.) told the senate the added year of life asked for OPA will be his last.

Opening debate on the banking committee's price control extension bill, Barkley said it is "regrettable" that OPA has to be extended, but that dropping controls now is "impossible."

Extension is necessary, he went on, because demand for goods still is far ahead of production and attainment of a balance has been retarded "by interruptions (to production) due to controversies between labor and management."

These controversies, Barkley said, have been "inevitable" or at least "unavoidable."

Barge Loads Exceed Portland Exports

PORTLAND, Ore., June 11 (AP) — Barge traffic up the Columbia river through Bonneville locks exceeded in tonnage Portland harbor's foreign exports in May, army engineers reported today.

They listed the barge traffic at 68,459 short tons and Portland exports at 59,665 short tons.

Most river traffic upstream was gasoline and oil. Downstream traffic included 3138 tons of wheat and 3,190,000 board feet of logs.

Today was the 100th anniversary of the birth of Capt. Oliver Applegate, noted Oregon pioneer and long-time resident of the Klamath country.

Budget Seeks Police Raise

(Continued from Page One)

\$2100 to \$3000. The building inspector's salary was raised \$300 a year.

For the fire department a \$4020 raise was okayed, and the mayor's office received a \$3027.47 budget for supplies and equipment next year.

Under the general dog pound fund, the dog food, medicine and supplies figure was raised from \$300 to \$400. New buildings and improvements at the dog pound were given an estimate of \$4900, and the gas, oil and repair budget cut from \$600 to \$200.

Another cut was made by the committee in the street department's planning commission's budget from \$1000 to \$500, and shop tools received a decrease from \$1900 to \$1000.

Because of the necessity of removing power line poles for the improvement of S. 6th, the general light and water fund was upped from this year's \$35,000 to \$38,228. A parking meter allocation of \$15,000 was okayed in event meters are voted in.

For operation of the airport, when it is taken over by the city, the budget committee authorized \$41,016, to be drawn out of the airport sinking fund, the municipal airport levy fund and from anticipated revenues.

The total voluntary budget application amounts to \$137,121.50, an increase of \$17,625.45, over this year.

Soviets Agree To Air Lines

VIENNA, June 11 (AP)—Gen. Mark W. Clark, commander of U. S. occupation forces in Austria, reported to the joint chiefs of staff in Washington today that Russian authorities have agreed to the establishment of straight air lanes over Soviet-controlled territory between Vienna, Linz, Budapest and Prague.

The agreement eliminates some of the flying difficulties which resulted in the buzzing of American planes by Russian fighter pilots recently, but the Russians still have not granted freedom of the air as requested.

VETO ROLL CALL

WASHINGTON, June 11 (AP) — All four Washington democrats—Coffee, De Lacy, Jackson and Savage—voted today against overriding President Truman's veto of the Case labor disputes bill, as did Rep. Angel (R-Ore.)

Reps. Norblad and Stockman, Oregon republicans, voted in favor of overriding, as did Rep. Holmes (R-Wash.). Rep. Ellsworth (R-Ore.) was paired for overriding. The roll call failed to show a vote by Rep. Horan (R-Wash.)

Men Wanted for Track Work on Southern Pacific
LIVING ACCOMMODATIONS FURNISHED FREE!

Southern Pacific urgently needs track workers to help lay track and ties, ballast the roadbed and keep the line in good condition. Healthful, outdoor work. No experience required.
If you work with a section gang (stay in one locality and maintain one section of track) the company furnishes housing, fuel, light and water, without cost.
If you work with an extra gang (out on the line) you'll have outfit cars to live in. You'll get board at reasonable prices, too.
Enjoy these valuable railroad benefits: medical and hospital care, insurance, pass privileges and a fine retirement pension plan.
Remember, you need no experience to be a track worker. You'll catch on quickly. Remember, too, that Southern Pacific is a good outfit to be with—a permanent company with plenty of work ahead.
