HIGH SCHOOL GRADUATES!

Where will you find a job with all these advantages?

AIR FORCES—GROUND FORCES—ADMINISTRATIVE AND TECHNICAL SERVICES

IF YOU'RE a young man just out of high school, and have the physical and mental qualifications for enlistment in the Regular Army, no career in the world offers you a greater opportunity.

You can have the finest technical training, and be well paid while you learn! Army pay compares favorably with that in almost any civilian job—for you get food, clothes, housing, medical care, low cost insurance and a host of other advantages. You will have every chance, too, for promotion and higher pay.

You'll be working with other keen young men of your own age, using the most modern equipment, doing an interesting, constructive job. What's more, you'll have an opportunity to fulfill your personal responsibility—by helping your country keep its commitments in the post-war years.

COLLEGE, TRADE OR BUSINESS SCHOOL WITH EXPENSES PAID!

If you enlist on or before Oct. 5, 1946, you'll have educational benefits under the GI Bill of Rights. At the end of a 3-year enlistment, you'll be entitled to a full 4-year course in any college, business or trade school you choose and for which you are qualified for admission. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance (\$90 if you have dependents).

Get your friends and classmates together and find out—at the nearest Army Recruiting Station—what the Army holds for you!
