Salvation Army Building To Get Benefit Paint Job

Arrangements were completed today for a benefit paint job for the Salvation Army building, Fourth and Klamath, on Saturday.

Klamath's union painters, the paint dealers and painting contractors are collaborating in this bit of help for the well-known humanitarian organization.

The paint dealers are donating the paint, the union painters will slap it on without cost, and contractors are providing the equipment for the operation.

It is hoped to finish the job on Saturday. Refreshments will be served at noon to the painters.

The arrangements were made through the efforts of Sheriff Lloyd Low, who is a member of the Salvation Army board.

"After I got this idea, I got cooperation in a hurry," said Sheriff Low. "Everybody was willing to pitch in. The Salvation Army building needs a paint job, and its going to get it."

Tulelake Plans Softer Water

TULELAKE, June 19— A water softening plant at a cost of $15,000 will be installed at Tulelake in the near future.

Plans for the plant construction were discussed at a meeting of the city council Monday. The plant will include filtration, aeration, and softening, and will be incorporated into the present water system. The present well is slightly over 2000 feet deep.

The aeration section will be located on top of a steel tank of 25,000 gallon capacity.

Construction will be started in about 30 days with bids opening on July 1. Half of the cost will be from city funds and the other half from the state.

The present water contains 15 grains of hardness which will be remedied in the new plant, and sulphur gas will be removed in aeration. Free iron which is present, will be removed by filtration.

Discussion was put into the form of a resolution by Councilman Dick Moore.

In addition the city expects to put in a new well to augment the present water supply.

Tulelake is also organizing a street sprinkler system to sprinkle streets in the downtown and residential districts during the summer. Clarence Schott is street commissioner. Plans are also underway to start a street clean-up program next week.

Budget Chief Quits For Post with Bank

WASHINGTON, June 19 (AP) Harold D. Smith quit as director of the federal budget today to become vice president of the new $7,670,000,000 international bank.

President Truman accepted his resignation "with regret," Press Secretary Charles Ross told reporters, and only because of the importance of his new assignment.

Smith's new job means that the top two posts in the world bank will be held by Americans. The president is Eugene Meyer, until recently the editor and publisher of the Washington Post.

Police to Receive More Clothes Money

Policemen will receive an additional $8 a month clothing allowance with the $10 a month pay raise already approved for the department Mayor Ed Ostendorf said today. The budget committee, meeting yesterday, recommended the payment for clothing.

In the past policemen have paid for their own uniforms. This allotment and the raise now makes the base pay for patrolmen $213 a month.

NO VAPOR-LOCK to mar your trip . . . It's

AROTANE FOR ACTION

DUAL OCTANE QUALITY GASOLINE

★Some of your finest pleasure trips will take you through desert and mountain country, where vapor-lock is most likely to strike. Vapor-lock occurs when "wild" gaseous fractions in gasoline vaporize *in the fuel line*. Back pressure is created which blocks the flow of gasoline to the carburetor. The engine stalls and cannot be re-started until the vapor cools and becomes liquid again.

These overly volatile elements that cause vapor-lock are *not present* in AROTANE. Associated's record-size fluid catalytic cracking unit makes possible *volume* production of high octane gasoline components with correct volatility characteristics. It makes unnecessary the inclusion of elements either too heavy or too light for perfect performance under all driving conditions.

AROTANE'S Dual Octane Quality and controlled volatility eliminate vapor-lock, and give you instant starting, full and uniform power, smooth, fast acceleration at all speeds, and surprisingly long mileage. Yet AROTANE costs you no more than other premium gasolines — at Friendly Associated Dealers throughout the West.
