

Baruch Plan Aid Pledged By Truman

NEW YORK, June 28 (AP)—President Truman pledged his full support today to Bernard Baruch in a message to the United States delegate at the United Nations atomic commission went into working session.

The president's message said: "As the atomic energy commission on which you have been so ably representing our country begins its more detailed discussions, I want to assure you again of my full support and of my confidence that your participation in this great task, so vital to the peace of the world and the welfare of mankind, is in good hands.

"I have been following and shall continue to follow your work with the closest attention and with every hope and prayer for its success."

Speed Urged

Baruch told the working committee, which met in closed session, that the commission should proceed "with the utmost speed" since "time presses and each day finds the world less secure."

Baruch then presented a chart showing the areas of agreement and disagreement on various points as outlined by delegates to date.

The committee voted unanimously to authorize Dr. H. V. Eyring of Australia, commission chairman, to name a small working committee to draft an analysis of the problem.

Soviet Russia tossed a voting controversy into the lap of the atomic energy commission today when she served notice that she would fight for a rule requiring a two-thirds vote for approval of all questions before the commission.

That was one of the first questions scheduled for action as the commission was called into session for its first meeting as a working committee to start laying the groundwork for a permanent atomic control agency.

Japanese Diet Abuses Woman

TOKYO, June 28 (AP)—The Japanese diet, long on debate and uproar under an allied-given freedom, had another tumultuous session today with a woman member being shouted down with cries of "shut up, ye woman!"

Communist Sanzo Nozaka was under muffled heckling from the liberal (right-wing) party when he denounced the proposed constitution as "an effort to retain a government of capitalists."

Into the din stepped Miss Kiyoko Miki, an independent, shouting at the top of her lungs "quiet please" and "give the communist a chance to speak."

The liberals, astounded at hearing a woman raise her voice in the diet for the first time, subsided at first, then fell to heckling again.

When she resumed shouting, she shouted right back "shut up, ye woman!" Nevertheless, she quit after a while and left the communist finish his speech.

Safety Conferences To Be Held In State

CORVALLIS, June 28 (AP)—District meetings will be held throughout Oregon in the next few weeks to consider recommendations of the President's Highway Safety conference, the Western Regional Traffic Institute was told.

Sidney King, Oregon public safety officer, made the announcement.

Col. Light B. Yost, executive director of the president's conference, urged mobilization of official and private groups to support proposals voiced at the national meeting. He emphasized the private citizen's role in helping make highways safer.

LEGAL NOTICE

SUMMONS
 Equity No. 792
 IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR KLAMATH COUNTY.
 EZZIE MCKAY, Plaintiff,
 vs.
 THOMAS W. MCKAY, Defendant.
 TO THOMAS W. MCKAY, DEFENDANT: IN THE NAME OF THE STATE OF OREGON You are hereby required to appear and answer the complaint of plaintiff on file against you in the above entitled Court on or before Friday the 28th day of July, 1946, that being the date of the last publication of this summons and if you fail to so answer or otherwise appear for want thereof plaintiff will apply to the Court for the relief prayed for in her complaint, to-wit: for a decree of divorce on the grounds of desertion for a period of more than one year. This summons is served upon you by publication thereof in the Herald-News once each week for four successive weeks, five insertions pursuant to order of the Hon. David R. Vandenberg, Judge of the above entitled Court, made and entered June 28th, 1946, the first publication thereof to be one 28th, 1946, and the last publication thereof to be made on July 20th, 1946.

Firemen Remove Injured

Firemen are shown removing an unidentified man injured in the blast which apparently occurred in the basement of the Baker hotel, Dallas, Tex. Seven persons were killed and 41 injured.—AP wirephoto.

Bronson Heads Tulelake Club

TULELAKE, June 28 (AP)—Rev. Hugh L. Bronson, long time secretary of the Tulelake Rotary club was installed Tuesday night as president, receiving the gavel from the retiring president, W. R. Moore. Dave Bridge accepted the office of secretary and H. T. Sweet, who has served as treasurer for several years also was installed. George Reiben and E. L. Bentley are the new directors. The installation ceremony was combined with annual ladies night and places were marked at dinner in the church annex for 94 guests and members.

John W. Houston, Klamath Falls, guest speaker, introduced by Moore, reiterated the fact that America is the last democratic stronghold of freedom and free enterprise and that because of that service groups as Rotary can continue to flourish. He recalled the friendly cooperation between the Tulelake and Klamath Falls communities in the promotion of better roads, schools, the agricultural program and the reclamation projects as an example of the "give and take" attitude that the world must accept if peace is to be assured.

Retiring President Moore was presented with a gift from the club, with a past president's pin and with his attendance badge. Guests were Mr. and Mrs. John Houston, Klamath Falls, Mr. and Mrs. Dick Henzel, Malin, and Carl Metzger, Redding.

The dinner was served by the Guild of the Tulelake Community Presbyterian church under the direction of Mrs. Roy Urbach.

CIO Timber Men Approve Raises

PORTLAND, June 28 (AP)—A 5-cent-an-hour pay boost throughout the northwest was approved by 87.5 per cent of some 40,000 CIO International Woodworkers of America, President James Fading reported today.

Other contract terms offered in recent negotiations also were approved by the workers, who balloted by mail. The changes are retroactive to April 1.

The industry boosted minimum wages in the northwest for industry to \$1.10 an hour and \$1.02 to \$1.07 in pine.

Airman Doubts Bikini Success

KWAJALEIN, June 28 (AP)—Maj. Alexander de Seversky, staunch apostle of air power, predicted today that if the atomic bomb explodes "exactly as planned the damage will be very slight and disappointing."

"I don't think much of the atom test," the outspoken major declared. He has said before he thinks the destructiveness of the atomic bomb has been overdrawn.

De Seversky made his comment as he arrived with a group of scientists and congressmen to observe the Bikini test scheduled for Monday (Sunday, U. S. time).

He did not have a chance to elaborate before he was hurriedly escorted to an automobile by Brig. Gen. Roger R. Ramey, commander of the 20th bomber command, and Brig. Gen. Thomas Powers, assistant commander of the army's atomic test operations.

Ramey and Powers grasped De Seversky by each arm and virtually whisked him into the automobile away from reporters.

It was the second eyebrow raiser for reporters during the day.

House Rejects Reorganization

WASHINGTON, June 28 (AP)—The house today passed overwhelmingly legislation disapproving three plans by President Truman to reorganize federal agencies.

The presidential proposals were submitted to congress May 16. They will become law by July 18, unless the senate also adopts legislation disapproving them.

The plans and the vote by which they were rejected were:

1. To centralize all federal housing activities in one agency. Disapproved by a 180 to 37 standing vote.
2. To consolidate assorted welfare and security activities in the federal security agency. Disapproved 166 to 40. Standing vote.
3. To transfer more than a score of functions within various agencies. Disapproved by a voice vote.

Grange At Merrill Gets State Report

MERRILL, June 28 (AP)—Merrill Grange 717 met Monday evening with worthy Master Gus Hagglund presiding. Reports were heard on the state grange session at Baker, from Mr. and Mrs. Ray Aubrey and Mr. and Mrs. Henry Anderson.

Wallace Reid, special state deputy, paid the lodge an official visit and spoke on building membership in the grange. Mrs. Reid accompanied Reid, visiting the grange fraternity. Another fraternal visitor was Keith Hockersmith.

It was announced that Ray Aubrey has been appointed grange insurance representative for the Merrill-Malin vicinity, also announced at the meeting, that the members will form a degree staff, and sometime in February will hold joint initiation with the Malin grange. It was decided to hold a rummage sale sometime this fall to raise money to buy regalia for the degree staff. Mrs. Ray Aubrey is general chairman of the sale.

Mr. and Mrs. Henry Anderson, Mr. and Mrs. Ray Aubrey and Mrs. Beasley will serve on the refreshments at the next meeting.

Hubby Paid, Too

In a Los Angeles court actress Doris Welch heard accusation she charged her husband \$5 a kiss during wedded life with Sidney Raskin, bakery owner. She drew a contempt of court sentence for saying a naughty word during testimony.

Major Roswall Offers Thanks

Major Roswall, on behalf of the Salvation Army corps and advisory board, wishes to thank publicly the local painters union for contributing labor in redecorating the Salvation Army headquarters at 4th and Klamath, and the following Klamath paint dealers for their donation of paint for the job.

Suburban Lumber company, Big Basin Lumber company, Copeland Yards, Builders Lumber company, Drake Lumber company, Swan Lake Moulding company, General Paint company, Klamath Valley Lumber company, Goeller's Paint store, Roberts Hardware company, Home Lumber company, Sears, Roebuck and Montgomery Ward.

A good portion of the painting was done Saturday and the rest finished on Tuesday evening. The corps ladies served a hot meal to the workers each day.

The appearance of the building has been greatly improved by its fresh coat of cream paint with buff trim. Sheriff Lloyd Low, a member of the Salvation Army advisory board, was responsible for the above arrangements and is to be thanked for the success of his efforts.

British Arrest German Rioters

HAMBURG, June 28 (AP)—British authorities held an unannounced number of German civilians under arrest today following a mass demonstration staged by Hamburg residents yesterday to protest an order directing 30,000 persons to evacuate their homes to make room for the families of British military personnel.

The demonstration, in which approximately 4000 persons participated, was the first large scale manifestation of resentment against the allied occupation.

The defiant crowd assembled in the city square chanting "first phosphorus bombs, now removal"—a reference to allied air raids which destroyed a great part of the city—and boomed Burgemeister Petersen when he appealed to the demonstrators to disperse.

Portland Sanctions Underground Parking

PORTLAND, June 28 (AP)—Private operators will be allowed to establish underground parking facilities in the downtown plaza blocks here, under a resolution passed by the city council.

The Portland retail trade bureau had recommended the parking lot, for 1700 cars.

The city attorney will investigate use of the north and south park blocks for a similar project.

Alexander Stephens, of Georgia served as vice president with Jefferson Davis during the days of the Confederacy.

House Rejection

WASHINGTON, June 28 (AP)—The house today passed overwhelmingly legislation disapproving three plans by President Truman to reorganize federal agencies.

The presidential proposals were submitted to congress May 16. They will become law by July 18, unless the senate also adopts legislation disapproving them.

Bilbo Defies Negro Votes

JACKSON, Miss., June 28 (AP)—The state of Mississippi, with a population almost half negro, is moving tensely toward its first major contest at the polls since the U. S. supreme court ruled unequivocally that negroes could vote in all primaries.

The contest next Tuesday features the effort of Theodore G. Bilbo, outspoken advocate of white supremacy, to obtain his third democratic nomination to the senate — the equivalent of election in this one-party state.

Bilbo has defied the federal government to back up the justice department's announcement that it will enforce the negro's right to vote. He has called upon "all red-blooded Anglo-Saxons" to prevent negro voting, and has offered his "legal services to anyone who gets in trouble."

If negroes attempt to vote, Bilbo said they should be challenged on the basis of a Mississippi law which says no one is eligible to vote in a primary who has not been "in accord with the party for the preceding two years."

"If election officials don't challenge them, you challenge them," Bilbo said. "Let the election officials put his ballot in an envelope. Then we'll see how he voted and later the democratic executive committee can decide whether he is qualified. You know what I mean. You aren't dumb."

Fiscal Outlook Good For Year

WASHINGTON, June 28 (AP)—Prospects appeared good today for the government to finish out its fiscal year Sunday more than \$1,000,000,000 better off than President Truman forecast in April.

But the 12-month deficit still will top \$20,000,000,000, and much of the "saving" may simply spill over into the books for the next fiscal year.

Latest treasury figures indicate that revenue receipts may top the \$42,932,000,000 Mr. Truman forecast April 11, while actual expenditures may fall below his \$64,654,000,000 estimate by more than \$1,000,000,000.

Spending on defense, war and war liquidation and on the "aftermath of war"—veterans, debt interest and tax refunds—also seemed likely to fall below Mr. Truman's guesses of \$48,683,000,000 and \$1,303,000,000 respectively.

Spending on other government activities, however, appeared likely to exceed his estimate of \$3,004,000,000.

The public debt, now around \$269,240,000,000, is scheduled for another reduction as cash redemption of \$2,000,000,000 in public debt securities begins July 1.

Sudden Death Takes Logger

Henry A. Coultas, 61, a logger formerly employed by Long Bell Lumber company, was found dead lying across his bed in a room at 410 S. 5th early this morning. Death was attributed to a heart attack.

Purl Johnson, who also lives at that address, found the body at 6:45 this morning, and called city police. It was believed that Coultas had been dead since about 8 o'clock last night. He was last seen yesterday afternoon.

Among the dead man's effects was found \$1070 in cash, a \$10 money order and a valuable wrist watch. The body and personal belongings were removed to Ward's funeral home. Coultas does not have any relatives here, it is believed.

Shortage Of Beer May Cut Into Cheer Of Rodeo Days

They have been promised a good supply of bottled beer and will put up a portion of it for each day. When that is gone, no more until the next day.

The state liquor store will be closed July 4, that being a holiday, and the shortage of good whisky, or for that matter, any kind of whisky, is more serious than the beer lack. The lineup outside the state store at noon and 5 p. m. each day is graphic testimony as to when the real stuff is put on sale, and not long after the line has started passing in review before the sales windows, the "no whisky or gin" sign is hung in a conspicuous place.

For the more thirsty or courageous, there is generally an ample supply of wine, brandy, rum and other bottled goods with alcoholic content.

The bottle bars along the main stem, with plenty of mixers on hand, will probably all be open July 4 to serve those who are fortunate enough to acquire a bottle.

So, all in all, the outlook isn't too dismal for those who place conviviality high in the list of requirements for a merry July 4 and rodeo celebration.

Jap Sub Sinking Near B.C. Told

LONDON, June 28 (CP)—What is believed to be the first official mention of sinking of a Japanese submarine off the Queen Charlotte islands July 9, 1942, was disclosed today in a British white paper which showed Canadian naval and air force units bagged 49 of 996 enemy submarines destroyed by allied action in world waters during the second great war.

The paper credits the sinking of the submarine near the Columbia coast to RCAF aircraft operating with the United States coast guard cutter McLane and the U. S. ship YP 251.

OPA Raises Prices For Canned Salmon

WASHINGTON, June 28 (AP)—OPA today boosted price ceilings on canned salmon by 10 per cent for consumers, canners and wholesalers.

The jump at retail will amount to a rise of two to three cents for a one-pound can of pink salmon and four to five cents for Alaska red salmon, OPA said.

It stems from a 10 per cent increase in canners' prices for all canned salmon, designed to cover wage and operating costs as well as new taxes to be levied by the territory of Alaska.

Some stars in the heavens are estimated to have temperatures as high as 1,800,000,000 degrees.

Illness Takes C. G. Brannan

Chester Guy Brannan, 52, for the past 20 years a resident of Klamath Falls and a former resident of Macdoel and Ashland, died at Hillside hospital at 4:10 p. m. Thursday following a 10-day illness. Death was attributed to a heart ailment which Mr. Brannan had suffered the past two years.

Mr. Brannan had been with the Chevrolet garage here for 19 years and was with Ashley's mechanical department at the time of his death. He was prominent in the Eagles lodge and was a veteran of World War I.

In addition to his wife, Sylvia, 4629 Thompson, Mr. Brannan is survived by one daughter, Joyce Marie, and a step-son, Lt. Clifford A. Clayton who is now on duty in the Philippines. Contact is being made with Lt. Clayton today and if he is permitted to fly here for final rites, arrangements will be made pending his arrival. Lt. Clayton has been overseas 22 months. Mr. Brannan's mother, Mrs. Martha Ellen Brannan, resides at Macdoel. He was born April 17, 1894, in Mullen, Neb., and came west at an early age. Ward's is in charge of services.

Army Picks 'Top Cream'

WASHINGTON, June 28 (AP)—President Truman today nominated 9800 "top cream" veterans of World War II as permanent officers in the regular army.

They were selected by the war department from an original list of 108,000 applicants, all of whom held temporary commissions in the wartime citizen army.

The nominations, which went to the senate for confirmation, will bring the officer corps of the regular army to its authorized strength of 25,000.

A senate military subcommittee yesterday approved doubling this figure to 50,000 after hearing Gen. Dwight D. Eisenhower testify that the additional officers may be needed for the next 25 or 30 years.

The war department said it employed a new screening process in the selections designed to find "the best leaders in the world today."

Voluntary withdrawals and failure to pass rigid physical examinations trimmed the original applicant list from 108,000 to 81,000, the department said.

Vocational Program Aid To Handicapped

SALEM, June 28 (AP)—The state vocational rehabilitation program has served 3500 physically handicapped Oregon residents in the past three years, the vocational rehabilitation division announced today.

It has found jobs for 890 of those persons. The division provides counseling, medical, training and job placement services.
