

Clean-Up Plea Made To Council

First steps were taken at last night's city council session by property owners on Pacific Terrace to petition the city to clean up the parking strip in that area.

Mrs. Leslie Rogers of 851 Pacific Terrace was present to tell the city fathers her feelings on the conditions there. According to Mrs. Rogers, who was there to represent the property owners whose signatures were on the petition, all kinds of rubbish and debris are dumped on the park strip, making it unattractive. She asked that the city cooperate in sending men to clear it off.

Answering Mrs. Rogers, Councilman Paul Landry explained that no funds have been designated for that purpose. He added that money from the park fund could not be used fairly by putting it into the "best-fixed area in town." He indicated that there are many other districts where the money should be used.

"We can only use as much money as you people give us," Landry said, bringing a sharp retort from Mrs. Rogers: "We certainly give you enough!"

District Proposed

Councilmen suggested that if Pacific Terrace property owners petitioned to make their street an improvement district, the street could be widened and improvements made.

The mayor and city engineer agreed to study the matter with a report later. Mrs. Rogers has announced that there will be some representative from the

LOOK HERE!
there may be
NO SOAP for
a MONTH!

IT COULD HAPPEN! The world-wide shortage of fats and oils is desperate. Unless you and every American housewife keep turning in your used fats, a whole month's supply of soap may be lost to each one of us!

Goodness! I'd better get back to saving every drop of USED FAT!

DON'T LET SOAP SHORTAGES get worse! Skim, scrape, and scoop every drop of used fats. Tell your neighbor, too. Used fats are urgently needed for soap and other peacetime goods!

TURN IN MORE USED FATS
GET 4¢ FOR EVERY POUND

property owners at every council meeting until a satisfactory decision is reached.

Plans and specifications for the proposed improvement of Martin street were accepted by the council and the city engineer was given authority to continue work on the project.

A representative of the South Sixth Street Improvement Association, a newly-formed group, was present to ask that some kind of traffic control be set up on the portion of S. 6th within the city limits. He was especially concerned over the traffic problem when circuses and carnivals are situated there.

Traffic Study

The council promised to contact the state to have a state officer there to direct traffic when the carnival comes later this month. Meantime, further study will be made to regulate traffic permanently.

City Engineer E. A. Thomas reported on paving plans for Willow street, and the council awarded the contract to Warren-Northwest company for that job, patching and reinforcing of various streets and the improvement of an alley in block 36 of the original town. The jobs total \$25,570.80.

Jack Murphey asked the council what is being done about the improvement of Doty street. It was explained that the assessment value of the vacant property is so much lower than the cost of improvement that it is impossible for the city to do the job under the Bancroft act. Several times recently the suggestion has come up that the entire county be reassessed to bring the assessment value and the cost of improvement into line.

Routine business ended the meeting.

Pay Dispute Closes Tacoma Drug Stores

TACOMA, July 2 (AP) — The majority of drug stores in Tacoma and Pierce county were closed this morning by a dispute between clerks and store owners.

Fred Dymont, secretary of the Pierce County Retail Drugists' association said conflict over wage rates and weekly hours of employment precipitated the strike. Members of the Drug Clerks union (AFL) were in conference during the morning and could not be reached for comment.

Most of the stores opened for business at the regular time today but began closing shortly after and almost all were locked up by 10:30 a. m.

BANKRUPTCY ON WAY?

Editor of Herald and News, City.

Dear Sir:

There seems to be great concern just now about the OPA and whether the country would benefit with its being continued or discontinued.

In spite of OPA, costs are less than \$50 per year lower than they were in 1920. So says Mr. Gabriel Heater.

But this estimate does not take into consideration the money granted by Congress for subsidies or the salaries paid to the employees of the OPA, or the expense to business, in time, annoyance, and cash expended in keeping records, visiting the local OPA office, etc., in trying to comply with the many and constantly changing OPA rules.

This amount of money can come from only one source, taxes. And when this expense is added to the cost of living, as it must be, I think it will raise the estimate of the cost of living to much more than the 1920 level.

I think the OPA might serve a useful purpose, perhaps sufficient to justify its continuance, with its expense and bother, if we also could have another bureau to supervise the OPA. But if that were done, then we would need another bureau to watch them both, and so on and on. And the poor heavy-burdened tax payer would pay for it all.

The United States of America was built by free initiative and competition and it is the greatest nation in the world. It was noted for its high standards of living and individual freedom. But now, with OPA curtailing production, abolishing competition, and strangling initiative and with a congress that wastes the taxpayer's money at a rate far beyond the national income, I wonder how long will be before the United States is a bankrupt nation, or how long there will be a United States of America.

Sincerely,
MRS. J. W. SHOOK,
3704 Boardman Avenue,
Klamath Falls, Oregon.

Court Decrees Liquor Return

SALEM, July 2 (AP) — The state supreme court ruled today that the Oregon Liquor commission must return to the Merchants Wholesale Co., of Los Angeles \$11,010 worth of whiskey which the commission seized last year.

The court's opinion, by Chief Justice Harry H. Belt, upheld Circuit Judge Earl C. Latour-ette of Clackamas county, who found that while the commission acted in good faith, it had no right to seize the liquor.

The liquor was stolen in Los Angeles by two men, who brought the liquor into Oregon by truck. State police, stopping the truck near Canby for a minor traffic violation, discovered the liquor, and turned it over to the liquor commission.

The commission contended it had a right to seize the liquor on grounds that the commission has a liquor monopoly. But the high court ruled that the liquor still belongs to the company, and

that the company should take it back to California as quickly as possible.

The court handed down nine unanimous opinions today, and then announced it would be in recess until September 3.

Intoxicated Driver Fined At Tulelake

TULELAKE, July 2 — Roy Bird of Tulelake pleaded guilty yesterday to driving a vehicle on a public highway while under the influence of intoxicating liquor.

In Justice of the Peace E. L. Booth's court, Bird paid a fine of \$100 for drunk driving and \$50 for not having a valid operator's license. A sum of \$45 was suspended on the operator's license charge.

Hand grenades were first used in warfare during the 15th century.

KF Man Heads Oregon Eagles

At the closing session of the Oregon state convention of the Fraternal Order of Eagles in Astoria, M. L. Shepherd of Klamath Falls was elected state president. The convention was held June 27, 28 and 29.

Other officers include Alvin C. Lucas of Medford, vice president; and L. A. Hamilton of Salem, secretary. Medford was selected to be the 1947 convention city.

Shepherd joined the local F.O.E. in 1938 and in June of 1942 became president of this lodge. During the term year, 1944-45, he served as state vice president. In this year's election he was unopposed.

He is expected to return from Portland tonight.
