

231 Traffic Deaths Toll For Holidays

By The Associated Press
The nation today counted up 231 deaths in traffic accidents during the four-day Independence celebration, but this toll was far less than had been expected and even considerably below that for an ordinary four-day weekend period.

The national safety council says 400 persons normally die in traffic mishaps during an ordinary four days which included a Saturday and Sunday. Weighing this average to allow for extra holiday traffic, the council had estimated 450 would lose their lives in road accidents from 6 p. m. (local time) last Wednesday to 12:01 a. m. today.

However, several hours after this period had ended reports from throughout the country showed a traffic toll of but 231. The council had predicted 1300 persons would die violently but only 512 violent deaths were reported, including the traffic fatalities, 163 drownings and 118 deaths from miscellaneous violent causes.

New York had more than any other state—a total of 37, with 17 of the fatalities the result of traffic accidents. Road accidents killed 16 in Ohio and 20 in Texas. Michigan had 20 drownings, California 10. Delaware and Vermont had no violent deaths.

Oregon Trains Fire Fighters

SALEM, July 8 (AP)—More than 900 men, including both regular and seasonal employees, will be available this summer for protection and fire suppression on the 12,500,000 of state and private forest lands under the jurisdiction of the state and private firefighting associations, the state forestry department said today.

Included are 100 full-time employees, 380 part-time and look-outs, and 435 men assigned to emergency fire camps.

The emergency fire crews will be assigned to 50 different camps over the state, with five to 20 men in each crew. Each crew has been given thorough training.

The camps are under the administration of district fire wardens.

The cost of the entire program will be around \$1,500,000.

Wrecked Plane Parts Found In Washington

SEATTLE, July 8 (AP)—The finding of bits of wreckage of a twin-engine plane which vanished April 26 with six persons aboard spurred renewed search today high in the Cascade mountains east of here.

Torn pieces of airplane fabric and wing structure, bearing partial license numbers, found yesterday were definitely identified as having come from a Cessna twin-engine light transport which disappeared after taking off from Seattle.

No bodies were found, nor was the major portion of the wreckage. Identification of the scattered debris was made by James Dunnam, manager of the craft's home airport here.

Man Jumps To Death From Empire State

NEW YORK, July 8 (AP)—Crowds visiting the 86th floor observatory of the Empire State building were horrified Sunday by the spectacular suicide of Charles Vogel, 67, who made two leaps to his death.

The man fell only one floor to a terrace in his first leap. He apparently injured his leg. Then he dragged himself over another guardrail and jumped 55 stories, landing on a 30th floor terrace more than 500 feet below.

William Biemer, night superintendent of the Mills hotel, said Vogel had worked there as an elevator operator and had been ill recently.

TRANSPORTATION NEWS

News from the railroads over the weekend indicated that everything was fairly quiet after the big rush over the holiday. An average of 25 or 30 freights are rolling through Klamath a day.

Southern Pacific has not done any track building the past week, although three miles of curve is going to be laid between Klamath Falls and Kirk, before the end of the month.

More track is being laid at Tulana farms, but by private concerns. They are building a spur from the clearance point of the SP track.

Great Northern is putting in a spur track to the Klamath Basin Pine Mills this month.

Getting off the track, Trainmaster Harold C. Chase of the SP is back on the job again.

Starch Plant Gets Material

Material is being gathered for the construction of the Hatfield Potato starch and glucose plant by the Northwestern Chemurgy cooperative. Authorization for construction of the \$27,500 plant came recently from the civilian production administration office in Sacramento.

Klamath Basin potato growers have subscribed \$100,000 to finance the erection of the plant. Since June 1 approximately \$49,000 worth of machinery has been unloaded here, according to Paul Matthews, local accountant, who is trustee for the growers' funds. Construction to be completed includes \$6000 to raise the warehouse and install a concrete floor, a \$17,500 drying building large enough to house a glucose plant, and a \$4000 office and laboratory building.

Prefabricated Homes Will Be Constructed

PORTLAND, Ore., July 8 (AP)—Prefabricated homes will be constructed in Portland, San Francisco and Los Angeles plants of the Prefabricated Engineering company, Dean Johnson announced today.

The company's president reported the purchase of the war surplus Columbia Steel castings plant for manufacture of 5-room homes to sell between \$6000 and \$7000, delivered and ready for occupancy. He said "several thousand" would be produced by next year.

Skidding Bus Lands On Lawn Of Church

VANCOUVER, Wash., July 8 (AP)—A loaded southbound North Coast Lines bus went out of control today to smash through light poles and a fire hydrant and land on a church lawn, injuring two passengers.

The accident occurred at 8:15 this morning at 28th and Main streets during a heavy down-pour. City police said passengers told them the bus was not moving rapidly, and just "seemed to go out of control" on the slick pavement.

Gale Bishop Reports To Spokane Indians

SPOKANE, July 8 (AP)—Gale Bishop, optioned to the Spokane Indians of the Western International baseball league by Indianapolis of the American Association, reported yesterday but watched the first game from the stands.

Team officials said he probably will not play until next week. Bishop is a former Washington State basketball and baseball star.

"MONEY-CONSCIOUS"
SEATTLE, July 8 (AP)—Mrs. Celena Thomas, who had been slugged and robbed in her apartment recently, answered a knock at the door. It was the bandit again.

"I want to apologize for what I have done," said the bandit. "I must have been drinking. I thought you might need these keys."

"How about my \$17," asked Mrs. Thomas.

The bandit's conscience didn't stretch that far. He turned and ran.

TAKE YOUR CHOICE
CHICAGO, July 8 (AP)—Chicago girls who want to be just like the girl that married Harry Conover can get started on the right track in the Chicago school system.

The Board of Education will inaugurate a five-week "glamor" course beginning tomorrow at Jones Commercial high school.

For those who don't want to be like Candy Jones other courses in typing, stenography and bookkeeping are available.

RADICAL SOLUTION
CHICAGO, July 8 (AP)—Inflation is hitting the boys on South Street—Chicago's Bowery.

One of them told a reporter that his living costs had gone up \$18 a week—with flophouse lodgings boosted from 15 cents to 30 cents and meals upped to 70 cents from 20.

"That's too much," this party said. "A guy can't relax." He said he planned to escape the vicious circle by going to work.

Air Taxi Service To Hawaii Planned

PORTLAND, July 8 (AP)—Charter air taxi service linking Portland-Seattle to the Hawaiian islands is planned by the Matson Navigation company, the firm reported today.

R. L. Kingsburg, Portland manager for the company, said the rejection of plans for regular airline service by the civil aeronautics board has resulted in the firm's charter service plan.

Kingsburg said other cities would be included in the charter flight. Under CAB ruling the charter flights must not be more frequent than 10 a month.
