PUT A JEEP On The Job!

USE IT AS A MOBILE POWER UNIT USE IT AS A TRACTOR

A "JEEP'S" not a tractor, a car or a truck; For a "JEEP" synonym, we're just plumb out of luck. Out the window with Webster and Roget in tatters! A "JEEP'S" just a "JEEP" (and that's all that matters).

Put a "JEEP" on the job... any job on the land! It plows, mows and harrows; does all you demand Of a truck or a tractor... a runabout, too. In your pasture or woodlot... more power to you!

Put a "JEEP" on the job any hour of the day! Let its mighty "JEEP" engine take you away Over no roads at all to that hard-to-reach spot. Put a "JEEP" on the job! It will show what it's got!

Put a "JEEP" on the job! Every farmer should know Of its world-famous engine, its pep, zing and go; Of the sure-footed thrust of its great 4-wheel drive! Put a "JEEP" on the job! Man! that "JEEP" is alive!

Put a "JEEP" on the job! It will power your thrasher, Plant your wheat, bind your corn. It's never at leisure! Shovel snow, paint your barn, fill your silo with fodder! Stack your hay, spread manure... and other things odder!

Put a "JEEP" on the job... any job that takes power! The "JEEP" will get out there at 60 per hour!... Furnish juice to your welder or air to your spray. Outworks 60 horses, but never says, "Nay!"

Put a "JEEP" on the job... the 4-purpose "JEEP!" In the foothills or mountains, no grade is too steep! You be the driver... step on the gas... Just see all the hazards the "JEEP" can surpass!

Put a "JEEP" on the job! Do you want to snake logs? Do you want to saw wood or carry your logs? Do you want to run fence lines or pick up your strays? Then you need a "JEEP" to serve you all ways!

Put a "JEEP" on the job... on the road... in the plant! In the "JEEP" language, there's no word like "can't!" Cross town with the "JEEP" on that hurry-up call... Pick-up or tow-load... no trouble at all!

Put a "JEEP" on the job! Feel its power and thrust!... And you'll know why the versatile "JEEP" is a "must" For the woods and the oil field... the quarry, the mine... For any old job that's far off the line!

Put a "JEEP" on the job! It's so easy to park! Its spring-cushion seats make driving a lark! Some different from wartimes, you'd have to admit... But the "JEEP" still has all that old "get-up and git!"

Put a "JEEP" on the job! How about that vacation? It will haul your house-trailer all over the nation! Are you a bold hunter?... A fisherman, too! Bet the "JEEP" knows some spots that are too wild for you!

Put a "JEEP" on the job! Save money four ways! Put your trust in the "JEEP" to the end of your days! Its mighty "JEEP" Engine and rugged steel frame Will add power and wealth to your excellent name!

A "JEEP'S" not a tractor, a car or a truck; For a "JEEP" synonym, we're just plumb out of luck. Gertrude Stein has the answer... our problem's not deep... A "JEEP" is a "JEEP" is a "JEEP" is a "JEEP!"

UNION PACIFIC RAILROAD

ROAD OF THE Steamliners AND THE Challengers

A Triple Treat Vacation Suggestion

SALT LAKE

UNION PACIFIC GOES THERE

LUND CEDAR CITY BRYCE ZION GRAND CANYON

Enjoy Southern Utah-Arizona's 3-in-1 travel attraction—three of America's most scenic National Parks, all in one combined sightseeing tour.

Bryce Canyon... the great horseshoe-shaped bowl filled with its weird rainbow-tinted rock formations; Zion... embracing some of America's most majestic monuments such as the Great White Throne; and Grand Canyon, immense, breath-taking in color, make up a brilliant array of the world's most spectacular, natural beauty. A variety of guest accommodations are available at all three Parks.

An additional attraction and an outstanding highlight of your vacation—will be your restful ride on a fast, comfortable Union Pacific train.

You can, if desired, visit this magnificent region as a convenient side-trip on the way to or from Southern California. Write for free illustrated folder describing these Utah-Arizona National Parks.
