**How to be a good neighbor**  
Actually it is really very simple. Being a good neighbor is mostly being . . . thoughtful, considerate and helpful.  
The same is true in being a good party-line telephone neighbor. When you're sharing a line with one or more neighbors, all of you get the most out of your service when you . . .  
• Space your calls instead of making an extended string of them.  
• Talk only as long as you have to on each call.  
• Replace the receiver properly when you finish talking.  
• Make certain, if you are using a dial telephone, that the line is clear before you dial.  
• Ask your youngsters not to monopolize the telephone. Thank you.
