

Sylvia Hillis Reigns Over Red Cross Auction Sale

The treasury of the Klamath county chapter of the American Red Cross was richer today by some \$1500.

An estimated crowd of 2000 people contributed to the fund when they gathered at the fairgrounds Sunday to attend the auction and buy everything from pies to a horse.

Eleven-year-old Sylvia Hillis, daughter of Mr. and Mrs. George Hillis, 810 Eldorado, reigned as queen of the auction, selected by members of the Klamath Saddle club on the basis of personality and horsemanship. Sylvia rode her own horse, Silver-Tip. She will receive a complete riding outfit from The Town Shop.

Smokey, the horse donated by Mrs. Frank Hurd and who started the auction plan, brought \$330 when he was placed on the block. Members of the Sheriffs posse first bought Smokey for \$175, and turned him back for re-auction. His new owner is Mike Zupan, 429 Commercial, who paid \$155.

The finale of the show was a double wedding in which Bonnie Ruth Ellis became Mrs. Dale

Dewey Stanley, 35, of Pelican City, and Lawrence James Manning, 34, of 1407 Hope, are held in the county jail charged with larceny in the theft of a power saw from B. V. Hyatt last Friday night.

Stanley and Manning were picked up last night by city police and under questioning told that they had left the saw at 5515 Cottage. It was recovered there by state police.

The saw was taken from a pickup truck owned by Hyatt while it was parked in the driveway of his residence at 1828 Division.

Pair Accused In Saw Theft

Chubby Bill toddled along unmindful of the wet bushes and the falling night. Then came a dad who had youngsters of his own, picked Billy up, and made for a phone. Yes, the police wanted a stray boy and in no time, a car rolled up and Chubby's father had the fellow in his arms. So Billy was saved from drifting away in the chill night and to what fate?

And when of high school age do they drift away? Do they stay out late of nights and when they get in, midnight say, are not our hearts glad? So we glimpse what our Lord meant when He told of the ninety and nine all safe in the fold and of how the shepherd tramped the hills searching for the one that was lost. Here we see ourselves as heaven sees us, with God's heart yearning to have us safe in the fold.

And we see the Good Shepherd, the Lord Jesus, who came to seek and to save that which was lost. To as many as receive Him as dying for their sins. He gives the right to name themselves the sons of God. Herein is love—Not that we loved God but that he loved us and gave his Son to die for our sins. So God would have us home.

Autoist Kills Deer On Road

It was a very quiet weekend in the traffic accident department, with nothing more than miscellaneous bumped fenders and scratched paint resulting and only one casualty being reported.

L. R. Jenkins of the Western Electric company, driving south on highway 97 about 20 miles below Chemult last night, ran into a three or four-point buck on the road, damaging the front end of his car and killing the deer.

Jenkins said that the buck ran out in the highway in front of his car about 30 feet away or closer and that there was no chance to avoid hitting it. He left the deer there.

Saturday in front of the Esquire theatre. The "Man from Canyon Passage" will be given a one-hour start on foot to elude the posse from a point about seven miles from Klamath Falls. At 2 p. m. the posse will be given the signal that starts the hunt and they have until 5 p. m. to make the capture.

Based on a dramatic passage in the Oregon-written, Oregon background picture, the stunt duplicates the screen search through the hills of southern Oregon for Brian Donlevy, cast as Camrose, the badman of Jacksonville.

Evatt Attacks Veto Exercise

NEW YORK, July 15 (AP)—Dr. Herbert V. Evatt, Australian foreign minister, today attacked the veto procedure in the United Nations security council as "undemocratic and unjust" and declared there must be "no veto" in the Paris peace conference.

Evatt, who is retiring as chairman of the United Nations atomic energy commission, said in a broadcast heard here and in Australia that the "illogical system" of voting in the security council is the "most serious disability" under which the United Nations is now working.

Evatt, who sat in the security council and watched the Russian delegate invoke the veto power three times in one session on the Spanish issue, said:

"It is a travesty of democratic procedures when any one nation can block the unanimous opinion of the remainder of a council of eleven when it is endeavoring solely to conciliate and adjust international disputes and situations. Australia has therefore given formal notice that the general assembly will be asked at its next meeting to review the way in which the veto power has been exercised during the past year."

Reporting on the work of the atomic energy commission, he said he had obeyed the UN general assembly mandate to proceed with the utmost dispatch to such an extent that some of his colleagues had good-humoredly accused him of driving them too hard. He said, however, that "substantial progress has been made."

4-Pound Baby Born To Harry Waggoners

Arriving a bit early and only tipping hospital scales at a little over four pounds, Robert Donald Waggoner was doing nicely at Klamath Valley today.

The young man, first grandchild for Mr. and Mrs. Walter Waggoner, 920 Grant, is the son of Mr. and Mrs. Harry "Bob" Waggoner. His father arrived two hours after Robert Donald came into the world, having been in San Francisco on business. Mrs. Waggoner's father, D. Boyd Abrams and son, Buddy, of Gallup, N. M., are here to greet the offspring, arriving Sunday morning. Robert Donald's birth is officially recorded as noon Saturday, July 13.

Klamath Ballplayer Held For Desertion

Jim Olsen, ex-navy man from Everett, Wash., who has been playing baseball for the Klamath Sons this summer, is now held in the county jail for transfer to the FBI and to navy officials at Bremerton.

Olsen is wanted for desertion from Bremerton navy yard in January, according to the sheriff's office. He was stationed at the naval air station here last year and returned in February. Olsen maintains that he was discharged from the navy and that his discharge papers are at his home in Everett.

Chetnik Chief Loses Verdict

BELGRADE, July 15 (AP)—Gen. Draza Mihailovic, former Chetnik leader, and 10 of his 23 co-defendants were convicted today by a Yugoslav military court on charges of collaborating with the Germans and were sentenced to die before firing squads.

The bushy-bearded defendant, the first underground leader to attract wide attention during the war, was given eight and a half hours to appeal for leniency from the presidium of the Yugoslav parliament. The deadline is 11 a. m. PST.

Mihailovic became minister of war to former King Peter's exiled government in London. American and British officers served at his mountain headquarters as liaison officers during the last years of the war.

Prison sentences ranging downward to 18 months were imposed on the remaining defendants.

Among those receiving prison sentences was Konstantin Fotich, former Yugoslav ambassador to the United States, who was sentenced in absentia to 20 years.

The crowd cheered when the verdict was announced against Mihailovic, who took the decision with outward calm.

The verdict against the Serbian-born Chetnik leader and his fellow defendants climaxed a trial which began June 10. Mihailovic maintained stoutly throughout the proceedings that he was innocent of collaboration with the nazis and that he had fought to drive them from the country.

Cattle Prices Hit New Highs

CHICAGO, July 15 (AP)—A no-holds-barred trade chalked up the highest live beef price and one of the sharpest price rises today when strictly choice steers topped at \$25.00, fully \$1.75 over Friday's peak of \$23.25.

At the same time a price record on live hogs was established. Good choice kinds brought up to \$19.00, topping the \$18.50 figure set July 1, which had been the highest since 1919. In that year pork reached a level of \$23.60 a hundred pounds.

Today's high hog trade resulted from sharply lower receipts than a week ago. Ten thousand head reached the sales pens today and 4000 came in direct to packers, compared with 19,000 and 6500 respectively last Monday.

Cattle receipts were slightly reduced from a week ago, but still were second highest in numbers since last October. There were 20,000 head received for sale today and 500 came in direct to packers, compared with 22,000 salable a week ago.

An estimated 4000 head of salable sheep came in, the highest since July 1 when there were 5000.

At 12 leading western markets hog receipts total 95,800 estimated, compared with 107,035 a week ago and 60,125 a year ago. Cattle totaled 98,800 today, 103,602 last Monday, and 72,172 a year ago and sheep were 50,300, 22,055, and 41,872 respectively.

Housing Development Planned Near Eugene

EUGENE, July 15 (AP)—Plans for a \$3,000,000 to \$4,000,000 housing development south of Eugene, with work to start this week, were announced today by Frank Kinney.

Kinney said his Oregon settlement association would build 600 houses of \$8000 to \$9000 each along with a shopping center, playgrounds, streets, and bridge trails.

Legion Group Elects Two Klamath Women

Two Klamath Falls women were elected as officers at the convention of Eight of Forty, fun and honor group within the American Legion auxiliary, in Portland over the weekend.

Mrs. Paul Otterbein is the new state launomier departmental and Mrs. M. E. Cooper is the director of salon activities for Oregon.

A number of Klamath people are attending the convention, and the American Legion session is still on.

Junior Chamber Calls For Paper Collection

A paper collection has been slated for July 21 by the Klamath Junior chamber of commerce, and Klamath residents are asked to leave all scrap paper on the street corner nearest their home on that date.

Paper, according to Dave Hoss, should be separated into two classes, one for magazines and the other for newspapers, and should be tied in bundles to facilitate collection.

Appeals for assistance in the collection of paper have been received from various paper manufacturing plants over the country according to Chet Hamaker and Fred Blehn, co-chairmen of the 1948 drive.

Sneak Thief Prowls Home

A sneak thief with what police describe as a professional touch entered the home of E. H. Heiken, 204 N. 3rd, Sunday morning and stole a leather billfold containing \$300 in large bills, one check for \$2225 and another for \$50.

The checks were recovered in a mail drop box this morning. The big check was made out to Heiken by J. W. Saunders, and the other was made out to C. L. Brown.

About the same time Sunday the house of Mrs. F. E. Richards, 234 N. 1st, was entered through the front door and a purse containing \$7 in currency taken. The prowler also took a billfold and \$12 from a room occupied by M. F. Calabrese at the Richards home.

The purse was found yesterday afternoon where it had been thrown in a yard at 112 High.

A camera valued at \$165 was reported to city police as stolen from a car parked behind the armory Saturday night. The camera, a Kodak 620, was owned by S. N. Weiss, Weyerhaeuser camp 8, Beatty.

Fender skirts were reported taken from parked autos belonging to Mrs. Carl Schubert, 520 Klamath, and V. P. Anderson, a visitor staying at 219 N. 9th. Mrs. Schubert's car was parked at the fairgrounds yesterday afternoon and Anderson's on S. 8th Saturday night.

Munitions Man Solicited May

WASHINGTON, July 15 (AP)—Joseph Freeman, a munitions manufacturer's Washington agent, whose salary skyrocketed from \$5841 to \$70,000 in four years, testified today that he asked Rep. May (D-Ky.) for business help "six or eight times."

But Freeman told the senate war investigating committee, searching into the wartime operations of an Illinois munitions contractor that he "didn't know" whether May had ever visited his office.

That response came after Chairman Mead (D-N. Y.) cautioned him to "think hard and long, and remember that you are under oath."

The committee has received testimony that May, chairman of the house military committee, interceded with the war department to give contracts to the munitions combine. May has declared his activities were solely in the interest of the war effort and that he did not profit.

Under questioning, Freeman testified that sometimes he had to wait as much as a week in order to get May's help on problems involving the Erie basin and Batavia metal products companies, two of the concerns in the combine.

Before Freeman was called to the stand, Mead announced that the committee is examining the law as to bringing Congressmen May before the committee by legal process.
