

### Shoplifters Get Paroles

After serving 10 days of respective 30- and 90-day jail sentences for petty larceny, Mr. and Mrs. Brinton W. McNeil were paroled on payment of fines for the remainder of their sentences this morning.

The McNeils had pleaded guilty to the theft of numerous sacks of sugar and other grocery items from stores here in town. Mrs. McNeil was given

30 days in justice court on each of three charges, 90 days in all, and her husband was given a 30-day sentence on one count.

Justice of the Peace J. A. Mahoney said today that the McNeils had requested that they be given paroles, and that his authority came under a provision of law which allows the committing magistrate to parole persons who are confined in county jails for a period of under six months.

Mrs. McNeil, he said, was ill with arthritis and gall stones and needed an operation, which would have been an expense to the county had she been kept in jail.

Judge Mahoney also said that McNeil told him he had a job waiting for him in Lake county. Mrs. McNeil paid a \$160 fine for the balance of her sentence, and her husband's fine was \$40.

### In The Day's News

(Continued From Page One)

they are still buying meat and butter they are BUYING LESS at the higher prices.

**THIS** Portland experience is significant because discrimination in buying—that is to say, buying less when the price is too high—represents sound and normal working of the law of supply and demand.

Because it is sound and normal it will probably CONTINUE, and if it continues it will be effective in restoring a balance between supply and demand and so will in the course of time bring prices down.

**THE** week-long of a spectacular week-long "strike" on the buying of meat, etc., will be to do without for a week and then to feel that you've done your duty and go on a steak binge.

**GESTURES** usually work out that way. Portland housewives have a much better method.

**Jap Tuna Men Help Shortage**  
TOKYO, July 17 (AP)—Fishing is good for Japan's increased tuna fleet now that it operates as far as 165 degrees east longitude—almost to Wake island.

And good fishing is helping the critical food shortage at home. Soviet Russia at first opposed extension of Japan's fishing area, but the allied control council for Japan approved larger fishing grounds for the Japanese nonetheless, and no further Russian protests were heard.

Capt. J. L. Kaak of San Francisco, member of the allied powers fisheries section, said today the tuna fleets almost doubled their usual catches when word was flashed to them that they could move eastward to 165 degrees.

Japanese fishing boats also have been permitted to run closer to the China coast, and there, too, report heavier catches.

**More Funds Allotted For Access Roads**  
WASHINGTON, July 17 (AP)—An additional \$8,500,000 was allowed by the national housing agency today for the construction of access roads to remote government timber lands in the Pacific northwest, the southwest lake states and New England.

The funds will permit cutting of 100,000,000 board feet of additional lumber this year and up to 600,000,000 next year, NHA Administrator Wilson Wyatt said.

The funds, like \$2,000,000 allocated last month, were turned over to the U. S. forest service whose regional offices will apportion them among the timber areas.

### Chorus Group Holds Tune-Up

Everything from operatic voices to barbershop specialties is being used in the Centennial chorus and there is still plenty of room for other musical minded people, according to Jack O'Connor, Centennial music director. Rehearsals of the chorus are being held every Thursday at 8 p. m. at Fremont school auditorium.

Approximately 45 songsters attended the first meeting held last Thursday and numbers rehearsed included Fred Waring's arrangement of "This Is My Country," "When Johnny Comes Marching Home," "Our Glorious America" and "The Snow."

To do this work, a group of at least 150 voices is needed. A male chorus of 20 voices and a male quartet will also be used in the show. Anyone interested in singing is invited to attend the practices.

The meeting was presided over by Mrs. Gladys Metler, president with Mrs. Neva Hayes, secretary, in the chair.

Present for the afternoon were Mrs. Katie Hall, Mrs. Frances Landrum, Mrs. Bessie Nendel, Mrs. Anita Peugh, Mrs. Nellie Olsen, Mrs. Sylvia Tilton, Mrs. Vera Reeves, Mrs. Gladys Metler, Mrs. Eunice Beardsley, Mrs. Neva Hayes, Mrs. Hugh T. Mitchellmore, Mrs. Dorothy Walker, Mrs. J. G. Patterson, Mrs. S. Slough, Mrs. E. S. Lee, Mrs. Margaret Santo, Mrs. LeRoy Crambitt, Mrs. Lucille Thomas and "Mother" King.

The next meeting is a potluck planned for August 9 in Moore park. Members will meet at 10:30 a. m.

Mr. and Mrs. Ed Shulmire and family have moved to Adin, Calif., where Shulmire is employed by a lumber company.

He was a former employee of the Weyerhaeuser Timber company here. They plan to sell the family home on Bisbee street.

Mrs. Charles Santo has returned from a vacation spent at Long Beach. Her home is on Boardman street.

Mr. and Mrs. W. S. Metler of Bisbee street have returned home from a two weeks' vacation in Salt Lake City, Yellowstone park, in Spokane where they visited relatives and other points of interest.

### Wheeler Loses Primary Race

By The Associated Press  
Senator Burton K. Wheeler, veteran chairman of the senate interstate commerce committee who was tabbed by his Montana democratic primary opponent as a "leading isolationist," conceded defeat today in his bid for a fifth term.

Lief Erickson, 40-year-old former state judge, apparently won the nomination from Wheeler after a bitter contest, in which Wheeler's labor views also were attacked.

Wheeler congratulated his opponent after Erickson had maintained consistently a lead of around 4500 as the count of Tuesday's votes progressed. With 689 of 1156 precincts reported, Erickson had 38,984 and Wheeler 34,362.

A letter from President Truman defending Wheeler's record on railroad labor was made public a few days before the voting. John L. Lewis' United Mine Workers also supported the veteran legislator.

Erickson was backed by James Roosevelt, son of the late president; Senator Murray (D-Mont.), Wheeler's colleague; the CIO-PAC, and the Brotherhood of Railroad Trainmen.

His November opponent will be Zales N. Eton, Manhattan farmer, who easily won the republican nomination from R. E. Skeen, a railroad brakeman.

**Presidential Trip Reported In Error**  
SAN FRANCISCO, July 17 (AP)—Col. Howard E. Engler, Hamilton field commanding officer, said today field public relations had "released through error" an announcement that President Truman was expected to come to San Francisco Monday.

"It was a mistake; I certainly regret it; that's all I can say," he declared. "Our information was that the president probably would make the trip but we had no authority whatever to release it."

Shortly after the original announcement was made, President Truman in Washington said he did not plan to make the trip.

**Salem Votes Friday On Annexation Issue**  
SALEM, July 17 (AP)—Whether areas north, east and south of Salem will be annexed to the city will be decided at a special election here Friday.

The annexations would add around 5000 to the city's population.

**Flooded Rivers Overflow Banks**  
OTTUMWA, Ia., July 17 (AP)—Torrential rains, measuring more than seven inches at many points, sent rivers and streams out of their banks in south central Iowa today and caused at least five deaths.

The Des Moines river rose 11.5 feet in 24 hours at Eddyville, 18 miles upstream from here, and was expected to rise another three feet.

The deluge was restricted to a relatively small area, but the flooded rivers and creeks carried away some bridges, closed highways and halted trains throughout much of the region.

The same area was hit by costly floods about a month ago.

**National Forests Report Receipts**  
PORTLAND, Ore., July 17 (AP)—National forests of Oregon and Washington had receipts of \$3,789,961 in the fiscal year which ended June 30, Regional Forester H. J. Andrews reported today.

Timber sales accounted for \$3,566,917 of the total, he said, with grazing fees in second place at \$147,140. Lesser sums were received for summer homes and other forest land uses, damages assessed for timber trespass and miscellaneous sales.

**Repair Crews Work On Cable**  
(Continued From Page One)  
telephone men as a 400-pair cable, carries 800 lines and cable crewmen will have to "tag" the wires to each terminal.

It is a gigantic task and the crews worked from the time they arrived here throughout the night and were still working late this afternoon. Seavey said a flood of inquiries as to "what's wrong with the line" swept into the downtown office of the telephone company when folks found they were without telephone service. At least 1000 local lines were affected.

The damage was caused by a construction crew who were working on the laying of a power pipe line as part of the big S. 6th street improvement program. The workman had dug a trench, three to four feet deep and some four feet wide. When he struck the metal pipe, he used a hack saw to cut through, also cutting it again, taking out a chunk of pipe about three feet long.

Seavey said prints, carrying the location of the vital cable, had been supplied construction crews in an effort to prevent just such accidents.

Early yesterday afternoon when the cable cut was discovered, telephone men thought that it was the cable which served Lakeview and the Merrill district. This, however, was corrected shortly after Seavey inspected the damage.

**Cast Needed For Pageant**  
Registration of people who are interested in taking part in the Centennial pageant is now under way at headquarters, located in Fremont school.

Approximately 100 boys and 75 girls of high school age and 50 adults between the ages of 35 and 50 are needed for the show. Grade school children also began registering today for pageant work. The dance scenes will be handled by 425 additional children.

Dance costumes will be furnished, but people having period costumes or material which could be used are asked to indicate this when they register.

Registration will be continued for the remainder of the week. Hours are from 9 to 12 noon and 1 to 4 p. m.

**Vanport Student Body 94 Per Cent Veterans**  
PORTLAND, July 17 (AP)—Ninety-four per cent of the Vanport center college student body of 220 are veterans, Dr. Stephen E. Epler, director, said today.

He said this is a higher percentage than in any other institution in the United States. Eight of the veterans are women and 31 have disabilities.

Fall term registration now exceeds 500, Dr. Epler said.

**Judge Says Prosecution Case Faulty**  
(Continued from Page One)  
applied under an involuntary killing provision, which reads "... if any person shall, in the commission of an unlawful act, ... involuntary kill another, such person shall be deemed guilty of manslaughter."

**Unlawful Act Defined**  
The unlawful act on Todd's part, then, would have been pointing his 32-20 pistol, a crime under a 1925 statute, the judge advised. But, he pointed out, Todd was not indicted under that provision.

When Todd was arrested after the shooting in an ice dock office at the Southern Pacific tracks, he was charged with second degree murder, but the charge was reduced to manslaughter, for which bail was provided, in a justice court hearing.

The jury last night retired for deliberation at 8:15 and was out before 9. Both Todd and his wife, Doris, burst into tears when the verdict was read.

**New Health Center Opened By LaPierre**  
Opening of LaPierre's Health Center, featuring John F. Class Vapo Path mineral baths, was announced today by Nelson H. LaPierre, director. The new health center is located at 126 Payne, where LaPierre has been remodeling and installing bath cabinets since the first of May.

The women's department is to be handled by Mrs. Agnes Kee-see and Mrs. Edith Brown. The bath cabinets never reach higher temperature than 90 degrees which is 8.6 degrees lower than body temperature, LaPierre said. He comes to Klamath from Seattle, where he was engaged in the same business.

**More Funds Allotted For Access Roads**  
WASHINGTON, July 17 (AP)—An additional \$8,500,000 was allowed by the national housing agency today for the construction of access roads to remote government timber lands in the Pacific northwest, the southwest lake states and New England.

The funds will permit cutting of 100,000,000 board feet of additional lumber this year and up to 600,000,000 next year, NHA Administrator Wilson Wyatt said.

### Suburban News

Rev. Hugh T. Mitchellmore, pastor of the Altamont Presbyterian church and Mrs. Mitchellmore will leave Monday for Astoria where they will attend sessions Tuesday and Wednesday of the Oregon State synod and synodical of Presbyterians in churches. From there they will drive the coast route to California where they will visit relatives and friends at Claremont and Los Angeles. They plan to return in about three weeks.

Supply speakers will be provided for Sunday morning services with Phil Hitchcock to fill the pulpit July 21.

Mrs. A. C. Olsen was hostess Friday to the Katherine Beattie Missionary society of the Altamont Presbyterian church with 20 members answering roll call. Mrs. James Nendel gave a book review on "Missionary." Mr. and Mrs. E. L. Crambitt were in charge of devotions.

The meeting was presided over by Mrs. Gladys Metler, president with Mrs. Neva Hayes, secretary, in the chair.

Present for the afternoon were Mrs. Katie Hall, Mrs. Frances Landrum, Mrs. Bessie Nendel, Mrs. Anita Peugh, Mrs. Nellie Olsen, Mrs. Sylvia Tilton, Mrs. Vera Reeves, Mrs. Gladys Metler, Mrs. Eunice Beardsley, Mrs. Neva Hayes, Mrs. Hugh T. Mitchellmore, Mrs. Dorothy Walker, Mrs. J. G. Patterson, Mrs. S. Slough, Mrs. E. S. Lee, Mrs. Margaret Santo, Mrs. LeRoy Crambitt, Mrs. Lucille Thomas and "Mother" King.

The next meeting is a potluck planned for August 9 in Moore park. Members will meet at 10:30 a. m.

### Flashes Of Life

By The Associated Press  
NEWTON, Mass., July 17 (AP)—The "Forgotten Key" service of the Newton fire department ends today.

Fire officials said they had run up their last ladder for people who had been careless and forgotten or lost keys to their apartments.

"However," the officials added, "if there's a child locked in the house or in the bathroom, we'll still make the run."

**TOO HIGH—DON'T BUY**  
TULSA, Okla., July 17 (AP)—Rebelling against a price of 79 cents a pound for butter, Tulsa housewives kept telephones busy yesterday with a "chain" campaign aimed at stopping retail sales of butter.

Each caller asked that the listener telephone two additional persons and pledge them not to buy butter until the price went down. An anonymous butter distributor claimed the boycott would have only one effect—diverting the local supply to eastern markets.

**Cast Needed For Pageant**
