Wheat Dumped In Umatilla

PENDLETON, Aug. 1 (AP)—With about 40 per cent of this year's crop harvested and yields indicating a bumper crop, some Umatilla county wheat was being dumped on the ground today for lack of storage and freight cars.

Growers estimate this year's crop may reach seven million bushels, a million more than earlier forecasts. Lighter lands are returning normal yields, a survey made here today indicated, while heavy lands run 40 to 50 busels per acre, compared with a 10-year average of less than 35 bushels.

Although north and east portions of the county still have adequate storage, elsewhere about five stations have been forced to dump wheat on the ground because of a shortage of box cars.

Of the cut to date 750,000 bushels have been contracted at prices of $1.75-1.87 for No. 1 bulk delivered to the elevator.

Forest Fires Doubled In Northwest Areas

MISSOULA, Mont., Aug. 1 (AP)—More than twice the total number of fires have broken out in northwest forests this year than at a corresponding date in 1945, the U. S. forest service declared yesterday.

Fred Fite, regional fire fighting dispatcher, said 427 fires have been reported this year in Montana, northern Idaho and eastern Washington.
