

Funds Alloted For Roads In Reservation

WASHINGTON, Aug. 3 (AP)—Cash for access roads to timber lands on Indian reservations was allocated yesterday by the national housing agency to add 17,070,000 board feet of lumber this year to the supply needed for emergency housing. Indian labor will be used to build the roads which will cost a total of \$1,234,000.

The access roads include 20 miles on the Colville, Wash. reservation; 45 at Warm Springs, Ore.; 50 at Yakima; 15 at Taholah, Wash.; 20 at Klamath, Ore.

Reese Taylor, forestry chief for the Klamath reservation, said today that the specific roads on which the access road money will be spent on the Klamath have not yet been determined. He said it is his understanding that part of the money may be used for improving existing roads.

Elks To Picnic At Gravel Pit

The annual Elks club picnic will be held tomorrow at the gravel pit just beyond Fort Klamath on the Crater lake road.

The picnic is slated to get under way at 9:30 in the morning and will last all day. Food and refreshments will be served, but visiting Elks are asked to bring their own knives, forks, spoons and cups. The club will furnish paper plates and the food to go on them.

The picnic is for Elks and their families only, it has been pointed out, although single Elks may bring feminine companions.

No Restaurant Tops To Be Set By OPA

WASHINGTON, Aug. 3 (AP)—Restaurant prices under the new OPA law "will vary too much and too often," in the opinion of OPA, to make it worthwhile to require the posting of ceiling prices.

An OPA announcement of last night said that price ceilings on restaurant meals will be put on a fixed basis again if ceilings are restored on meats, dairy products and other foods now decontrolled.

petent representative or senator will fully earn his \$15,000 a year. (An incompetent in congress has been extravagantly OVERPAID at \$10,000 a year.)

WE should keep clear in our minds WHY we get incompetent in congress. It is because we VOTE for the WRONG KIND of men.

ONE of the things wrong with congress is admirably illustrated by the vote of Representative Angell (of the Multnomah county, Oregon, district) on this pay increase. He voted against it because (he said) he felt that if members of congress are to get a raise lower-paid employees of government should get a raise first.

Maybe he meant it. But it would have been interesting to see what he would have done if he had been the deciding vote. As it was, he knew the bill was going to pass and so he might as well get the credit of voting against it because he was GOING TO GET THE RAISE ANYWAY.

One of Omar Khayyam's famous lines advises: "Ah, take the cash and let the credit go, nor heed the music of a distant drum." Angell goes Omar one better and takes BOTH cash and credit.

That is a basic form of insincerity that has always been far too common in congress. In these days, as never before, we need WHOLLY SINCERE men there.

Title Company Names Bechen

Haarby B. Bechen has been named manager of the Wilson Title and Abstract company effective August 1, it was announced today. Bechen, who has been a member of the office staff since his return from army service last fall, replaces Charles Seda Jr., former manager.

Bechen, a resident of Klamath Falls, has had several years of experience in title and abstract work and is considered well qualified for the managerial position by Commonwealth, Inc., of Portland, new owner of the Wilson concern. Seda will leave Monday for Portland, where he is being transferred.

this time of a flour subsidy which lapsed July 1, and from "the fact that the price of wheat has gone above June ceilings." There are no price controls at present on wheat or other basic grains.

To compensate, OPA raised millers' flour ceilings \$1.11 a hundred pounds east of the Rocky mountains and \$1.24 on the west coast. This boosts retail flour ceilings at least a cent a pound, the agency said.

While OPA was pushing up ceilings, the price decontrol board invited consumer groups and industry representatives to air their views on whether ceilings should be restored after August 20 on meats, dairy products, grains, cottonseed and soy beans.

The board announced that public hearings on this issue will open in Washington August 12.

Truman Goes Home To Vote

(Continued From Page One)

WASHINGTON, Aug. 3 (AP)—President Truman flew today to Missouri, where he can get a first-hand view of the Kansas City democratic congressional primary in which he is the major campaign issue.

His plane took off from the capital's National airport at 8:05 a. m. (EST).

His endorsement of Enos Axtell, opponent of Rep. Roger C. Slaughter in the fifth district, lifted an already heated intraparty fight into national prominence.

Mr. and Mrs. Truman will vote Tuesday at the Memorial building in independence. Their home is in the fourth district of Jackson county, represented by C. Jasper Bell and adjoining the one represented by Slaughter.

V-J Day Set For Aug. 14th

WASHINGTON, Aug. 3 (AP)—President Truman today proclaimed Wednesday, August 14—anniversary of Japan's surrender—as Victory Day and directed the flag be displayed on all government buildings. It will not be a legal federal holiday, however.

He called upon the people to observe the day as one of "solemn commemoration of the devotion of the men and women by whose sacrifices victory was achieved." He also asked that it be observed as a day "of prayer and of high resolve that the cause of justice, freedom, peace, and international good will shall be advanced with undiminished and unremitting efforts, inspired by the valor of our heroes of the armed services."

The proclamation said that the allies consummated victory on August 14, 1945, by the unconditional surrender by Japan "which terminated a conflict world-wide in scope and freed the people of the world from the threat of enslavement of body and spirit."

Although victorious in arms, he said, "we must not relax our determination or diminish our efforts for the attainment of the final goal—the establishment of a just and enduring peace."
