

Psychiatric Examination Ordered In Heirens Case

CHICAGO, Aug. 8 (P)—A psychiatric examination of William Heirens was ordered by the criminal court today when the confessed killer of two women and a little girl was arraigned on the third murder charge against him.

After the appointment of two alienists, arraignment on the charge of murdering Mrs. Josephine Ross, 43-year-old widow, on June 5, 1945, and on two other murder charges was continued to September 4.

The 17-year-old defendant entered no plea to the Ross charge. At a previous court appearance he offered no plea to charges of murdering Suzanne Degnan, 6, and Miss Frances Brown, 33, a former Wave. He has signed statements detailing how he slew all three.

Chief Justice Harold G. Ward of the criminal court appointed Dr. William Haines of the Cook county (Chicago) behavior clinic and Dr. Harry Hoffman, court psychiatrist, to examine the

young possessor of the dual personality who said he burglarized to obtain sexual gratification.

The mental tests were requested by Roland Towle of defense counsel, States Attorney William J. Tuohy, who was in court for the first public appearance of the university student since he re-enacted the brutal killings Tuesday, said he would approve appointment of additional alienists for the examination if more were requested.

In addition to the murder indictments, the court also continued 29 other charges of burglary, assault and robbery to September 4. At an arraignment last week on the Degnan and Brown killings, the court fixed August 14 for the next hearing. This assignment was superseded by today's proceedings. Heirens was indicted only yesterday for the Ross murder.

Mrs. Ross was the first of the brawny, dark-complexioned youth's slaying victims. Miss Brown, slain in her apartment on December 10, 1945, was his second and the Degnan kidnapping, strangling and dismemberment, which shocked the nation, the third.

Heirens signed his confession almost seven months to the hour from the time he stole Suzanne from her bedroom.

Sheriff Michael Mulcahy yesterday disclosed that a razor blade was found concealed in one of four books brought to the county jail on request of the confessed triple slayer.

Mulcahy said he "believed he (Heirens) knew that razor blade was in that book." Mulcahy said the youth, who is under constant guard in his cell, uses an electric razor, as do other prisoners, but he has asked for a straight-edged razor several times.

4 Killed, 3 Hurt In Auto Smash

PORTLAND, Ore., Aug. 8 (P)—Four persons were killed and three injured late last night in an automobile collision on the Lower Columbia river highway near St. Helens.

The dead: Dwight Blair, 17, St. Helens; Dwaine Marie Veeck, Seaside; Millicent Anderson Miller, 35, Hood River; and Fay Duvall, 32, Hood River.

State Police Sgt. Warren Forsyth said one car was driven by Veeck and the other by William Johnson Jr., 17, St. Helens. Blair was in Johnson's car, he said, and the other victims were in Veeck's.

Mrs. Miller and Mrs. Duvall were hitch-hikers picked up by Veeck, he said.

Those injured were Johnson, Mrs. Mary Paak, 35, Waruna, and Peter Grotting, 40, Astoria. Grotting was not hospitalized.

GI Hitchhiker Jailed In Reich

BAD NAUHEIM, Germany, Aug. 8 (P)—A former soldier who hitch-hiked back to Germany because he found jobs scarce and prices high in the United States was detained in jail today while army officials investigated to determine whether he entered the U. S. occupation zone legally.

Headquarters at Frankfurt said no charges had been filed against the former soldier, Ralph K. Betz, 26, of Willoughby, Ohio. An army official said Betz was arrested after failing to report twice daily to the provost marshal as directed when the investigation began.

Betz served 42 months in the army and was wounded in France.

He said he came into Germany without a passport of military orders by the simple expedient of stowing away on a troopship.

"So many GIs couldn't find jobs at home and with prices so high you couldn't live on your salary if you got a job," Betz said.

Then began a legal merry-go-round as various military agencies shunted him from one office to another trying to decide what should be done with him.

"When Poles sneak into the American zone illegally they set up a camp for them, but an American they throw in jail," Betz remarked wryly.

Diphtheria Cases Up In Alaska Epidemic

ANCHORAGE, Alaska, Aug. 8 (P)—Six new cases of diphtheria were reported here yesterday bringing from Dr. C. Earl Albrecht, territorial health commissioner, the statement that "there is no indication that the situation is under control."

With the number of clinically active cases now totaling 18, Albrecht extended the city's restrictions on travel and public gatherings to include the entire Matanuska valley. One active case was discovered in the valley.

Bank Held Up In Oklahoma

WALTERS, Okla., Aug. 8 (P)—A band of five unmasked men held up the Bank of Walters today and fled with cash loot estimated by Cashier E. H. Minton at \$35,000.

Minto said all of the men were armed.

No shots were fired.

The cashier said three of the men entered the bank about 10:30 a. m. and forced the bank's staff and one customer to lie on the floor.

Then the leader, at pistol point, forced Minton to open the bank's vault, the cashier added.

The three men in the bank, described by Minton as cool hands, then scooped up the cash in the vault and on the bank counters and dashed outside.

Waiting outside the bank were the other two bandits. The three joined them and sped away in an automobile bearing an Oklahoma license tag, Minton added.

Klamath Residents Slow To Use Airmail Service

Klamath residents just aren't accustomed to airmail service yet. This is the opinion of Postmaster Burt E. Hawkins after a week of service has shown only about a 50 per cent increase in the use of airmail.

A steady growth in airborne mail in place of three cent letters is expected by Hawkins and people both in Klamath county and throughout the United States become aware of the service. Hawkins predicted that airmail will develop even faster if congress lowers the postage rate to five cents, three cents below the present rates.

So far, only a temporary messenger delivers the mail to the airport. In a month or two, the post office will advertise for bids for carrying the mail to and from the planes.
