

Market Quotations

NEW YORK, Aug. 12 (AP)—A handful of moilers and special stocks attracted timid bidding in today's "think" market but many leaders were neglected. Bonds were narrowly uneven.

While selected issues held on to advances of fractions to a point or more, there were scattered wider tipplings. The listing ranks were well populated at the close. The day's aggregate of around 700,000 shares was one of the smallest of the past several weeks.
