

Keep Our Powder Dry And Cooperate With UN Is Advice From Hoover

SALT LAKE CITY, Aug. 13 (AP)—In a world dominated by "fear and frustration," the United States should conserve its economic resources, "Keep Our Powder Dry," and cooperate with the United Nations "to maintain peace," ex-President Herbert Hoover cautioned today.

In a birthday statement issued on his arrival here from inspecting mining properties near Pioche, Nev., where he became 72 years old Saturday, the only living ex-president of the U. S. cited the differences between the period following World War I and the present.

The dominant note in the world a year after World War I

CPA Shakes Hides Loose

WASHINGTON, Aug. 13 (AP)—The civilian production administration reported today that it has forced the movement to market of between 500,000 and 1,000,000 cattle hides as a result of its investigation of producers' stocks.

"We have shaken loose an awful lot of hides," Morris Verner, chief of CPA's compliance division, told reporters.

Verner said that during the first two days of an investigation started a week ago, "we moved close to 300,000 hides" on their way to shoe manufacturers.

CPA undertook its study of the hide and leather inventories of producers on instructions from Reconstruction Director John R. Steelman, who said shoe plants would have to shut down unless shipment of hides was resumed.

Steelman also called on the justice department to investigate what he termed a reported industry "conspiracy" to withhold all hides from the market until CPA is forced to raise or remove ceilings.

Verner said CPA had assigned 300 special agents to survey producers' stock piles. Under CPA regulations, producers may keep on hand only a practicable minimum working inventory.

U. S. Recognizes Bolivian Regime

WASHINGTON, Aug. 13 (AP)—Undersecretary of State Acheson today announced United States recognition of the government of Bolivia which came into power July 17 in a bloody revolution.

The new government is composed of a three-man junta of university professors headed by Acting President Dr. Nestor Guillen.

The junta has already given assurances it will abide by Bolivia's international obligations and has effectively taken over administration of the mountainous country. It has recalled all political exiles and plans to hold general elections soon.

Alaskan Plumbers Walk Out In Protest

ANCHORAGE, Aug. 13 (AP)—Plumbers walked off their jobs here and at Whittier yesterday in protest of a wage adjustment board ruling setting wages back to their June 30 level.

The board ruled that wage increases granted during the absence of OPA were unauthorized.

The board announced at the same time that Alaska Airlines officials and mechanics have agreed to terms of a new contract giving workers an average increase of \$760 a year plus two weeks vacation with pay, 30 days annual sick leave with pay and time and one-half in excess of a 48-hour week.

In the 50-year history of the automotive industry approximately 2000 makes of passenger cars have appeared on the market, according to the Automobile Manufacturers' association.

Can You Eat Corned Beef and Cabbage Without Distress?

Try Hot Water and Neutraid To Counteract Any Excess Stomach Acidity and Aid Digestion

Never mind what brought it on—overeating, too much smoking, drinking—too little rest or sleep, there's one quick way to change this, today—Neutraid—put one teaspoonful of Neutraid in half a glass of hot water, stir thoroughly and drink. Relief from distress comes promptly in a very few minutes!

Neutraid is new, it's different. Excess stomach acidity are quickly neutralized and very pleasantly too. It's wonderful! Try Neutraid—give your stomach a fighting chance. Get a package today of this new, different relief for excess stomach acidity. At all good drug stores.

300 GI Correspondents Will Come To Barbecue

COUGAR, Wash., Aug. 13 (AP)—Mrs. P. A. Mulkey always wanted to have those 335 GIs she corresponded with during the war come to dinner some day.

Next Sunday's she's going to. Up here in the Mount St. Helens foothills, she's arranging a barbecue for 300 guests; the boys she could locate and their families.

"I don't have all their addresses any more, but I wrote and invited those I could," she said.

"Mom" Mulkey started writing GIs in 1942 and "just kept it up. Pretty soon I was writing 35 letters a day and sending presents whenever possible. . . I don't know now where I did get all 335 names. Sometimes we'd pick up hitch hiking servicemen and we'd get to talking and find they and their buddies weren't getting any letters, so I'd just put them on my list."

Fifteen of Mom's "boys" are dead—there'll be Gold Stars after their names on a plaque she's going to dedicate to the 335 men Sunday.

"I never enjoyed anything so much as writing to those boys," said the gray-haired woman. But come Sunday, she's counting on something even nicer; seeing the youths she corresponded with so long. "I'm looking forward so much to meeting them," she said. "Seems like I know them, every one."

Merrill Moose Hears Reports

MERRILL, Aug. 13—Loyal Order of Moose, Merrill, No. 306, met Tuesday, August 6 to hear reports on the Oregon state conference held at Tillamook and to initiate two candidates, William Murray and Dennis D. Collins.

It was announced that the ritualistic team of the local lodge took second place in competition at the state conference, losing to Eugene by four points. Klamath Falls won third place.

Governor Hilary Winebarger presided over the meeting and there were 25 members present. Appointed to serve on the refreshment committee at the next meeting are Frank Hadley, Lou Drager, Jim Bradshaw, Elmont Kenyon and Glen Arthur. The meeting was adjourned at an early hour and members enjoyed cards until refreshments were served.

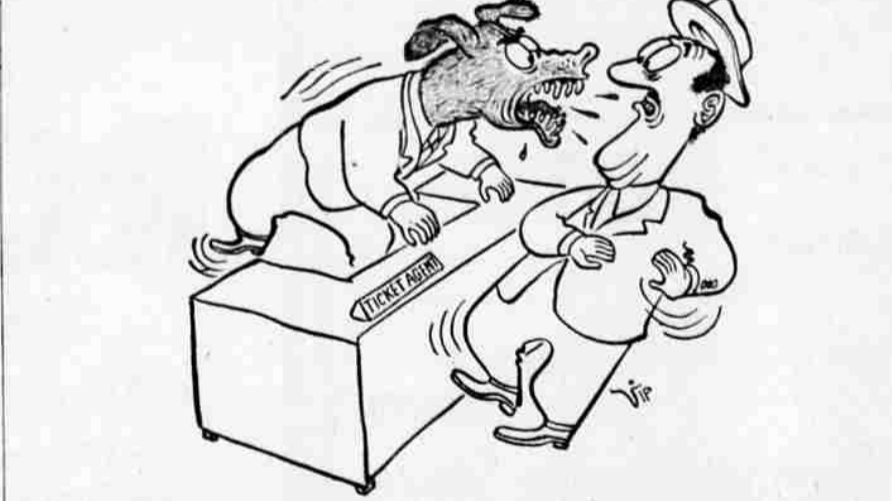

Whatta ya mean, friendly?

Just saying a thing is so doesn't make it so.

We know that.

Occasionally somebody will question our right to call ourselves the friendly Southern Pacific.

"How can you say that," he'll ask, "when one of your ticket agents practically barked at me once?"

Well, one swallow doesn't make a summer, and when you have 90,000 people running a railroad, you're bound to have some quick tempers and cases of stomach ulcers among them.

We wouldn't be human if we didn't slip up once in a while, even though we try very hard to prevent slips.

We call ourselves a friendly railroad because you seldom see a Southern Pacific engineer who doesn't wave at folks, or a conductor who doesn't like to pat children on the head and give them a fist-full of discarded seat checks to play with. Or a Southern Pacific man or woman who won't go out of his or her way to perform an act of human kindness above and beyond the call of duty.

Incidentally, if you're planning a trip anywhere, our service is much faster and better, even, than it was before the war. We'll be glad to help you plan your trip—but be sure you let us know well in advance.

S.P. The friendly Southern Pacific

Timber Access Roads Building

PORTLAND, Aug. 13 (AP)—Fifteen timber access roads are being built in national forests of Oregon and Washington, Regional Forester H. J. Andrews said today.

Three more roads are planned for early construction, he added. As a result of the new roads, an estimated 20,000,000 more board feet of timber will be marketed in 1946, and 255,000,000 more in 1947, he said, and the added total will climb to 285,000,000 by 1949.

Andrews said "we are still cutting less than the total allowable sustained yield cut for the region, and we plan to approach this maximum cut as rapidly as possible."

The aim, he said, is to augment lumber supplies for housing.

Andrews listed the 15 roads now under construction, totaling 95.5 miles and being built at a cost of \$1,591,000, as:

- Clocksam river in Mt. Hood forest; Allingham in Deschutes forest; Arvid Nelson in Ochoco forest; Eden in Umatilla forest; Sheep creek in Wallowa forest; Cascade lakes in Umpqua forest; Fall creek and Box canyon in Willamette forest; South Fork Coquille in Siskiyou forest; Sauk river and Glacier canyon in Mt. Baker forest; West Fork Hump-tulips in Olympic forest; Rattlesnake in Snoqualmie forest; Little Wenatchee in Wenatchee forest; Chesnimus in Wallowa forest.

Congressional Junket Gets 17-Gun Salute

ANCHORAGE, Aug. 13 (AP)—A congressional party, including five house military affairs committee members, which arrived here yesterday to be greeted by a 17-gun salute, will continue on to Adak Wednesday.

The group is inspecting army installations throughout Alaska

RHEUMATISM and ARTHRITIS!

I suffered for years and am so thankful that I am free from pain and able to do my work that I will gladly answer any one writing me for information Mrs. Anna Pautz, P. O. Box 825, Vancouver, Wash.

Report to people who are waiting for telephone service

We are rushing the equipment you'll use

From V-J Day through June 30, the number of telephones in service has been increased by 277,000, of which 206,000 were added in the first six months of this year—an unequalled increase for any corresponding period in the history of our company.

Thousands of additional telephones are being installed each month but there is still a tremendous job to be done. The Pacific Coast is continuing to grow at a rapid rate and new applications for service have been pouring in at double the rate of the corresponding period a year ago.

But we are rushing the equipment needed to fill all orders just as soon as humanly possible. We are hurrying construction on more than 140 new buildings and building additions, installing new equipment in almost every exchange, stringing thousands of miles of wire.

Your telephone is on the way; we will get it to you as quickly as we can. Thank you for your patience.
