

Columbians Charged With "Naziism" By Georgia

ATLANTA, Dec. 10 (AP)—Attorney General Eugene Cook said today that the state of Georgia had obtained evidence for criminal charges against several members of the anti-negro, anti-Jewish Columbians who sought to establish a Nazi-like government in the United States.

In a formal report to Governor Ellis Arnall, Cook summarized statements of state prosecutors and former members of the organization which he said would show that the Columbians, "through its officials and agents:

"1. Systematically plan to intimidate and injure members of minority religious and racial groups.
"2. Conspire to bring about the arrest of innocent Georgia citizens on false charges.
"3. Have arrested Georgia citizens.

"4. Assemble a private arsenal of deadly weapons.
"5. That Homer L. Loomis (Columbian secretary), Emory Burke (Columbian president) and Fra Jett, as a consequence of a conspiracy between them, planned the bombing and did bomb a home in Atlanta.
"6. Corruptly influence the behavior of minor youths in such a way as to incite them toward the commission of crimes against the state of Georgia.

"7. By force, threats duress and intimidation, have restrained home owners in Fulton county from the full and proper enjoyment of their property."
Cook called the governor's attention to statements of Loomis and Burke which he said would "show that their announced purpose, whether it is within the range of possibility or not, is to create a state of insurrec-

tion and to with force and arms suppress the rights of Georgia citizens."

"It is very evident from the information and documents we have in hand that the philosophy and objective of the Columbians are taken almost without change from the Nazi ideology," Cook's report said.

"We are able to supply evidence to show that at least three of the leaders of the Columbians have direct connections with persons of Nazi ideology and connections."
