Ski Accommodations At Crater Lake Open Dec. 4

Plans are rapidly being completed for the opening of winter accommodations for sports enthusiasts at Crater Lake national park and this week-end, starting Saturday, December 14, this winter service will go into effect.

Richard Price of Portland, head of the Crater Lake Lodge company, is expected here Thursday to meet with Charles Fyock who will be in charge of the park accommodations this season, first since Pearl Harbor. The park service has given the lodge company a go ahead signal to operate for the present under a general contract and as this winter's operations are of a new type of service, temporary approval has been granted. T. C. Parker, assistant park superintendent, said Tuesday that because the service is new to the park set-up, it is taking longer to approve the plans but that the lodge company will go ahead as originally scheduled.

Just what accommodations will be available will be announced before Saturday.

Six inches of new snow has fallen in the park in the past 24 hours and depth is now 54 inches. Skiing is only fair but when the new fall packs, the sport is expected to be excellent. Roads are in fine shape, Parker said, and no chains are required. Minimum was 21 degrees, maximum 33.

Snew was reported in all higher elevations in the mountain area this morning. Roads were well sanded, however, and hazardous conditions of a week ago have been eliminated. It was snowing slightly this morning on the Willamette pass from Salt Creek falls east over the mountains. On Sun pass of The Dalls-California highway, roadside snow was given as 29 inches deep and the highway frosty but sanded. Conditions on the Green Springs highway were reported as similar with a minimum of 29 degrees.

Man Found Dead In Bed

Cornelius Thomas Desmond, 76, was found dead in his bed at 533 S. 4th early this morning by a neighbor, William Gustafson. Death was attributed to a heart attack.

Desmond was a mill worker and had lived in Klamath Falls for about 15 years. He was retired and lived on an old age pension.

Gustafson had bought some medicine for the man yesterday and was taking it to the cabin this morning and couldn't get in. He looked in the window and saw Desmond in bed and called the police.

Deputy Coroner Marvin Albee said that Desmond had apparently been dead since about 10 o'clock last night. He was originally from Brasater Falls, N. Y., and had no known relatives.

Quiet Requested For Nervous Dog

VANCOUVER, B. C., Dec. 10 (CP)—It shouldn't happen to a dog but it did.

An unidentified woman asked police today to try and keep the kids in her neighborhood quiet. Reason: "The boys in my neighborhood are so noisy my dog suffered a nervous breakdown. He spent 10 days in the hospital recuperating and though he's been home three days now, the noise continues and I fear he is to have another one."

11 Bodies Recovered From Blasted Mine

WHITEHAVEN, Eng., Dec. 10 (AP)—Rescue workers reported today the recovery of the bodies of 11 men killed in an explosion in an undersea section of the United Steel companies' Lowca mine and said there was little hope that any of the four still missing survived.

Rescue crews, wearing respirators to guard against black damp and working in water knee deep, moved tons of fallen rock and coal in an effort to reach the men still unaccounted for.

New Fish Bill Discussed

PORTLAND, Dec. 10 (AP)—Commercial and sportsmen's groups met here Monday with the state fish commission and the fisheries interim legislative committee to discuss a fish bill to go before the next legislature.

The bill, which would increase fish commission authority over commercial operation, is partly supported by Columbia river fishermen They propose, however, that it should be revised to give the commission less control over gear.

Carl Stanton, Roseburg Rod and Gun club, declared at today's hearing that fish commission enforcement is not satisfactory, and urged that steelhead be considered game fish in all streams except the Columbia.

John Veatch, commission chairman, appealed to sportsmen and commercial groups to band together on a fish program. He warned that continued wrangling would prevent the commission from obtaining authority to regulate fishing and result eventually in destruction of the supply.

CPA Approves Phone Permit

The civilian production administration Monday approved an application for construction of a $107,000 addition to the Klamath Falls office building of the Pacific Telephone and Telegraph company.

Plans have been drawn for the addition and work will proceed as soon as possible, according to Charles E. Seavey, manager of the Klamath Falls branch. The structure stands at Pine and 8th and the addition will include another floor and also additional space on that corner which is not covered by the present building.

The application of L. F. Gregory, Klamath Falls building contractor, for a $5435 building, was denied by CPA.

Cigarette Starts Atlanta Fire

ATLANTA, Dec. 10 (AP)—The Atlanta Journal said Monday three officials were believed in "general agreement" that a cigarette carelessly thrown into a mattress stored in a third floor hallway started the Winecoff hotel fire that killed at least 120 persons.

Shrine Party Date Set For Dec. 14

The annual Klamath Falls Shrine club Christmas party will be held Saturday, December 14, at the Willard hotel. Cocktail hour is from 8:30 to 9:30 p. m. in the blue room, with dancing until 11:30 p. m., when a buffet supper will be served.

All nobles and their ladies are invited to the annual affair. Invitations have been extended to the new members of Klamath Falls and Roseburg.

Man Knocked Down By Truck

O. L. Daniels, 64, of 1209½ Pine, was knocked to the pavement and slightly injured late Saturday when he was struck by a vehicle driven by Carl E. Baker, 22, of 2226 Home, at Main and 11th.

Baker is a driver for City Delivery Service, and was making a turn off Main onto 11th, when Daniels stepped off the curb into the path of the truck.

He was not seriously hurt and declined to be taken to a hospital.

Accident Victim's Estate Probated

YREKA, Calif., Dec. 10—Petition for probate of will in the estate of the late William B. Franklin of Macdoel was filed in superior court here December 4 by William G. Hagelstein of Dorris.

Franklin died November 10 from injuries received a few days earlier in an automobile collision at a road intersection just outside Macdoel. The estate involved does not exceed $12,000, according to the petition.

Restaurant Meeting Slated

The Associated Restaurants of Oregon will hold a meeting Tuesday at 2 p. m. in the chamber of commerce, for the purpose of organizing a branch among restaurant owners in Klamath Falls.

In a letter received last Friday from the organization local restaurant owners were informed of the meeting. The letter stated that, "at that time we will discuss our state restaurant association and the possibilities of forming a Klamath Falls chapter." The letter was signed by Roscoe E. Watts, field secretary for the association.

Japanese Tangerine Oranges Arrive

VANCOUVER, B. C., Dec. 10 (AP)—Fifty thousand boxes of Japanese tangerine oranges—first to be seen here since the outbreak of hostilities in 1941—are expected to arrive from Japan Dec. 31, dealers said today.

There are 47 bridges over the Chicago river.

City Will Integrate Duties Of Park, Recreation Boards

The city park board and recreation committee will be combined after the first of the year, according to Mayor Ed Ostendorf, to bring the closely related function of parks and recreation under one jurisdiction.

This change was authorized by the people at the November election in a measure which brought the park board into the city family. In the past the members had been appointed for life by the circuit judge.

Mayor Ostendorf said that six members of the combined board would be selected, with the concurrence of the council, soon after the first of the year. Two would be appointed for two-year terms, two for four years and two for six.

Because of the budgetary setup of the city, the new board will handle two separate funds, for parks and recreation, and have the job of deciding which fund any certain expenditure will be paid from.

One mill of tax income goes to parks for maintenance, and one-half mill is allocated by the city for recreation purposes.

Reason for the integration of the two boards, Mayor Ostendorf says, was to get a more thorough job done. In the past many borderline functions were ignored by both the separate park and recreation boards because of incomplete jurisdiction.

Mayor Ostendorf did not disclose the names of any persons under consideration for the appointments, but he will act as chairman of the board.

All other citizens' committees come up for appointment the first of the year, but Mayor Ostendorf said that the present committeemen would still hold office until re-appointed or replaced.

Siskiyou Jury Asking Ban On Slot Machines In County

The 1946 Siskiyou county grand jury, in session at Yreka, Calif., this week-end asked the county supervisors to pass an ordinance banning slot machines in Siskiyou county.

The grand jury, through the foreman, Earl Barnum, advised the supervisors that it "intended to do more than go through the motions of a grand jury session" and expected its recommendations to be acted on. Rumor in Siskiyou county had it that the jury would remain in session until action is taken on the slot machine recommendation.

Siskiyou county towns include Tulelake and Dorris, near Klamath Falls.

Appearing in a body before the supervisors, the grand jury went further than the operation of slot machines and asked that all machines be confiscated whether or not the gambling devices are found in actual operation. Barnum advised the supervisors that in the past written recommendations by former grand juries concerning slot machines had not been carried out by law enforcement officers. He stated that the grand jury specifically wanted incorporated in the ordinance the stipulation that slot machines are subject to confiscation when found by a law enforcement officer in anyone's possession. District Attorney Charles E. Johnson said that in the past the machines had to be found in actual operation before they could be taken over by officers.

When the supervisors pointed out to the jury that an ordinance passed by the supervisors would affect only unincorporated areas of the county, the grand jurors replied that they were confident that if the county took the lead, all incorporated towns would pass similar ordinances.

Christmas Seals On Sale

Sales of Christmas seals will start Wednesday in downtown stores and continue until Saturday with various organizations handling booths each day, the Klamath County Public Health association announced today.

The Rev. Godfrey Matthews of the Community Congregational church is in charge of the booth sales. Booths will be open from 10 a. m. to 4 p. m. each day. On Wednesday the Catholic Daughters will handle sales and the United Council of Church Women will be in charge Thursday. Other organizations working in the booths will be announced later.

Booths will be set up in Penney's, Sears, Montgomery Ward, the United States National bank, the First National bank and the post office.

Robert Ross, association treasurer, urges all people contacted by mail to send contributions for the tuberculosis fund as soon as possible. The public health office announces that donations from the 16,000 persons to whom seals were mailed, are coming in well. Officials also invite the public to come to the health office in room 5 of the court house to receive pamphlets and other information on tuberculosis and the Christmas seal drive.

5 Lb. Embargo Lifted Here

Klamath folks breathed a sigh of relief early Monday with the lifting of the five-pound embargo on parcel post packages which came just at the peak of the Christmas mailing program.

Post office officials here today said that word was received on the "lift" early this morning and that the old regulations were back in force. At midnight last Thursday the embargo was put into effect, restricting all first and fourth class mail to five pounds.

The embargo placed on mailing of packages east of the Mississippi has been lifted, according to Railway Express company and today parcels for destinations beyond that point were being accepted as usual.

Transport Plane Crashes In Osaka

TOKYO, Dec. 10 (AP)—An army C-46 transport plane crashed two minutes after taking off from Itami airfield, Osaka, today and all aboard except one person were killed, fifth airforce headquarters said.

The number of passengers and crew members was not reported.

Headquarters said the cause of the crash was not known. An army board is investigating.

The plane, from the 317th troop carrier group, was en route from Tokyo to Fukuoka on Kyushu island.

FUNERALS

RICHARD CORNISH

Funeral services for the late Richard Cornish who passed away in this city on Saturday, December 7, 1946 following a brief illness will be held in Hibbing, Minn., with commitment services and interment following in family plot. The remains will be forwarded via Railway Express on Tuesday, December 10, 1946 at 9:50 p. m. Arrangements are under the direction of the Earl Whitlock Funeral Home of this city.

VINCENT JOHN BUCKLEY

Funeral services for the late Vincent John Buckley, who passed away in this city December 7, 1946, will be held in the Sacred Heart church, 8th at High, Thursday, December 12, 1946, where a Requiem Mass will be celebrated for the repose of his soul commencing at 9 a. m. with the Rev. T. P. Casey officiating. Concluding services and interment will follow in Mt. Calvary Memorial park. Friends are respectfully invited to attend the services. Ward's Klamath Funeral Home is in charge of arrangements.

Stock Market Still Strong

NEW YORK, Dec. 10 (AP)—Selective buying propped the stock market today although many leaders were unable to overcome profit cashing on Monday's sharp upswing.

Dealings, relatively fast in the forenoon when the general course was downward, slowed after midday as some initial declines of fractions to a point or so were converted into advances of as much. Mild irregularity prevailed near the close. Transfers for the full stretch ran to around 1,700,000 shares, or better than a million under the preceding session.

Forward leaners included Bethlehem, U. S. Rubber, Montgomery Ward, International Harvester, American Telephone, Electric Power & Light, American Can, Union Carbide, Allied Chemical, Standard Oil (N.J.), Chesapeake & Ohio and Santa Fe.

Among stumblers were Western Union "A", Douglas Aircraft, Baltimore & Ohio, Great Northern, American Smelting, Du Pont and J. C. Penny.

Bonds were a bit mixed with scattered railway loans improving.

Wheat Futures Drop Advance

CHICAGO, Dec. 10 (AP)—Corn was in demand during the greater part of the grain futures session today, with oats following its lead.

Wheat futures, however, ran into selling in the early part of the trading and although they rallied from the day's low they did not match the advance in feed grains.

The commodity credit corporation bought corn for export at most of the primary markets, and buying, said to be hedges against the sale of the cash grain, boosted all deliveries of corn.

At the close wheat was unchanged to 1 cent lower, January $2.09½. Corn was ⅛c lower to ⅛c higher, January $1.32⅛. Oats were ⅛c higher to ⅜c lower, December 81-81⅛c. Barley was unchanged to 1 cent higher, December $1.31. Lard was 63c to 73c lower, July $20.50.

In The Day's News

(Continued From Page One)

day can be of communist Russia. But she decided to get out of our way.

It worked out all right. Our system proved to be better for Texas and California than the Mexican system had been. It turned out that the young and then radical (as radicalism went at that time) American Republic and Czarist Russia were able to get along with each other in a friendly and reasonable manner.

• • •

WE can't wholly escape this thought: Maybe the Russian system will be better for the Balkan peoples than what they have had—as our system proved to be for Texas and California.

Anyway, we aren't likely to go to war over what is happening in Iran and Greece.

Battles Still Rage In China

PEIPING, Dec. 10 (AP)—Chinese communists battled to within 10 miles of Paoting, the Hopeh provincial capital, today as party leaders proclaimed they were taking the initiative in China's civil war.

Fighting raged in four provinces—Honan, Shansi, Shantung and Hopeh—and the communists made test thrusts in northern Manchuria, where government officials say the communists are prepared to throw 100,000 to 150,000 men into a new campaign.

At Nanking, authoritative sources said today Chiang Kai-shek has chosen two negotiators for a peace mission to Chinese communist headquarters at Yenan.

'Amber' Authoress Gets Divorce

LOS ANGELES, Dec. 10 (AP)—Robert John Herwig, marine corps veteran of the Pacific war, obtained a divorce Monday from Kathleen Winsor Herwig, who became Band Leader Artie Shaw's fifth wife in Juarez, Mex., last October. She obtained a Mexican divorce shortly before her marriage to Shaw.

Herwig, 31, testified Miss Winsor, 28-year-old author of "Forever Amber," best-selling novel currently being made into a movie, told him before he went overseas early in the war that she was in love with another man. During the war, he added, she wrote of going out with other men.

STRIKE-END CASUALTY

PEORIA, Ill., Dec. 10 (AP)—Because of the coal shortage, the Peoria board of education decided last Friday to close down all schools, starting this week.

With the end of the coal strike, schools were resumed. That led to another cancellation—of the Peoria teachers' party scheduled for last night. The teachers didn't want the party to interfere with work.
