## HIGH SCHOOL

### News Notes and Comment

By MARY O'BRIEN

School bells rang today and students returned to classes after a full two weeks' holiday. Over the holidays kids flocked to Crater lake to enjoy skiing and to the lakes and ponds around town to participate in ice skating. Parties were numerous during the holidays, partly because alumni were home from college. The Teen Canteen held its Christmas party on December 23, to which all parents were invited. On New Year's Eve the canteen also sponsored a watch party for all members.

On a barnstorming trip in the Willamette valley was our Pelican basketball team. Playing three games, the Pels stacked up one win each over Albany and Salem, but also took their first beating in the second Salem

game. The rest of the vacation, no games were scheduled. The conference games will begin on January 10.

Most school activities came to a standstill, but Pelicana was broadcasted twice, once on Christmas night and the other program being on New Year's night.

A complete list of the social committee has finally been given. The following listed students comprise this student body committee and are representatives chosen from each class: Betty Crawford, Bob McCabe, Nadine Yockey, Bill Mosby, Jim Owens, Jean Lucas, Norman Johnson and Sandra Moore.

In home rooms this morning, teachers read a special bulletin regarding finals to be given between January 20 and 23. Teachers are given only the next two weeks to complete a review of work taken up to the middle of the year. Every class teacher

is required to give a final no matter what subject is taught and no students are exempted from taking them. If students fail in one of the required courses their class schedules will not be changed. However, failures in other subjects mean that students will be transferred into other classes with Friday, January 24, having been reserved for these schedule changes. Students

passing will not report to classes on the above date.

Visiting—Curtis Schoenthaler, 722 Donald, is visiting with relatives and friends at Ellis, Kansas, for several weeks.

Why Thousands of Doctors Have Prescribed

**PERTUSSIN FOR BAD COUGHS**  
(CAUSED BY COLDS)

PERTUSSIN must be good when thousands of Doctors have prescribed it for so many years, necessary acts of care to relieve such coughing. It actually loosens phlegm and makes it easier to raise. Safe and effective for both old and young. Pleasant tasting, cool
