Bad Checks Passed Here

John Heiser and Clinton Grier, two convicts who escaped from Multnomah county's penal rock pile at Rocky Butte December 22 and have since been recaptured, passed a bad check at a Main street service station during their few days of freedom, according to Sheriff Lloyd L. Low.

He said the service station operator wrote down the license number of the car the men were driving when he cashed the check, and it was later learned that the car was stolen in Washington.

The sheriff is sending to Portland for samples of the men's handwriting to try to determine which of them wrote the bad check.

The men were apparently here in town the night of December 22 and part of the next day. They were arrested in Portland on December 27. Heiser and Grier had been held for robbery of the Walnut Park theatre, Union and Alberta streets in Portland.

Market Shows Recovery

NEW YORK, Jan. 8 (AP)—The stock market edged ahead in a slow recovery move today although a number of leaders failed to hold advances that ranged to two points at one time.

Mixed trends ruled early dealings. A mild pickup of activity accompanied a midday upturn in pivotal motors, steels and assorted favorites. Subsequent selloffs occurred here and there, but the pressure either way never became urgent. Narrow advances predominated near the close. Transfers appropriated 900,000 shares.

Woolworth common pushed up as much as 2 points on declaration of an extra dividend and an increased quarterly payment. Other advancers were Bethlehem, Youngstown Sheet, U. S. Steel, General Motors, U. S. Rubber, Goodyear, American Smelting, American Can, Great Northern preferred, Phelps Dodge and Allied Chemical.

Lower were Santa Fe, Chesapeake & Ohio, J. I. Case, Johns-Manville, International Nickel and Union Carbide.

Bonds were mixed.

Wheat Shows Slight Gain

CHICAGO, Jan. 8 (AP)—Corn advanced for gains extending to more than a cent today on trade reports exports of this grain may be increased in February. Oats and wheat followed the yellow cereal higher.

Aiding the corn upturn was an improved technical position created by yesterday's fairly sharp sell-off. Some short-covering was apparent on the advance, which was led by the near-by delivery.

Wheat sank below the previous close at one time but recovered late in the session. Mills bought wheat in anticipation of flour business with the production and marketing administration. The government agency is scheduled to open offers on flour sales today.

Wheat closed ⅝c lower to ⅛c higher, January $2.13⅛, corn was up ¾-1⅛c, January $1.31⅞-⅝, and oats ⅜-⅝c higher, March 75⅛-⅞c.
