'Y' Men's Club Name Officers

At the meeting last night, of the Y's Men's club, which is a service club of the YMCA, a dramatization was presented depicting the fun of camp life. This was followed by reports from various committees and election of officers for the new semester.

Those elected were Charles Johnson, president; Bruce Hulse, vice president, and Jack Stanley, secretary-treasurer.

Any young business man who has the welfare of the community at heart and who desires to affiliate with the Y's Men's club should contact either the YMCA office, phone 9279, or the above named officers for membership qualifications.

Feminine Frills Back With Bang

NEW YORK, Jan. 9 (AP)—Any girl who doesn't go in for strictly feminine allure as a major project of 1947 is missing the chance of a lifetime.

For New York designers have provided a set of spring fashions calculated to make a Cleopatro out of a Comp Fire Girl. Freed from wartime fabric restrictions, tired of the business-like silhouette of the last four years, the style dictators are shooting the works on feminine frills with a capital "F."

"Trouble Analyzer" Found For Planes

DETROIT, Jan. 9 (AP)—A new "engine trouble analyzer," capable of detecting and locating almost any form of defect in any aircraft engine while the plane is in flight was described to the air transport session of the Society of Automotive Engineers today.

Development of the instrument was reported in a paper by John Lindberg, of Pan-American Airways, Inc., New York, and Clifford Sackett, of Lindberg Instrument company, Piedmont, Calif. They declared that it enables the flight engineer to locate troubles in the ignition system, fuel injection system and hydraulic or electrical accessories.

It eliminates entirely, they asserted, the trial-and-error method of trouble-shooting by ground crews. The device weighs about 90 pounds and is said to be so accurate and revealing of engine conditions as to enable the flight engineer to locate even a fouled sparkplug.

Culbertson Blasts Bride's Bridge

BEVERLY HILLS, Calif., Jan. 9 (AP) — Ely Culbertson, 55, the bridge expert, intends to have no competition from his 21-year-old bride.

"My pretty wife is an atrocious bridge player," said Culbertson as they arrived here on their honeymoon. "In fact, she is a menace to the game."

"I'm afraid Ely doesn't approve of the type of bridge we played at school," echoed the former Dorothy Renata Baehne of New York, a 1946 Vassar graduate. "We'd keep a running game going. From time to time a player would leave to attend a class. Another girl would take her place. It was all very casual."

They were married Tuesday in Chandler, Ariz.

Grain Sales Up Sharply

CHICAGO, Jan. 9 (AP)—A strong tone developed in near-by deliveries of wheat and corn today, although contracts for delivery next spring lagged behind the market.

Government buying of flour and cash grain for export was the major factor in back of the advance. Cash and elevator interests bought corn futures and mills purchased wheat.

Buying of futures by commercial interests represented lifting of hedges against sales of the cash articles to the government. The government took 355,000 bushels of wheat and 405,000 bushels of corn at Chicago and Kansas City yesterday.

The production and marketing administration paid $3.90 a hundred pound sack for flour at gulf ports and $6.10 on the Atlantic seaboard. This was about 10 cents a sack above recent levels.

Best prices were reduced before the close. Wheat finished ¼c lower to 1¼c higher, January $2.14⅜, corn unchanged to ½c higher, January $1.32½-⅝, and oats ⅛c lower to ¼c higher, March 73¾-⅞c.

Stock Market Indifferent

NEW YORK, Jan. 9 (AP)—Selected stocks made a little headway in today's market although many leaders were indifferent and dealings among the slowest of the past six months.

Vigor faded from the list after a fairly active opening. Assorted steels, utilities and industrials did moderately well throughout but the majority failed to follow through. While gains running to a point or so dotted the sleepy ticker etape near the close, fractional declines were plentiful. Transfers of around 750,000 shares were one of the minimums for a full session since last August.
