

Truman Budget Tops GOP Limit By Eight Billion

THE BUDGET AT A GLANCE

By The Associated Press Year Ending June 30

	1947	1948
Income	\$ 40,230,000,000	\$ 37,730,000,000
Outgo	42,523,000,000	37,528,000,000
Surplus	2,293,000,000 (deficit)	202,000,000
Year-end debt	260,400,000,000	260,200,000,000
Defense Cost	15,150,000,000	11,587,000,000
Veterans' benefits	7,601,000,000	7,343,000,000

WASHINGTON, Jan. 10 (AP)—President Truman proposed today that the government spend \$37,528,000,000 during the fiscal year which begins next July 1.

His budget message to the republicans, thus, was more than \$8,000,000,000 over the limit some key GOP leaders have set for federal outlays in their determined drive to cut taxes while whittling away at the mammoth national debt.

Mr. Truman earmarked \$11,587,000,000—or nearly a third of the total for national defense—and again ignored republican demands that this item should be held to \$10,000,000,000 or less.

But the chief executive, calling his budget "realistic" and "tight," insisted that he had been "more hard-boiled" than I like to be in enforcing his own economy demands on federal agencies.

His recommended total of \$37,528,000,000 is \$4,995,000,000 under his revised estimate on what it is costing the government to operate this year and \$1,668,000,000 higher than the budget he submitted just a year ago.

Even so, the president said the treasury will close its books on June 30, 1948, with its first balanced budget in 18 years and with a \$202,000,000 surplus to boot—provided there are no tax cuts in the next 18 months. He placed estimated income for the coming year at \$37,730,000,000—a drop of \$2,500,000,000 from the current fiscal period.

Ambassador Faces Count Of Treason

WARSAW, Jan. 10 (AP)—The British ambassador to Poland was named today before a military tribunal as having received state and military secrets from the outlawed underground WIN organization, accused of attempting a coup d'etat against the Polish government.

The charge was disclosed nine days before the scheduled parliamentary elections. Both Britain and the United States have protested that arrangements for the elections did not insure free voting.

The British ambassador is Sir Victor Cavendish-Bentinck.

The key figure in a sensational high treason trial, Count Grocholski, told the military tribunal that he had delivered to the ambassador information obtained by the underground and through a former employee of the Polish foreign ministry who also is a co-defendant.

The indictment charged Grocholski and three others specifically and conspiracy to overthrow the government in supplying state secrets to a "foreign ambassador" in Warsaw.

One of the co-defendants, Waldimir Baczak, 24, formerly identified to the Polish foreign ministry, identified in his testimony the "English ambassador."

Shuter Arraigned For Destruction

Richard Carl Shuter of Moeh, indicted by the grand jury for malicious injury to personal property, was arraigned in circuit court this morning and took one week to contemplate a plea.

Shuter is alleged to have fired several shots from a pistol into a truck belonging to Fred Vandenberg at Crescent July 24. Circuit Judge David R. Vandenberg set a January 17 as time for entry of a plea. Shuter is represented by A. C. Yaden and is free on \$1500 bond posted by Paul Quinlan and J. E. Flaugh.

Siskiyou County Supervisors Named

YREKA, Jan. 10 — W. T. Davidson, Fort Jones rancher and for years a member of the Siskiyou county board of supervisors, was re-elected chairman of the board at a meeting held here this week.

Other members of the board are Gordon Jacobs, Hornbrook; T. R. Douglas, Mt. Shasta; Fred C. Burton, Yreka, and Fred M. Wolford, Etna.

VITAL STATISTICS

DANIEL—Born at Klamath Valley hospital, Klamath Falls, Ore., January 8, 1947, to Mr. and Mrs. John Cecil Daniels, Stewart addition, a boy, weight 8 pounds 10 ounces.

BYRDEN—Born at Klamath Valley hospital, Klamath Falls, Ore., January 8, 1947, to Mr. and Mrs. Samuel Byrden, Mt. Hebron, Calif., a girl, weight 8 pounds 2 ounces.

GILL—Born at Klamath Valley hospital, Klamath Falls, Ore., January 8, 1947, to Mr. and Mrs. George T. Herdman, Route 3, Box 407, city, a boy, weight 8 pounds 8 ounces.

HELMANT—Born at Klamath Valley hospital, Klamath Falls, Ore., January 8, 1947, to Mr. and Mrs. George T. Herdman, Route 3, Box 407, city, a boy, weight 8 pounds 8 ounces.

LEGAL NOTICE

EXECUTOR'S NOTICE OF FILING OF FINAL ACCOUNT IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR KLAMATH COUNTY.

IN THE MATTER OF THE ESTATE OF GEORGE E. GRIDER, DECEASED. Notice is hereby given that I have filed my Final Account and report as executor of the estate of George E. Grider, deceased, and the above entitled court has fixed a clock on Monday, January 12th, 1947, as the time and the Circuit Court Room in the Klamath County Court House, Klamath Falls, Oregon, as the place, when and where any person may present any objection or exception to anything done by me in the above entitled court will finally pass upon and settle said account.

LILLIAN D'ARACIA, Executor of the Estate of George E. Grider, Deceased.

D. 13-20-27; J. 3-10—No. 559.

Suburban Fire Meet Planned

A meeting of the executive board of the suburban rural fire district was called for 8 p. m. Tuesday, January 14 at the Shaata Vrejo school. All persons in the proposed district are urged to attend.

It is expected that a state fire marshal will be here from Salem to talk to the group. The report from the Klamath county assessor's office on the assessed valuation of property in the district will be heard. A special election will be called in the spring for approving the issuance of a general obligation bond to finance the purchase and maintenance of fire fighting equipment for the district. The board of directors went to Merrill and looked over the new equipment there recently.

Annual Employees' Meeting

Pictured are employees of the Dick B. Miller company at their annual meeting, in the Pelican party room last week. The meeting marked the tenth anniversary of Dick Miller's entrance of the automotive business here, and the announcement of a profit-sharing plan for service employees at both the Olds and Cadillac and International truck divisions. Miller is shown at the head of the table.

Profit Sharing Plan Outlined

An employee profit-sharing plan was put into effect January 1 at the Dick B. Miller company, marking the tenth anniversary of Dick Miller's automotive operation in Klamath Falls.

The plan, which Miller announced at the annual employee banquet last week, will give service employees 50 per cent of any profit on service work above operating overhead and 75 per cent of any service profit above a quota based on the previous year's operation.

Each service employee will receive a monthly statement of operation, and profits will be divided every three months. The equally share will be divided equally among the group. The plan is effective at both the Olds and Cadillac division and at the International Truck division. The two plants have a personnel of 42 employees.

"The people who do the work are as important as management," Miller said. "Each is equally dependent on the other. All those who help create profit are entitled to a share in it, and should have this incentive to do their best work."

One fine in yarn mill would be so fine that it would take 4,464,528 yards to make one pound.

The field of electronics is widening. Expand with it in the U. S. navy.

Contributions Pour In For McComb Memorial Shelf

Contributions for the McComb Memorial book shelf are coming in from all over the county and have reached \$300, a statement from the Klamath County library today shows.

The suggestion for a memorial for the late Miss Mary McComb, county librarian, was made by Mrs. Victor O'Neill and Mrs. Andrew Collier, representing a group of Klamath Falls citizens. The idea submitted was to have a shelf of books, especially selected by a committee for this purpose, and identified by a memorial plaque.

Anyone who wished, was offered the privilege of contributing toward a fund to purchase the books.

The large response to the suggestion indicates the wide esteem held for Miss McComb. Contributions for the memorial have come from California, Arizona and Colorado, Klamath county and other Oregon points.

The committee to select the books is composed of Fred E. Fleet, Enola Hawkins, Mrs. O'Neill and Mrs. Collier. At least a portion of the fund will be devoted to books for children, it has been decided, honoring the work of Miss McComb in the story-telling field.

Alice M. Waldron, assistant county librarian since 1944, has assumed the duties of librarian until a regular librarian has been appointed. Miss Waldron has declined the position on a permanent basis, feeling that her health would not permit her taking on the extra work involved.

Applications for the position will be recommended to the county library board which includes Fred Fleet and Lloyd Porter of Klamath Falls, Andrew Street, school principal at Malin, and Mrs. William D. Campbell, Langell valley.

Mrs. William Chilcote, graduate of the University of Washington library school, is assisting at the county library temporarily and has taken over the duties of assistant librarian, doing all the cataloging of books.

Mrs. Gladys Cox, a permanent employee, takes care of the borrowing from the state library and the mending and care of books. Mrs. Frank Steeler has charge of the bookmobile, Alice Stocker, KUHS librarian, who came here from Illinois last October, is helping out and two part-time workers, Mrs. Bert Thomas and Mrs. Claude Ferguson, are assisting with the care of the books.

The staff is trying to carry on with the regular work, getting books out to the county schools and branch libraries. The third trip this year from the book exchange made with the bookmobile will be made today to Altamont.

Reckless Driving Brings \$25 Fine

Clifford Glenn Alattott, 21, 715 Washington, pleaded guilty to reckless driving in justice court today and was fined \$25. He was the driver of a truck which struck a car owned by William Withrow, 203 Victory drive, Wednesday night.

EMPTY POCKETS

CHICAGO, Jan. 10 (AP)—A bandit pressed a large pistol against William Solan, an automobile salesman, and started searching his pockets.

He poked around 13 pockets in Solan's clothing—and didn't find any money.

"If he had gone to the last pocket—my watch pocket—he would have found where I kept my money," Solan told police in reporting the holdup. "I had 10 pennies and a dime, to be exact."

Flashes Of Life

CANARY CONCERT
SALT LAKE CITY, Jan. 10 (AP)—There was a reason if guests at the Newhouse hotel thought they heard birds today.

Row upon row of caged canaries warbled competitively in the annual show of the Salt Lake Canary club at the hotel.

The show is being held in the seagull room.

SALARY WAIVER

MARION, Ill., Jan. 10 (AP)—Mayor Harry L. Crisp at his own request had his salary cut from \$1200 a year to \$1 — to insure pay raises for Marion city employees.

Crisp's proposal to become a \$1-a-year mayor and to eliminate his \$50 monthly salary as liquor control commissioner was approved by the city council. Then a measure providing passage of a measure providing for \$10 monthly wage increase for each city employe.

The mayor's term expires in four months.

LITTLE OLD LADY

CHICAGO, Jan. 10 (AP)—Mrs. Mary Porch, owner of a small South Side restaurant, called Englewood police last night and reported that a customer had attempted to steal a charity fund box.

After paying for a cup of coffee, Mrs. Porch told police the man grabbed the box which contained contributions from patrons.

"You can't do that," Mrs. Porch said she told the thief and she grabbed his arm and took the box away from him.

As he fled, Mrs. Porch, who is 72 years old and 5 feet 1 inch tall, went to the kitchen to report the incident to her son, Louis, 54.

PLUMBING STALLED

PONTIAC, Ill., Jan. 10 (AP)—Pontiac plumbers are so busy plumbing these days that none of them wants to work for the city of Pontiac.

But unless one of them plumbs the other plumbers' plumbing, they are all going to run plumb out of work.

The city code says no new plumbing work may start without an inspection permit from the city plumbing inspector, a job none of the Pontiac plumbers seems to want.

After L. M. Shugart quit the job the city council appointed Fred Harris but he wouldn't accept. The council now says it can't find any plumber who will.

IT'S ALIVE!

CHICAGO, Jan. 10 (AP)—Police Sgt. Frank Sheehan dispatched two officers to a North State street address, declaring he had a "telephone complaint that a 'thunder' snowman blocking a sewer or something."

The officers found the sewer all right—the Sewer Cocktail lounge. They found the snowman, too—propped in the doorway. When they tried to move the snowman it shook itself.

"Just fell asleep here where it was warm," said the erstwhile snowman.

The seal-lily is an animal and not a plant, it is grown at the bottom of the sea and is attached to it by a long, jointed stem.

Jet Planes Still Dubious

PORTLAND, Jan. 10 (AP)—The B-29 bomber and the P-51 and P-47 fighters still are the United States' first-line planes—not jet or rocket ships.

The new planes are still in the experimental stage, Lt. Gen. Nathan F. Twining, chief of the army air forces air materiel command, said here yesterday.

"Actually we have no super-sonic airplanes today. The XS-1 has not yet exceeded the speed of sound. It is capable of doing so, but it is not a fighting plane. It is just a laboratory tool designed specifically to find out what it takes to pierce the barrier of compressibility which has heretofore smashed every plane attempting to exceed the speed of sound. The job of compiling the data collected by the XS-1 and designing a useful combat plane is still a long one," he said.

Twining, here to visit his brothers, concluded, "We still have the world's best airplanes, but what we have five years from now depends directly upon a continuous program of research and development."

Snell's Zoning Board Ready To Submit Bill

By RALPH WATSON

through planning, zoning, subdivision and building control.

CONTROLS DEVELOPMENTS
The commission shall set the rules for the character of new developments, and all agencies dealing with development of public works, buildings, utilities, thoroughfares and recreational facilities in file their plans and get approval of the commission. The commission is to set up a "development plan" to which all land use, construction and development must conform. The powers and authority of the highway commission shall be exercised by the commission.

Any proposal for improvement of a "substantial variation" from the "development plan" shall be disapproved by the commission, which may modify its pattern by a two-thirds vote.

REGULATES SUBDIVISION
The governing body of the county can regulate subdivision of lands in the county and no property can be transferred until approved by the commission. If a proposed subdivision project is not approved within 30 days, a majority of the votes in the district can defeat the proposal. Permits must be had before construction, alteration or enlargement of any building or structure. The transfer of land by reference to a record, or its subdivision by means and bounds is illegal unless approved by the commission. Incorporated communities may designate their zoning planning commission as the agency for planning and zoning within the incorporated boundaries.

The county "governing commission" from the "development plan" shall be disapproved by the commission, which may modify its pattern by a two-thirds vote.

BROAD IN SCOPE
The bill, not yet in its final polished form, is broad in scope and covers many areas. It provides for the "planning, zoning and regulation of the subdivision of lands in the unincorporated territory of counties and for the creation, organization, powers and procedures of county planning commissions, and authorizing such commissions to act also as boards of incorporated communities, and specifying the adoption of building codes and building permits and authorizing penalties thereunder."

Permits must be had before construction, alteration or enlargement of any building or structure. The transfer of land by reference to a record, or its subdivision by means and bounds is illegal unless approved by the commission. Incorporated communities may designate their zoning planning commission as the agency for planning and zoning within the incorporated boundaries.

As a public service I repeat in this advertisement. Please read it carefully. For it tells exactly what I have been trying to express for a long time. E. L. DICKSON, Albany, Oregon
