### Standard Truck Measure Gets Approval Of Many

LAKEVIEW, Jan. 14—Hopes for successful passage of the standard truck measure have been raised by a group of favorable replies to letters issued last week to all members of the legislature by the Lake County chamber of commerce.

The chamber letter points out the importance of truck transportation to Lake and surrounding counties, and urged support of the bill which will be introduced to put Oregon on the same footing with the ten other western states on truck legislation.

Legislation for standard truck laws has the backing of the Oregon Association of County Courts, Oregon State Grange, Oregon Farm Bureau, and virtually all livestock and agricultural organizations in the state.

Replies have been received by the Lake county chamber from Senators Howard C. Belton of Canby, president of the senate during the last session, Merle Chessman of Astoria, W. W. Baldersee of Grants Pass,

Orval N. Thompson of Albany, Lew Wallace of Portland, and C. H. Zurcher of Enterprise, and Representatives Ralph T. Moore of Bandon, E. Riddell Lage of Hood River, J. S. Greenwood of Wemme, and Robert E. Duniway of Portland.

Most of the above senators and representatives replied favorably to the letters, and even those formerly opposed to the bill indicated that relief from transportation problems in this section of Oregon is justified.

A number of the legislators indicated that they would follow the leadership of Rep. Burt K. Snyder of Lakeview, who has pledged his efforts to secure the legislation needed.

### Meteor Flashes Over Portland

PORTLAND, Jan. 14 (AP)—A bright flash in the sky about midnight Saturday, followed immediately by a rumbling noise, gave rise today to speculation that a meteor might have passed overhead.

A number of Portlanders reported seeing the flash of light. They reported the rumble came at once—not after the short interval of a second.

J. Hugh Pruitt, University of Oregon astronomer, said the meteor which passed over Portland in 1939 made a sound similar to that reported here Saturday.
