

# Vows Exchanged On Sunday Afternoon

Before an altar banked with fan-shaped arrangements of ferns, pink and white gladioli and tall white tapers, Anne Jean Drew, daughter of Mr. and Mrs. J. N. Drew of Dairy, exchanged vows with Jesse Angel Jr., son of Mr. and Mrs. J. A. Angel of Klamath Falls. The double ring ceremony was read at the first Presbyterian church on Sunday afternoon, January 12, by the Rev. David Barnett Jr.

Traditional wedding music was played by Don Hunsaker, who accompanied a violin solo, as guests assembled. Dale Hunsaker sang, "I Walk Beside You," "O Promise Me" and "The Perfect Prayer."

The bride, given in marriage by her father, wore a gown of sheer embroidered organdie and net over satin. Her court train was of net with a border of wide lace. An arrangement of white carnation petals held her fingertip illusion net veil in place. Miss Drew carried an arm bouquet of red roses centered with a single white orchid. Her only jewelry was a strand of pearls, gift of the bridegroom.

Mrs. Franklin Michelson was matron of honor. Her gown was of pink net, and she wore a headdress of blue net and pink carnations. Her bouquet matched the flowers in her hair. Mrs. William Drew, sister-in-law of the bride, was the other attendant. She was attired in blue net, with pink net and carnations in her hair. She carried a nosegay of pink and white carnations.

Janell Angel and Margaret Kaptz, who lighted the tapers before the ceremony, wore floor-length frocks. Mrs. Drew, mother of the bride, was in an afternoon dress of dark blue with a dark blue hat. Her corsage was of red roses. Mrs. Angel, mother of the groom, wore a gown of black. Her corsage was also of red roses.

Best man was Albert Angel, and Franklin Michelson and William Drew were ushers. About 100 guests attended the ceremony and the reception which followed in the church parlors. Assisting at the reception were Mrs. C. A. Thomas, Mrs. Frank Bell and Mrs. Ray Hunsaker. For going away, Mrs. Angel chose a suit of cherry wool with black hat and accessories. The white orchid from her bouquet was pinned at the shoulder. Following a two-week

trip in California, they will return to make their home here.

Among the out-of-town guests were Mr. and Mrs. Floyd Hunsaker of Salem, Don Hunsaker and Loren Hughes of Salem and Dale Hunsaker of Portland.

## Shower

Mrs. Howard Manning, the former Mary Ellen Hays, was entertained with a bridal shower on Wednesday, January 15. Hostesses were Mrs. William Cunningham, Mrs. I. E. Campbell, Mrs. Farrell Hilyard and Mrs. Garrett Hilyard.

The answer to all your laundry problems . . .  
WASH, DRY and MANGLE your clothes the way you like them.

C and H Sugar, the largest refiner on the Pacific Coast, feels it a duty to give this warning to all users of sugar:

How much will  
**SUGAR** cost you after  
"control" ends?

Act Now to Keep Sugar Prices from Going Sky High

Unless Congress acts soon . . . sugar rationing stops on March 31 and price control on June 30. Then sugar history will almost certainly repeat itself . . . sugar prices will soar as they did when sugar controls were suddenly lifted at the end of the first World War. Then, within six months, sugar prices at the refinery tripled and the housewife was forced to pay as much as 40 cents a pound for sugar—and many parts of the country were without sugar at any price! Later, when prices fell drastically, thousands of dealers and manufacturers who had bought at the high prices took huge losses—many, indeed, being forced into bankruptcy. The supply situation will be even more serious in 1947 than after the first World War.

HERE IS WHAT IS NEEDED NOW TO PREVENT THIS: The U. S. Department of Agriculture, working with the sugar industry, has started a program for gradual decontrol of sugar, which will insure everybody reasonable prices and a fair share of the available

supply. This program should be continued!

ALL THAT CONGRESS NEED DO is pass necessary legislation extending sugar control for one year—when sugar should again be in sufficient supply. Then C and H, like everybody else in the industry, will be glad to see the end of sugar controls. But in the meantime, even though C and H might make large short term profits in an uncontrolled sugar market, soaring prices and sugar scarcity will bring public hardship, so we believe controls should be maintained in the general interest.

YOU, MRS. HOUSEWIFE, don't want to have to go from store to store in search for sugar—and then when you can find a pound pay five times what it costs you today.

YOU, MR. MANUFACTURER, don't want to have to outbid competitors, thus forcing sugar prices up and up—and then be caught with large stocks or commitments at high prices when sugar becomes plentiful again and prices fall.

So write your Congressman and Senators today and urge them to act now in your interest by extending sugar controls until the end of 1947.
