Stock Market Prices Stiffen

NEW YORK, Jan. 27 (AP) — Prices generally stiffened in the final half hour of today's stock market after sluggish irregularity during the greater part of the session.

The ticker tape was idle at intervals following a quiet opening. Toward the last, however, motors revived and early recessions were trimmed or converted into gains in the majority of cases. A few "blue chips" added several points on meager sales. While scattered declines remained at the close, advances of fractions to 3 points predominated. Activity quickened on the late recovery and transfers ran to around 900,000 shares.

A wide mover was Eastman Kodak, up 6 points. On the rising side were General Motors, Chrysler, Studebaker, U. S. Steel, Bethlehem, Youngstown Sheet, U. S. Rubber, Montgomery Ward, American Telephone, Electric Power & Light, American Smelting, General Electric, Dow Chemical, Du Pont, Union Carbide, Allied Chemical, Johns-Manville, U. S. Gypsum, Texas Co., Santa Fe and Southern Railway.

A smattering of railway bonds did better. Cotton, toward the finish, was up 75 cents a bale to down 60 cents. At Chicago wheat ended off ⅛ to up ⅛ of a cent a bushel, corn unchanged to up ⅛ and oats off ¼ to ahead ⅛.

Grain Market Stays Level

CHICAGO, Jan. 27 (AP-USDA)—Early losses extending to around a cent in grains were reduced or cancelled toward the close on the board of trade today.

Selling during the forepart of the day ran into resting demand after midsession. Scattered short-covering helped the rally. Some buying in corn was seen as removal of hedges against sales of cash grain to the Commodity Credit corporation.

In the spot market, both corn and oats were down ½ to 1 cent. Purchases of corn on a to-arrive basis were small.

Wheat closed ⅛ lower to ½ higher, March $2.08⅛, corn was unchanged to ⅝ higher, March $1.29½-⅝, and oats ¼ lower to ⅜ higher, March 74½-⅝.

Some selling entered corn on a ruling by the local Commodity Credit corporation office that maximum moisture content on grain bought for export now is 14½ per cent rather than 15½ per cent previously allowed.
