

Share In Drafting German Treaty Asked By Italians

LONDON, Jan. 30 (AP)—Italy asked today for a share in the writing of the German peace treaty.

The Italian nation, which sided first with Germany and then the allies in six years of war, said the request was morally justified by "contributions to the victory of the United Nations."

Ambassador Nicolo Carandini, Italian representative in London, entered the plea in a note to the Big Four deputy foreign ministers, who are deliberating here on German treaty problems.

American sources said the note was likely to receive favor-

able consideration by the U. S. delegation. The attitude of Britain, France and the Soviet Union was not immediately determined, but some western officials suggested that Russia, firm with Italy during the Paris peace conference, was not likely to approve without a fight.

Carandini's note said the request was justified by the fact that Italy had been in a state of war with Germany since October 13, 1943 by "sacrifices borne by the Italian people" during the war and by their contributions to the allied cause.

It observed that the preamble of Italy's own peace treaty recognized her war contributions and her status as a co-belligerent.

As further justification, the memorandum cited the importance of the treaty in the rehabilitation of Europe, a problem in which, it said, Italy was vitally interested because of her geographical and political position.

Carandini said Italy would make known her views on the treaty in due course.

Flight Pay Probe Slated

WASHINGTON, Jan. 30 (AP)—The house appropriations committee, looking for ways to save army funds, called today for a look at the number of officers who receive flight pay.

Rep. Engel (R-Mich.), chairman of the sub-committee handling army appropriations, told reporters he has requested the war department to furnish details on the actual status of all "flying officers" above the rank of major.

Many officers receiving the 50 per cent extra pay "are not entitled to it," Engel said.

He estimated that 70 per cent of air corps officers now receive the flight bonus.

"I'm not opposed to paying flying time to those who are entitled to it," he said, "but I don't see any reason for giving it to men not on actual flying status and who will never be back on that status."

Beauty Shop Bill To Be Introduced

SALEM, Jan. 30 (AP)—A bill to outlaw advertising of prices of professional services by beauty schools or beauty shops was introduced today by Reps. J. F. Dammasch, Portland; J. S. Greenwood, Wemme; Rose M. Poole, Klamath Falls; Anna M. Ellis, Garibaldi, and Sen. Lee Patterson, Portland.

Such advertising would be grounds for revocation or suspension of licenses by the state board of cosmetic therapy.

Celilo Indians To Head For Capital

PORTLAND, Ore., Jan. 30 (AP)—John Whiz, Celilo Indian, in a letter received here today, said he and two other Indians planned to go to Washington to seek pro-

tection of fishing rights and improvements at the village.

Whiz, wintering at Toppenish, Wash., said a water system was sought. He added that assurance from federal officials that fishing rights at the falls would not be abridged.

Last fall the states of Oregon and Washington directed that commercial fishing at the falls be suspended during specified seasons.

Klamath County Gets \$119,672

Klamath county received \$119,672 as its share of highway receipts for 1946. It was announced by Secretary of State Robert S. Farrell.

The money was derived from gasoline taxes, motor vehicle license fees, motor carrier fees and taxes, and fines for viola-

tions of motor vehicle laws. The law gives each county 15.7 per cent of the amount raised by the county.

Farrell said that the total of \$22,334,410 in the state highway fund for last year is the largest on record, and 35 per cent greater than in 1945.
