

Major Jobs Start Work After Strike

Construction on three major building jobs in Klamath county was resumed today following the announcement at noon Thursday that the wage dispute between ABC and E and the carpenters local, No. 190, had ended following a four weeks' strike.

With the end of the almost four weeks' long carpenter's strike, construction will continue on three jobs which were interrupted in operation, and one project which had not yet started, according to ABC and E, Association of Building Contractors and Employers.

Start on the new addition to the telephone building at 7th and Pine was delayed for at least one month by the walkout. Construction was due to start January 1 on the \$150,000 job by Leo N. Huls.

Work on the Bonanza school house was interrupted when approximately 75 per cent completed, according to Lekberg and Duncan, contractors. The elementary wing of the school and a gym are being built there at a cost of \$125,000.

The new Coca-Cola plant in Klamath Falls was halted just as finishing touches were being put on. The plant is a Lekberg and Duncan job which they say is practically completed.

Hospital Plan Survey Topic

TULELAKE, Jan. 31—A survey will be taken in the near future by mail on opinions of the public in regard to establishment of a hospital in this area by the chamber of commerce. Plans for the poll were discussed Wednesday night at a dinner meeting in the Sportsman's hotel.

Petitions favoring a district which would embrace all of Modoc county, the Tulelake community in Siskiyou and part of the northern section of Lassen are being circulated. Acceptance of this plan would put the hospital in Alturas.

The alternate plan is for a hospital here following organization of a local district embracing this part of Siskiyou county and part of Modoc.

Sixty members and guests were present for the dinner. President Don Potter presided.

Sustained Yield Tracts Planned

PORTLAND, Jan. 31 (AP)—The Oregon and California land administration is negotiating with several private lumber operators in southern Oregon to establish cooperative sustained yield tracts in the Siuslaw Mast unit.

Chief Forester W. H. Horning reported the Siuslaw area is one of 12 units to be established in western Oregon. He did not name the operators but said hearings prior to forming the other 11 units would be held at Roseburg and Salem.

Perry Faces Four Charges In Siskiyou

(Continued From Page One)
feet may have been frozen, and she has cuts on her hands received when Perry threatened her with the knife.

Planned Act
The man said in his statement that he had planned the act against "some girl." He picked the girl at random at the high school and lured her into his car on a pretext that he wanted her to talk to his wife concerning a daughter. Perry has no daughter.

Perry, arrested Wednesday night after he hitchhiked back from Dorris, was booked at the county jail for contributing to the delinquency of a minor. Yesterday afternoon he was brought into Sheriff Lloyd Low's office to make his statement, and while the statement was being typed by Court Reporter Al Brandt, the California authorities arrived.

Sheriff Ben Richardson, Burton, and Court Reporter Ralph McMurry arrived to take custody of Perry. Chief of Police Cy Mather of Dorris signed the four complaints against him.

Perry is from Everett, Wash., and has been in Klamath Falls seven months. Local and California authorities are checking in an effort to determine if he might be connected with other crimes of a similar nature.

Falls Bring Injuries To 2

Mrs. Bernice Matteson, 633 Grant, is a patient at Klamath Valley hospital suffering from a fractured left ankle received in a fall late Wednesday afternoon on N. 7th. Mrs. Matteson slipped on a snow-covered board. She was moved by ambulance to the hospital.

A fall at her home in Bonanza early on Thursday sent Mrs. Daisy Hickman, 68, operator of the Hickman hotel at Bonanza, to Hillside hospital with a broken leg. She was admitted at 12:30 p. m. by ambulance.

Merrill Man Suffers Wound
Gerald Hunting, 58-year-old Merrill potato sorter, was treated at Hillside hospital early this afternoon for hatchet wounds in the head which Chief of Police Ed Davis said were evidently inflicted by the man's wife.

He was called to their home about noon and found Hunting suffering from a deep gash between the eyes and one in the back of the head. Hunting told the officer his wife struck him as he lay on a cot in the back room, Chief Davis said. Mrs. Hunting has not been well for some time.

War Profits Held Modest

WASHINGTON, Jan. 31 (AP)—Republican members of the senate's war investigating committee were told today that overall profits of war contractors averaged "substantially below 10 per cent."

Brig. Gen. Maurice Hirsch, who supervised the renegotiation of billions of dollars' worth of these contracts, offered this guess at a one-hour session of the committee.

Chairman Brewster (R-Mc.) called the hearing a "rump session" after explaining that the four new democratic members have not been appointed and that General Hirsch is ending his government service today.
