More About Klamath Travelers

from Phoenix, Arizona. They expect to leave there Monday and will get home around St. Valentine's Day. Mr. and Mrs. Beane have enjoyed various side trips while south including a jaunt to Carlsbad Caverns in New Mexico. In the meantime, their daughter and son-in-law, the Clayton Adams, have been at the Beane home on Pacific Terrace. Clayton is expected to fly in this week-end after a quick trip to Oklahoma City where he bought himself a new Stearman. He was forced down by a super dust storm at Shamrock, Tex., which we can't find on the map—but was on his way again Thursday and stayed over in New Mexico.

Helen and Bob Ellingson are having a wonderful time in southern California, Arizona and New Mexico and are gone for an indefinite time. The R. P. Ellingsons Sr. arrived home Friday morning by train from eastern Oregon and Portland and Mrs. Ellingson is leaving Tuesday night for Berkeley, Calif., to be with daughter Dorothea who is winding up her four years' study at the University of California. This is spring vacation at school and Dode is staying south. Mr. Ellingson plans to join his wife and daughter next week and they will continue south to meet Helen and Bob.

And somebody else that's gone away for a while—Mr. and Mrs. H. J. Savidge of Lakeshore drive who left Friday morning for Grand Rapids, Mich. They are combining business and pleasure and Mr. Savidge plans to continue to New York for a brief time while Mrs. Savidge visits relatives in Grand Rapids.

And as for travelers—there is Edna Killmeyer of The Herald and News staff, who has abandoned her post as society editor for the entire month and with husband Hugh is greeting her in-laws in Pittsburgh, Pa., for the first time. (P.S.—if you know anything for goodness sakes give us a tip!)

Mrs. Kent reported on the year's programs introducing Mrs. Hugman, chairman for the day, who presented an interesting report on "Stewardship and Children of the World." Mrs. Phillips reported that the Red Cross had received its quota and is anxious to have cutters and sewers respond. As only two can work in the room at one time, there were several volunteers. A Primer

on Permanents lists some advice that's worth heeding . . . especially now that the time for new ones is in the offing, according to Fern Short at the STUDIO OF BEAUTY.

First, a permanent is most successful on healthy hair . . . so if yours isn't in the best of condition, be sure to have re-conditioning treatments several weeks in advance. Special treatments are particularly necessary on bleached, dyed or color-rinsed hair.

Second, decide on type of permanent that will give satisfactory results. If partial to a long bob . . . you'll get best response from a machine or machineless. Cold waves are especially good in short, thin locks.

Third, ask the operator to bring out the best contours of the head by shaping and trust her skilled judgment if she advises a style or wave that may be more flattering.

Fourth, make appointments well in advance . . . and allow plenty of time for the permanent so the operator won't have to feel rushed. If a cancellation is necessary . . . please call in a day before!

On the staff of STUDIO OF BEAUTY . . . on the mezzanine of Whytal's . . . phone 7151 . . . are Beryl, Olive, Steve and Fern.

Syrup . . . Honey
