One is a 2000-acre tract of virgin sugar pine on Abbott creek in the Rogue river national forest of southern Oregon.

They increased to 14 the number of natural areas set aside in the region.

AFL Executive Council Opposed To Conscription; Lewis Talks Union Future

By HAROLD W. WARD
MIAMI, Fla., Feb. 5 (AP)—The AFL executive council went on record today as being "unalterably opposed" to military conscription of any kind.
The 15 leaders of the AFL decided unanimously to work against any congressional proposals requiring youths to undergo a period of military training. That would be the first step toward regimentation, the council members said.

The conscription issue came before the council in its survey of what it considers anti-labor bills in congress. Already it has attacked the measure of Senator Ball (R-Minn.) to outlaw the closed shop and other union security provisions of labor contracts, and the Ball-Taft-Smith omnibus bill restricting many labor activities.
George Meany, AFL secretary-treasurer, reported the federation, founded in 1881, now has 7,505,446 members—a record. The rival CIO claims more than 5,000,000 adherents.

President William Green will testify February 18 on legislation pending in the senate labor committee. John L. Lewis, head of the United Mine Workers, and David Dubinsky, president of the International Ladies Garment Workers union, will appear later in the month.

Lewis in an off-the-record news conference yesterday talked for more than an hour about the future of the trade union movement—and also the world—if certain anti-labor bills get enacted by the 80th congress. In a way, it was a preview of Lewis testimony before the senate committee, scheduled for February 26. For that reason he asked reporters not to quote him. In a talkative and genial mood, Lewis let his shaggy hair down to newsmen as he rarely does.

It was the city's fifth taxicab holdup in 48 hours.
