

# Newsman Ask Marshall To Intercede With Russia In Gaining OK For Meet

WASHINGTON, Feb. 12 (AP)—A committee of Washington correspondents asked Secretary of State Marshall last night to intercede with Russia for admission of 52 U. S. newspaper, magazine and radio representatives to the March 10 Big Four meeting in Moscow.

The Soviet Union, citing a housing shortage, has insisted that only 20 will be granted passport visas to cover the foreign ministers conference on treaties with Germany and Austria.

Terminating this number "shockingly inadequate," the committee submitted a proposed priority list of 52 culled from 73 original applicants. The protesting group represents four organizations of correspondents and includes Michael J. McDermott, state department press officer. Last on the list in order of preference was the Medford (Ore.) Mail Tribune.

Herbert Bayard Swope, chairman of the board of the Overseas News agency, declared last night the foreign ministers' meeting should be held somewhere else if the Russians persist in their limitation.

"If the penalty for our acceptance of the Soviet government's invitation is the rigid restriction of the number of press and radio men permitted to enter Moscow to report the historic conference to the American people, we ought to decline the invitation," Swope said in a statement issued at New York.

## CAB To Hear Air Line Applications

PORTLAND, Feb. 12 (AP)—Civil aeronautics board hearings on petitions of six airlines to start regular Pacific northwest-Hawaii schedules will begin here April 21.

Officials of several interested lines said CAB Examiner Warren Baker had asked for reservations to be made for a month for himself and four staff aids.

Applicants are the Matson Navigation company, Northwest Airlines, Pan-American Airways system, Transocean Air Lines, Pacific Overseas Airlines and the

## University Store House Burns Out

EUGENE, Feb. 12 (AP)—School officials today estimated \$125,000 damage to a University of Oregon warehouse demolished by fire fed by exploding oil and fuel tanks on the campus last night.

Officials said students helped save a heavy truck and other movable equipment from the burning structure before flames reached the fuel tanks.

Origin of the fire was not immediately determined.

United Airlines, a chamber of commerce source reported.

## Cordon Supports Ship Extension

SALEM, Feb. 12 (AP)—Sen. Guy Cordon telegraphed Governor Earl Snell today that he would support the move to extend from March 1 to July 1 the United States maritime commission's coastwise operations.

The move would delay the date on which private operators are scheduled to take over the routes, and thus give them a chance to ask for increased shipping rates.

Senator Cordon said there will

be a hearing on the proposal tomorrow.
